

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Resolved, That the Committee on Indian Affairs is hereby authorized to have prepared for the use of the Senate a compilation of all treaties, laws, and Executive orders now in force relating to Indian affairs.

Passed the Senate May 20, 1902. (Congressional Record, Fifty-seventh Congress, first session, p. 5665.)

P R E F A C E.

An accurate compilation of the treaties, laws, Executive orders, and other matters relating to Indian affairs, from the organization of the Government to the present time, has been urgently needed for many years, and its desirability has been repeatedly emphasized by the Commissioner of Indian Affairs in his annual reports to Congress. The present work was undertaken by the Senate Committee on Indian Affairs in pursuance of the recommendation of the Commissioner and to meet the pressing need which the committee found for a correct compilation, convenient in form and properly indexed, so that any law, treaty, or order could readily be found. Much difficulty and vexatious delay have heretofore preceded the finding of the text of Indian treaties, orders, laws, and subsequent amendments thereto, in the scattered form in which they have only been obtainable.

Owing to the great mass of matter to be examined and edited, much caution and judgment had to be exercised to keep the volumes within bounds. It is believed that the two volumes comprising this work contain everything necessary to a proper understanding of Indian legislation.

The general form of the Statutes at Large has been followed, as being familiar to publicists and lawyers and best suited to meet practical requirements. With the annotations and footnotes, and the complete index and cross references accompanying the volumes, little delay or difficulty should be experienced in research.

At the suggestion of the Commissioner of Indian Affairs, the correct modern spelling of Indian names, as decided by the Indian Office and the Bureau of Ethnology, has been introduced and adopted in the headlines to the treaties, but in the text it was found expedient to follow the orthography of the Statutes.

The compiler is especially indebted to Mr. W. E. Richardson, Messrs. Ralston & Siddons, and Mr. W. T. Sherman Doyle, of the bar of the District of Columbia, for most valuable assistance in making the compilation. He also takes pleasure in acknowledging his indebtedness to Senator William M. Stewart, Hon. W. A. Jones, Commissioner of Indian Affairs; Maj. Charles F. Larrabee and Mr. C. G. Porterfield, of the Indian Office, for much careful review work and many wise suggestions.

PREFACE TO THE SECOND EDITION.

It is both gratifying and encouraging that the large demand for the Compilation of Treaties, Laws, Executive Orders, etc., relating to Indian Affairs induced the Congress to provide for the printing and binding of three thousand additional copies. The new edition has afforded the compiler an opportunity to make such typographical and other corrections as were discovered in the first print, to insert several treaties and documents which were heretofore unobtainable, and to add the signatures subscribed to each treaty which were omitted in the first edition to save space. With these additions and corrections it is believed the compilation is as perfect as practicable.

It is not generally known that from 1778 to 1871 treaties were made by the United States with the Indian tribes, and that by the act of March 3, 1871 (16 Stats., 566, "Laws"—8), Congress provided "that hereafter no Indian nation or tribe within the territory of the United States shall be acknowledged or recognized as an independent nation, tribe, or power with whom the United States may contract by treaty." Since 1871 the United States have entered into agreements with the Indian tribes, which agreements must pass both Houses of Congress and be signed by the President; whereupon they become laws. In consequence, a division of treaties and agreements is made in the compilation by arranging the former in the volume entitled "Treaties" and the latter in the volume entitled "Laws."

Acknowledgment of valuable suggestions is hereby accorded to the officials of the Indian Office and to a number of prominent lawyers versed in Indian legislation. Especial acknowledgment is made to William E. Richardson, of the bar of the District of Columbia, and to James D. Finch, jr., assistant clerk of the Senate Committee on Indian Affairs.

For the purpose of making such investigations, each inspector shall have power to examine all books, papers, and vouchers, to administer oaths, and to examine on oath all officers and persons employed in the superintendency or agency, and all such other persons as he may deem necessary or proper. Four for the tribes in California, at an annual salary of eighteen hundred dollars each.

Three for the tribes in Texas.

One for the Wichitas and neighboring tribes west of the Choctaws and Chickasaws, at an annual salary of one thousand dollars.

NOTE.—The provisions of this act appear never to have been conformed to, and agents hold their office and are paid in accordance with the provisions made in the annual appropriation acts, which vary each year. See also post p. 67.

SEC. 2053. It shall be the duty of the President to dispense with the services of such Indian agents and superintendents as may be practicable; and where it is practicable he shall require the same person to perform the duties of two agencies or superintendencies for one salary.

Third. To the heads of the families and to the individuals entitled to participate in the moneys or goods.

Fourth. By consent of the tribe, such moneys or goods may be applied directly, under such regulations, not inconsistent with treaty stipulations, as may be prescribed by the Secretary of the Interior, to such purposes as will best promote the happiness and prosperity of the members of the tribe, and will encourage able-bodied Indians in the habits of industry and peace.

SEC. 2105. The person so receiving such money contrary to the provisions of the two preceding sections, and his aiders and abettors, shall, in addition to the forfeiture of such sum, be punishable by imprisonment for not less than six months, and by a fine of not less than one thousand dollars. And it shall be the duty of all district attorneys to prosecute such cases when applied to to do so, and their failure and refusal shall be ground for their removal from office. Any Indian agent, or other person in the employment of the United States, who shall, in violation of the provisions of the preceding section, advise, sanction, or in any way aid in the making of such contracts or agreements, or in making such payments as are here prohibited, shall, in addition to the punishment herein imposed on the person making such contract, or receiving such money, be, on conviction, dismissed from the service of the United States, and be forever disqualified from holding any office of profit or trust under the same.

SEC. 2107. No payments shall be made by any officer of the United States to contractors for goods or supplies of any sort furnished to the Indians, or for the transportation thereof, or for any buildings or machinery erected or placed on their reservations, under or by virtue of any contract entered into with the Department of the Interior, or any branch thereof, on the receipts or certificates of the Indian agents or superintendents for such supplies, goods, transportation, buildings, or machinery beyond fifty per cent. of the amount due, until the accounts and vouchers shall have been submitted to the executive committee of the board of Indian Commissioners appointed by the President for examination, revisal, and approval; and such board of commissioners shall, without unnecessary delay, forward the accounts and vouchers so submitted to them to the Secretary of the Interior, with the reasons for their approval or disapproval of the same, in whole or in part, attached thereto; and the Secretary shall have power to sustain, set aside, or modify the action of the board, and cause payment to be made or withheld, as he may determine.

By 1883, January 6, chapter 13 (22 Stat. 400), portions of the Indian Territory are annexed to the district of Kansas and the northern district of Texas. By 1885, March 3, chapter 341, section 9 (ante, p. 32), Indians committing against an Indian or other person certain major offenses in any Territory, either within or without an Indian reservation, are subject to the Territorial laws, and if within a reservation in a State, are subject to the laws relating to the same crimes within the exclusive jurisdiction of the United States. The final judgment or decree of the court hereby established, in cases where the value of the matter in dispute, exclusive of costs, to be ascertained by the oath of either party or of other competent witnesses, exceeds one thousand dollars may be reviewed and reversed or affirmed in the Supreme Court of the United States upon writ of error or appeal, in the same manner and under the same regulations as the final judgments and decrees of a circuit court.

By section 27 the jurisdiction of the new court is excluded from offenses by one Indian upon the person or property of another, and sections 23, 24, and 25 are not to apply to such offenses. Section 17 attaches a part of the Indian Territory to the eastern district of Texas, apparently repealing the jurisdiction of the northern district of Texas, granted by 1883, January 6, chapter 13, section 3 (22 Stat., 400). (See 138 U. S., 157, and 40 Fed. Rep., 472.)

R. S., 463.

Be it enacted, &c., That the recording of all deeds and papers heretofore made and done in the office of Commissioner of Indian Affairs be, and is hereby, confirmed, approved, and legalized; and said record heretofore made shall be deemed, taken, and held to be good and valid and shall have all the force and effect and be entitled to the same credit as if it had been made in pursuance of and in conformity to law.

What records legalized by above act.

^aThe deed records legalized by this act begin in 1825. These deeds show the transfer of lands granted to individual Indians under the several treaties since 1817 whenever a restriction was made that the lands should not be sold without the consent of the President; also the transfer of those lands allotted to individual Indians, the patent for which contained a similar restrictive clause upon the sale of the land. The other records referred to are those of the current correspondence of the office, of treaties before ratification, of contracts made with special attorneys (Rev. Stat., 2103–2106), and of similar papers.

Some of these records run back to 1800 and a few even prior to that date, when the office was under the War Department, but it was not until the year 1824 that a regular record of all the correspondence of the office was inaugurated and kept up.

SEC. 2. Records to be kept of all deeds by Indians requiring approval.

SEC. 3. Be it enacted, &c., That any person who shall sell, give away, dispose of, exchange, or barter any malt, spirituous, or vinous liquor, including beer, ale, and wine,

Intoxicants.

^aAs to authority to appoint deputies, see 1895, March 1, chapter 145, section 2^b (ante 71). This same act provides, in case of emergency, for as many deputy marshals as the marshal deems necessary for the enforcement of law and the suppression of crime (ante p. 72).

The necessity for this provision is stated in the letter of the Attorney-General which is found in Senate Report No. 909, Fifty-fourth Congress, first session, a portion of which is as follows:

"Section 782 of the Revised Statutes of the United States provides that United States deputy marshals shall take a certain oath before the district judge. It provides further that in case a person who is appointed deputy marshal resides and is more than 20 miles from the place where the district judge resides and is, he may take the oath before certain officials therein named, and that such oath shall be valid only when certified to the district judge by the official who administered it.

"It appears that quite a number of oaths were administered to deputy marshals by officers named in the section referred to when it does not appear that the judge was away from the place where the appointment was made, and such oaths have not been certified to the district judge. In many cases it is impossible to remedy this defect at this late date. It appears that a large number of oaths were administered to deputy marshals by the clerk of the court, who is not named in the section referred to as being authorized to administer oaths to deputy marshals when the judge is away."

Provision for the future is made by 1896, December 22, chapter 3 (29 stat. 479)

^bThe bond of the marshal is fixed at \$10,000 by 1895, March 1, chapter 145, section 2 (ante p. 71).

^cRevised Statutes, section 2139 is re-enacted with amendments, by 1892, July 23, chapter 234 (ante, p. 63). The above act enlarges the provisions of the act of 1892 by amplifying the definitions of the forbidden liquors and providing more specifically the classes of Indians affected. The latter portion of the first section of the above act is substantially repeated from the act of 1892. The former act contains provisions in regard to the procedure, which are apparently not affected by the above act.

As to sale of intoxicants to Indians in Alaska see act of 1899, March 3, chapter 429, section 142 (post, p. 104).

United States commissioners in the Indian Territory are provided for in 1890, May 2, chapter 182 (ante, p. 53), and 1895, March 1, chapter 145 (ante, p. 72).

And all town lots shall be appraised by said commission at their true value, excluding improvements; and separate appraisements shall be made of all improvements thereon; and no such appraisement shall be effective until approved by the Secretary of the Interior, and in case of disagreement by the members of such commission as to the value of any lot, said Secretary may fix the value thereof.

All town lots not improved as aforesaid shall belong to the tribe, and shall be in like manner appraised, and, after approval by the Secretary of the Interior, and due notice, sold to the highest bidder at public auction by said commission, but not for less than their appraised value, unless ordered by the Secretary of the Interior; and purchasers may in like manner make deposits of the purchase money with like effect, as in case of improved lots.

The inhabitants of any town may, within one year after the completion of the survey thereof, make such deposit of ten dollars per acre for parks, cemeteries, and other public grounds laid out by said commission with like effect as for improved lots; and such parks and public grounds shall not be used for any purpose until such deposits are made.

The person authorized by the tribe or tribes may execute or deliver to any such purchaser, without expense to him, a deed conveying to him the title to such lands or town lots; and thereafter the purchase money shall become the property of the tribe; and all such moneys shall, when titles to all the lots in the towns belonging to any tribe have been thus perfected, be paid per capita to the members of the tribe:

Provided, however, That in those town sites designated and laid out under the provisions of this Act where coal leases are now being operated and coal is being mined there shall be reserved from appraisement and sale all lots occupied by houses of miners actually engaged in mining, and only while they are so engaged, and in addition thereto a sufficient amount of land, to be determined by the appraisers, to furnish

Royalties and rents to be paid into Treasury.

Provided, That where any citizen shall be in possession of only such amount of agricultural or grazing lands as would be his just and reasonable share of the lands of his nation or tribe and that to which his wife and minor children are entitled, he may continue to use the same or receive the rents thereon until allotment has been made to him: Retention of lands, etc., until allotment.

Provided further, That nothing herein contained shall impair the rights of any member of a tribe to dispose of any timber contained on his, her, or their allotment. Disposition of timber on allotment.

SEC. 17. That it shall be unlawful for any citizen of any one of said tribes to inclose or in any manner, by himself or through another, directly or indirectly, to hold possession of any greater amount of lands or other property belonging to any such nation or tribe than that which would be his approximate share of the lands belonging to such nation or tribe and that of his wife and his minor children as per allotment herein provided; and any person found in such possession of lands or other property in excess of his share and that of his family, as aforesaid, or having the same in any manner inclosed, at the expiration of nine months after the passage of this Act, shall be deemed guilty of a misdemeanor. SEC. 21. That in making rolls of citizenship of the several tribes, as required by law, the Commission to the Five Civilized Tribes is authorized and directed to take the roll of Cherokee citizens of eighteen hundred and eighty (not including freedmen) as the only roll intended to be confirmed by this and preceding Acts of Congress, and to enroll all persons now living whose names are found on said roll, and all descendants born since the date of said roll to persons whose names are found thereon; and all persons who have been enrolled by the tribal authorities who have heretofore made permanent settlement in the Cherokee Nation whose parents, by reason of their Cherokee blood, have been lawfully admitted to citizenship by the tribal authorities, and who were minors when their parents were so admitted; and they shall investigate the right of all other persons whose names are found on any other rolls and omit all such as may have been placed thereon by fraud or without authority of law, enrolling only such as may have lawful right thereto, and their descendants born since such rolls were made, with such intermarried white persons as may be entitled to citizenship under Cherokee laws.

It shall make a roll of Cherokee freedmen in strict compliance with the decree of the Court of Claims rendered the third day of February, eighteen hundred and ninety-six.

Said commission is authorized and directed to make correct rolls of the citizens by blood of all the other tribes, eliminating from the tribal rolls such names as may have been placed thereon by fraud or without authority of law, enrolling only such as may have lawful right thereto, and their descendants born since such rolls were made, with such intermarried white persons as may be entitled to Choctaw and Chickasaw citizenship under the treaties and laws of said tribes.

Said commission shall have authority to determine the identity of Choctaw Indians claiming rights in the Choctaw lands under article fourteen of the treaty between the United States and the Choctaw Nation concluded September twenty-seventh, eighteen hundred and thirty, and to that end they may administer oaths, examine witnesses, and perform all other acts necessary thereto and make report to the Secretary of the Interior.

The roll of Creek freedmen made by J. W. Dunn, under authority of the United States, prior to March fourteenth, eighteen hundred and sixty-seven, is hereby confirmed, and said commission is directed to enroll all persons now living whose names are found on said rolls, and all descendants born since the date of said roll to persons whose names are found thereon, with such other persons of African descent as may have been rightfully admitted by the lawful authorities of the Creek Nation.

It shall make a correct roll of all Choctaw freedmen entitled to citizenship under the treaties and laws of the Choctaw Nation, and all their descendants born to them since the date of the treaty.

It shall make a correct roll of Chickasaw freedmen entitled to any rights or benefits under the treaty made in eighteen hundred and sixty-six between the United States and the Choctaw and Chickasaw tribes and their descendants born to them since the date of said treaty and forty acres of land, including their present residences and improvements, shall be allotted to each, to be selected, held, and used by them until their rights under said treaty shall be determined in such manner as shall be hereafter provided by Congress.

The several tribes may, by agreement, determine the right of persons who for any reason may claim citizenship in two or more tribes, and to allotment of lands and distribution of moneys belonging to each tribe; but if no such agreement be made, then such claimant shall be entitled to such rights in one tribe only, and may elect in which tribe he will

take such right; but if he fail or refuse to make such selection in due time, he shall be enrolled in the tribe with whom he has resided, and there be given such allotment and distributions, and not elsewhere.

They shall have access to all rolls and records of the several tribes, and the United States court in Indian Territory shall have jurisdiction to compel the officers of the tribal governments and custodians of such rolls and records to deliver same to said commission, and on their refusal or failure to do so to punish them as for contempt; as also to require all citizens of said tribes, and persons who should be so enrolled, to appear before said commission for enrollment, at such times and places as may be fixed by said commission, and to enforce obedience of all others concerned, so far as the same may be necessary, to enable said commission to make rolls as herein required, and to punish anyone who may in any manner or by any means obstruct said work.

—force of, when approved.

The members of said commission shall, in performing all duties required of them by law, have authority to administer oaths, examine witnesses, and send for persons and papers; and any person who shall willfully and knowingly make any false affidavit or oath to any material fact or matter before any member of said commission, or before any other officer authorized to administer oaths, to any affidavit or other paper to be filed or oath taken before said commission, shall be deemed guilty of perjury, and on conviction thereof shall be punished as for such offense.

^a Provisions similar to the last two provisos of this paragraph appear in 1893, March 3, ch. 209 (27 Stat., 613). In 1894, August 15, ch. 290 (28 Stat., 288), these provisos appear in the identical language of the text, since which time they have been annually reenacted, 1895, March 2, ch. 188 (28 Stat., 878); 1896, June 10, ch. 398 (29 Stat., 323); 1897, June 7, ch. 3 (30 Stat., 64); 1899, March 1, ch. 324 (30 Stat., 926).

^b Decision upon appeals taken under this act will be found in 174 U. S., 445, where the entire legislation in regard to the Commission to the Five Civilized Tribes and citizenship therein is reviewed. By this decision it was held: 1. That the only question reviewable upon appeal is that of the constitutionality and validity of the legislation affecting citizenship or the allotment of land in the Indian Territory. 2. That that legislation is constitutional and valid. For the acts creating the commission see 1896, June 10, ch. 398, and note (c) thereto, ante, p. 79; 1897, June 7, ch. 3, ante, p. 86, and 1899, March 1, ch. 324, post, p. 102.

^c By R. S., 2057, Indian agents were required to give bond, but it was held (17 Fed. Rep., 579) that this applied only to money received strictly while acting as agent for the Indians to whose agency he was appointed. See also 1875, March 3, ch. 132, s. 5 (ante, p. 24), requiring their accounts for employees' services to be under oath, and s. 10 of the same act, requiring a book of itemized expenditures, together with receipts from all sources, to be kept.

^d A similar provision, without the word "hereafter," has appeared almost annually in the Indian appropriation acts since 1884. See the acts summarized in note (f) to 1894, August 15, ch. 290, s. 9, ante, p. 69; also 1895, March 2, ch. 188, s. 6 (28 Stat., 908); 1897, June 7, ch. 3, s. 6 (30 Stat., 91). By the use of the word "hereafter" it has now become permanent.

^a By 1882, May 17, ch. 163 (22 Stat., 70), provision was made for the appointment of a person to inspect Indian schools at a compensation of \$3,000, with \$1,500 for traveling expenses. By 1888, June 29, ch. 503, s. 8 (25 Stat., 238), the appointment of a superintendent of Indian schools is provided for, but this was superseded by the provisions of 1889, March 2, ch. 412, s. 10, ante, p. 44. No salary was fixed for the office, but the annual appropriation has been for \$4,000, beginning with 1888, prior to which it was \$3,000. Appropriations for the salary and provisions for the traveling expenses similar to and generally identical with those in the text have been made by 1884, July 4, ch. 180 (23 Stat., 77); 1885, March 3, ch. 341 (23 Stat., 364); 1886, May 15, ch. 333 (24 Stat., 30); 1887, March 2, ch. 320 (24 Stat., 451); 1888, June 29, ch. 503 (25 Stat., 219); 1889, March 2, ch. 412 (25 Stat., 982); 1890, August 19, ch. 807 (26 Stat., 338); 1891, March 3, ch. 543 (26 Stat., 989); 1892, July 13, ch. 164 (27 Stat., 122); 1893, March 3, ch. 209; 1894, August 15, ch. 290; 1895, March 2, ch. 188; 1896, June 10, ch. 398; 1897, June 7, ch. 3 (30 Stat., 65); 1898, July 1, ch. 545 (30 Stat., 574).

^b The same provision, without the word "hereafter," occurs in 1898, July 1, ch. 545 (30 Stat., 574). By the addition of the word "hereafter" it has now become permanent.

^c For the powers and duties of these commissioners, previously three in number, see 1896, June 10, ch. 398, par. 4, and note (c) thereto, ante, p. 79; and 1897, June 7, ch. 3, ante, p. 88.

^d This act has been repealed as to the Indian Territory and Oklahoma by section 23 of the act of February 28, 1902, post page 114. That act, sections 13-23, post pp. 114-118, makes general provisions for the construction of railroads through the Indian Territory.

Territory, or through any lands reserved for an Indian agency or for other purposes in connection with the Indian service, or through any lands which have been allotted in severalty to any individual Indian under any law or treaty, but which have not been conveyed to the allottee with full power of alienation, is hereby granted to any railroad company organized under the laws of the United States, or of any State or Territory, which shall comply with the provisions of this Act and such rules and regulations as may be prescribed thereunder:

Provided, That no right of way shall be granted under this Act until the Secretary of the Interior is satisfied that the company applying has made said application in good faith and with intent and ability to construct said road, and in case objection to the granting of such right of way shall be made, said Secretary shall afford the parties so objecting a full opportunity to be heard:

Provided further, That where a railroad has heretofore been constructed, or is in actual course of construction, no parallel right of way within ten miles on either side shall be granted by the Secretary of the Interior unless, in his opinion, public interest will be promoted thereby.

SEC. 2. That such right of way shall not exceed fifty feet in width on each side of the center line of the road, except where there are heavy cuts and fills, when it shall not exceed one hundred feet in width on each side of the road, and may include ground adjacent thereto for station buildings, depots, machine shops, side tracks, turnouts, and water stations, not to exceed one hundred feet in width by a length of two thousand feet, and not more than one station to be located within any one continuous length of ten miles of road:

Provided, That this section shall apply to all rights of way heretofore granted to railroads in the Indian Territory where no provisions defining the width of the rights of way are set out in the Act granting the same.

SEC. 3. That the line of route of said road may be surveyed and located through and across any of said lands at any time, upon permission therefor being obtained from the Secretary of the Interior; but before the grant of such right of way shall become effective a map of the survey of the line or route of said road must be filed with and approved by the Secretary of the Interior, and the company must make payment to the Secretary of the Interior for the benefit of the tribe or nation, of full compensation for such right of way, including all damage to improvements and adjacent lands, which compensation shall be determined and paid under the direction of the Secretary of the Interior, in such manner as he may prescribe. Before any such railroad shall be constructed through any land, claim, or improvement, held by individual occupants or allottees in pursuance of any treaties or laws of the United States, compensation shall be made to such occupant or allottee for all property to be taken, or damage done, by reason of the construction of such railroad. In case of failure to make amicable settlement with any such occupant or allottee, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed by the Secretary of the Interior, who, before entering upon the duties of their appointment, shall take and subscribe before competent authority an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to the Secretary of the Interior. If the referees can not agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right within sixty days after the making of the award and notice of the same, to appeal, in case the land in question is in the Indian Territory, by original petition to the United States court in the Indian Territory sitting at the place nearest and most convenient to the property sought to be condemned; and if said land

In case of the failure of any railway company to make amicable settlement with any individual owner, occupant, allottee, tribe, or nation for any right of way or lands or improvements sought to be appropriated or condemned under this Act, all compensation and damages to be paid to the dissenting individual owner, occupant, allottee, tribe or nation by reason of the appropriation and condemnation of said right of way, lands, or improvements shall be determined by the appraisement of three disinterested referees, to be appointed by the judge of the United States court, or other court of jurisdiction in the district where such lands are situated, on application of the corporation or other person or party in interest. Such referees, before entering upon the duties of their appointment, shall each take and subscribe, before competent authority, an oath that he will faithfully and impartially discharge the duties of his appointment, which oaths, duly certified, shall be returned with the award of the referees to the clerk of the court by which they were appointed. The referees shall also find in their report the names of the person and persons, tribe, or nation to whom the damages are payable and the interest of each person, tribe, or nation in the award of damages. Before such referees shall proceed with the assessment of damages for any right of way or other lands condemned under this act, twenty days' notice of the time when the same shall be condemned shall be given to all persons interested, by publication in some newspaper in general circulation nearest said property in the district where said right of way or said lands are situated, or by ten days' personal notice to each person owning or having any interest in said lands or right of way: *Provided*, That such notice to any tribe or nation may be served on the principal chief or governor of the tribe. If the referees can not agree, then any two of them are authorized to and shall make the award. Any party to the proceedings who is dissatisfied with the award of the referees shall have the right, within ten days after the making of the award, to appeal, by original petition, to the United States court, or other court of competent jurisdiction, sitting at the place nearest and most convenient to the property sought to be taken, where the question of the damages occasioned by the taking of the lands in controversy shall be tried de novo, and the judgment rendered by the court shall be final and conclusive, subject, however, to appeal as in other cases.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That Walter R. Irwins, Luther R. (a) Prior acts regulating the sale of these lands, apparently repealed and replaced by this act, are May 8, 1872 (17 Stat., 85), and June 23, 1874 (18 Stat., 272). By the act of June 5, 1872 (ante, p. 137), it was provided that the Kansa (or Kaw) Indians might purchase and settle upon a part of the Osage Reservation. The tribe is now located there. By the act of March 3, 1885 (23 Stat., 368), it was directed that the proceeds of the sales of their land under the act of July 5, 1876, should be applied to the payment of certificates of indebtedness incurred in the purchase of their new lands. This consumed those proceeds, and by the act of June 29, 1888 (post, p. 285), \$65,000 additional was appropriated to liquidate their indebtedness, to be taken from the \$200,000 trust fund provided by article 2 of the treaty of 1848.

(See Osage, C, 667, 1877.) This condition was acquiesced in by the Secretary of the Interior, September 5, 1877 (Osage I, 613), and the appraisers were accordingly appointed, and appraisal reported June 15, 1878. SEC. 2. That a right of way one hundred feet in width through said Indian Territory is hereby granted for said main line and branch to the Southern Kansas Railway Company, and a strip of land two hundred feet in width with a length of three thousand feet in addition to right of way is granted for stations for every ten miles of road, no portion of which shall be sold or leased by the company with the right to use such additional ground where there are heavy cuts or fills as may be necessary for the construction and maintenance of the road-bed not exceeding one hundred feet in width on each side of said right of way or as much thereof as may be included in said cut or fill: *Provided*, That no more than said addition of land shall be taken for any one station: *Provided further*, that no part of the lands herein granted shall be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railroad, telegraph and telephone lines, and when any portion thereof shall cease to be so used, such portion shall revert to the nation or tribe of Indians from which the same shall have been taken.

In case the referees cannot agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the courts, where the case shall be tried de novo. When proceedings have been commenced in court, the railway company shall pay double the amount of the award into court to abide the judgment thereof, and then have the right to enter upon the property sought to be condemned, and proceed with the construction of the railroad. ^aSection 3 of the above act was repealed and a substitute therefor provided by the act of January 26, 1887 (post, p. 245). Other acts affecting the reservation of the Sacs and Foxes of the Missouri in Kansas and Nebraska are June 10, 1872 (ante, p. 138), and August 15, 1876 (ante, p. 167), as amended by March 3, 1879 (ante, p. 176), providing for the sale of parts of said reservation.

By the act of August 15, 1894 (post, p. 521), the general allotment act (ante, p. 33,) was extended to the Sacs and Foxes of the Missouri.

By the act of April 18, 1896, the construction of a railroad through the reservation was authorized.

The act of February 28, 1891 (26 Stat., 696), afterwards repealed by March 2, 1895 (28 Stat., 902), provided that allotments and payments should only be made to members of the tribe duly enrolled prior to January 1, 1890.

The act of February 13, 1891 (post, p. 389), ratified an agreement ceding certain lands in Oklahoma and providing for allotments in severalty to the tribe. By the act of June 10, 1896 (post, p. 597), a portion of the trust funds were transferred to the credit of a certain part of the tribe settled in Iowa (Sac and Fox of the Mississippi), and the jurisdiction of the Interior Department extended over that portion of the tribe.

Each purchaser of said lands at such sale shall be entitled to purchase one hundred and sixty acres of land, and no more, except in cases where a tract contains a fractional excess over one hundred and sixty acres. If the excess is less than forty acres, is contiguous, and results from inability in the survey to make township and section lines conform to the boundary-lines of the reservation, and no other objection exists, the purchase of such excess shall be allowed. Such purchaser shall pay one-fourth of the purchase-price at the time said land is bid off, one-fourth in one year, one-fourth in two years, and one-fourth in three years, with interest on the deferred payments at the rate of six per centum per annum; and where there are improvements upon the lands purchased which shall have been separately appraised, the purchaser shall pay the appraised value of such improvements at the time of purchase, in addition to the amounts hereinbefore required to be paid. No patents shall issue until all payments shall have been made; and on the failure of any purchaser to make payment as required by this act he shall forfeit the lands purchased, and the same shall be subject to entry and sale, at the appraised value thereof, or shall be again offered at public sale, as the Secretary of the Interior may determine.

SEC. 3. [Repealed. See 1887, Chapter 47, post, page 245.]

That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed one (who shall act as chairman) by the President, one by the chief of the nation to which said occupant belongs, and one by said railroad company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior, within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the district judge of the court held at Fort Smith, Arkansas, or at Wichita, Kansas, upon the application of the other party. If upon the hearing of said appeal the judgment of the court shall be for a larger sum than the award of the referees, the costs of said appeal shall be adjudged against the railway company. If the judgment of the court shall be for the same sum as the award of the referees, then the costs shall be adjudged against the appellant. If the judgment of the court shall be for a smaller sum than the award of the referees, then the costs shall be adjudged against the party claiming damages. Compensation for damages.	SEC. 3. That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisal of three disinterested referees, to be appointed one (who shall act as chairman) by the President, one by the chief of the nation to which said occupant belongs, and one by said railroad company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the district judge of the court held at Fort Smith, Arkansas, or at the district court for the northern district of Texas, upon the application of the other party. The chairman of said board shall appoint the time and place for all hearings, within the nation to which such occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of any case submitted to them under this act, with mileage at five cents per mile. Witnesses shall receive the usual fees allowed by the courts of said nations. Costs, including compensation of the referees, shall be made a part of the award, and be paid by such railroad company. In case the referees cannot agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court held at Fort Smith, Arkansas, or the district court for the northern district of Texas, which court shall have jurisdiction to hear and determine the subject-matter of said petition, according to the laws of the State in which the same shall be heard provided for determining the damage when property is taken for railroad purposes. If upon the hearing of said appeal the judgment of the court shall be for a larger sum than the award of the referees, the costs of said appeal shall be adjudged against the railroad company. If the judgment of the court shall be for the same sum as the award of the referees, then the costs shall be adjudged against the appellant. If the judgment of the court shall be for a smaller sum than the award of the referees, then the costs shall be adjudged against the party claiming

for the construction and maintenance of the road-bed, not exceeding one hundred feet in width on each side of said right of way, or as much thereof as may be included in said cut or fill: *Provided*, That no more than said addition of land shall be taken for any one station: *Provided further*, That no part of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railroad, telegraph, and telephone lines; and when any portion thereof shall cease to be so used, such portion shall revert to the nation or tribe of Indians from which the same shall be taken.

SEC. 3. That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlement with any occupant such compensation shall be determined by the appraisement of three disinterested referees, to be appointed, one (who shall act as chairman) by the President, one by the chief of the nation to which said occupant belonged, and one by said railway company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to, and filed with, the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the district judge of the court held at Fort Smith, Arkansas, or by the district judge of the northern district of Texas, upon the application of the other party. The chairman of said board shall appoint the time and place for all hearings, within the nation to which said occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of any case submitted to them under this act, with mileage at five cents per mile. Witnesses shall receive the usual fees allowed by the courts of said nations. Costs, including compensation of the referees, shall be made a part of the award, and be paid by such railroad company. In case the referees can not agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court held at Fort Smith, Arkansas, or the district court for the northern district of Texas, which court shall have jurisdiction to hear and determine the subject-matter of said petition, according to the laws of the State in which the same shall be heard provided for determining the damage when property is taken for railroad purposes. If upon the hearing of said appeal the judgment of the court shall be for a larger sum than the award of the referees, the costs of said appeal shall be adjudged against the railway company. If the judgment of the court shall be for the same sum as the award of the referees, then the costs shall be adjudged against the appellant. If the judgment of the court shall be for a smaller sum than the award of the referees, then the costs shall be adjudged against the party claiming damages. CHAP. 213.—An act to ratify and confirm an agreement with the Gros Ventre, Piegan Blood, Blackfeet, and River Crow Indians in Montana, and for other purposes.

May 1, 1888.

25 Stat., 113.

Preamble.

Whereas, John V. Wright, Jared W. Daniels, and Charles F. Larabee, duly appointed commissioners on the part of the United States, did, on the twenty-eighth and thirty-first days of December, anno Domini eighteen hundred and eighty-six, and the twenty-first day of January, anno Domini eighteen hundred and eighty-seven, conclude an agreement with the various tribes or bands of Indians residing upon the Gros Ventre, Piegan, Blood, Blackfeet, and River Crow Reservation in Montana Territory, by their chiefs, head-men, and principal men, embracing a majority of all the male adult Indians occupying said reservation, which said agreement is as follows:

Agreement concluded December twenty-eighth and thirty-first, eighteen hundred and eighty-six, and January twenty-first, eighteen hundred and eighty-seven, with the Indians of the Gros Ventre, Piegan, Blood, Blackfeet, and River Crow Reservation in Montana, by John V. Wright, Jared W. Daniels, and Charles F. Larabee, Commissioners.

Agreement with Indians of the Gros Ventre, Piegan, Blood, Blackfeet, and River Crow Reservation, Montana.

This agreement, made pursuant to an item in the act of Congress entitled "An act making appropriations for the current and contingent expenses of the Indian Department, and for fulfilling treaty stipulations with various Indian tribes, for the year ending June thirtieth, eighteen hundred and eighty-seven, and for other purposes," approved May fifteenth, eighteen hundred and eighty-six, by John V. Wright, Jared W. Daniels, and Charles F. Larabee, duly appointed commissioners on the part of the United States, and the various tribes or bands of Indians residing upon the Gros Ventre, Piegan, Blood, Blackfoot, and River Crow Reservation, in the Territory of Montana, by their chiefs, head-men, and principal men, embracing a majority of all the male adult Indians occupying said reservation, witnesseth that—

of the Gros Ventre, Piegan, Blood, Blackfoot, River Crow, and such other Indians as the President might, from time to time, see fit to locate thereon, is wholly out of proportion to the number of Indians occupying the same, and greatly in excess of their present or prospective wants; and whereas the said Indians are desirous of disposing of so much thereof as they do not require, in order to obtain the means to enable them to become self-supporting, as a pastoral and agricultural people, and to educate their children in the paths of civilization: Therefore, to carry out such purpose, it is hereby agreed as follows:

ARTICLE I.

Indians to reside on
separate reservations.

Hereafter the permanent homes of the various tribes or bands of said Indians shall be upon the separate reservations hereinafter described and set apart. Said Indians acknowledging the rights of the various tribes or bands, at each of the existing agencies within their present reservation, to determine for themselves, with the United States, the boundaries of their separate reservation, hereby agree to accept and abide by such agreements and conditions as to the location and boundaries of such separate reservation as may be made and agreed upon by the United States and the tribes or bands for which such separate reservation may be made, and as the said separate boundaries may be hereinafter set forth.

ARTICLE II.

Relinquishment of
lands not reserved.

The said Indians hereby cede and relinquish to the United States all their right, title, and interest in and to all the lands embraced within the aforesaid Gros Ventre, Piegan, Blood, Blackfoot, and River Crow Reservation, not herein specifically set apart and reserved as separate reservations for them, and do severally agree to accept and occupy the separate reservations to which they are herein assigned as their permanent homes, and they do hereby severally relinquish to the other tribes or bands respectively occupying the other separate reservations, all their right, title, and interest in and to the same, reserving to themselves only the reservation herein set apart for their separate use and occupation.

ARTICLE III.

Consideration.

In consideration of the foregoing cession and relinquishment the United States hereby agrees to advance and expend annually, for the period of ten years after the ratification of this agreement, under direction of the Secretary of the Interior, for the Indians now attached to and receiving rations at the Fort Peck Agency, one hundred and sixty-five thousand dollars; for the Indians now attached to and receiving rations at the Fort Belknap Agency, one hundred and fifteen thousand dollars, and for the Indians now attached to and receiving rations at the Blackfeet Agency, one hundred and fifty thousand dollars, in the purchase of cows, bulls, and other stock, goods, clothing, subsistence, agricultural and mechanical implements, in providing employees, in the education of Indian children, procuring medicine and medical attendance, in the care and support of the aged, sick, and infirm, and helpless orphans of said Indians, in the erection of such new agency and school buildings, mills, and blacksmith, carpenter, and wagon shops as may be necessary, in assisting the Indians to build houses and inclose their farms, and in any other respect to promote their civilization, comfort, and improvement: *Provided*, That in the employment of farmers, artisans, and laborers, preference shall in all cases be given to Indians residing on the reservation who are well qualified for such position: *Provided further*, That all cattle issued to said Indians for stock-raising purposes, and their progeny, shall bear the brand of the Indian Department, and shall not be sold, exchanged, or slaughtered,

except by consent or order of the agent in charge, until such time as this restriction shall be removed by the Commissioner of Indian Affairs.

ARTICLE IV.

It is further agreed that whenever in the opinion of the President the annual installments provided for in the foregoing article shall be found to be in excess of the amount required to be expended in any one year in carrying out the provisions of this agreement upon either of the separate reservations, so much thereof as may be in excess of the requirement shall be placed to the credit of the Indians of such reservation, in the Treasury of the United States, and expended in continuing the benefits herein provided for when said annual installments shall have expired. Credits from surplus of installments.

ARTICLE V.

In order to encourage habits of industry, and reward labor, it is further understood and agreed, that in the giving out or distribution of cattle or other stock, goods, clothing, subsistence, and agricultural implements, as provided for in Article III, preference shall be given to Indians who endeavor by honest labor to support themselves, and especially to those who in good faith undertake the cultivation of the soil, or engage in pastoral pursuits, as a means of obtaining a livelihood, and the distribution of these benefits shall be made from time to time, as shall best promote the object specified. Rewards for industry.

ARTICLE VI.

It is further agreed that any Indian belonging to either of the tribes or bands, parties hereto, who had, at the date of the execution of this agreement by the tribe or band to which he belongs, settled upon and made valuable improvements upon any of the land ceded to the United States under the provisions of this agreement, shall be entitled, upon application to the local land office for the district in which the lands are located, to have the same allotted to him or her, and to his or her children, in quantity as follows: To the head of the family, one hundred and sixty acres; to each child over eighteen years of age, eighty acres; to each child under eighteen years of age, forty acres; and the grant to such Indians shall be adjusted upon the survey of the lands so as to conform thereto. Upon the approval of said allotments by the Secretary of the Interior, he shall cause patents to issue therefor in the name of the allottees, which patents shall be of the legal effect and declare that the United States does and will hold the lands thus allotted for the period of twenty-five years, in trust for the sole use and benefit of the Indian to whom such allotment shall have been made, or, in case of his decease, of his heirs, according to the laws of the Territory of Montana, and that at the expiration of said period the United States will convey the same by patent to said Indian, or his heirs as aforesaid, in fee, discharged of said trust and free of all charge or incumbrance whatsoever. Location.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Fort Smith and El Paso Railway Company, a corporation created under and by virtue of the laws of the State of Arkansas, be, and the same is hereby, invested and empowered with the right of locating, constructing, owning, equipping, operating, using, and maintaining a railway, telegraph, and telephone line through the Indian Territory; said line to begin at a point at or near the city of Fort Smith, on the western boundary of the State of Arkansas, running thence by the most practicable route to a crossing of the Missouri, Kansas and Texas Railroad at a point at or near the town of Savanna, in the Choctaw Nation; thence in a westerly direction to a point at or near Cherokee Town, in the Chickasaw Nation; and thence westerly to a point at or near the southwest corner of the Indian Territory; with the right to construct, use, and maintain such tracks, turnouts, sidings, and extensions hereinafter mentioned as such company may deem necessary and to their interest to construct along, upon the right of way hereby granted; said line to be located in sections of twenty-five miles each, as working sections; and before work is begun on any such section the definite line and location thereof is to be submitted to and approved by the Secretary of the Interior.

Dimension.

SEC. 2. That said corporation is authorized to take and use for all purposes of a railway, and for no other purpose, a right of way one hundred feet in width through said Indian Territory, and to take and use a strip of land two hundred feet in width, with a length of three thousand feet, in addition to right of way, for stations for every ten miles of road, with the right to use such additional ground where there are heavy cuts or fills as may be necessary for the construction and maintenance of the road-bed, not exceeding one hundred feet in width on each side of said right of way, or as much thereof as may be included in said cut or fill: *Provided*, That no more than said addition of land shall be taken for any one station: *Provided further*, That no part of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railroad, telegraph, and telephone lines; and when any portion thereof shall cease to be so used, such portion shall revert to the nation or tribe of Indians from which the same shall have been taken.

That before said railways shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed one (who shall act as chairman) by the President of the United States, one by the chief of the nation to which said occupant belongs, and one by said railroad company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. vacancy shall be filled by the district judge of the court held at Fort Smith, Arkansas, or at the district court for the northern district of Texas, or at the district court of Kansas upon the application of the other party. The chairman of said board shall appoint the time and place for all hearings within the nation to which such occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of any case submitted to them under this act, with mileage at five cents per mile. Witnesses shall receive the usual fees allowed by the courts of said nations. Costs, including compensation of the referees, shall be made a part of the award, and be paid by such railroad company. In case the referees can not agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court held at Fort Smith, Arkansas, or the district court for the northern district of Texas, or the district court of Kansas, which court shall have jurisdiction to hear and determine the subject-matter of said petition, according to the laws of the State in which the same shall be heard provided for determining the damage when property is taken for railroad purposes. SEC. 4. That said railroad company shall not charge the inhabitants of said Territory a greater rate of freight than the rate authorized by the laws of the States of Texas and Arkansas for services or transportation of the same kind: *Provided*, That passenger rates on said railway shall not exceed three cents per mile. Congress hereby reserves the right to regulate the charges for freight and passengers on said railway and messages on said telegraph and telephone lines, until a State government or governments shall exist in said Territory within the limits of which said railway, or a part thereof, shall be located; and then such State government or governments shall be authorized to fix and regulate the cost of transportation of persons and freights within their respective limits by said railway; but Congress expressly reserves the right to fix and regulate at all times the cost of such transportation by said railway or said company whenever such transportation shall extend from one State into another, or shall extend into more than one State: *Provided, however*, That the rate of such transportation of passengers, local or interstate, shall not exceed the rate above expressed: *And provided further*, That said railway company shall carry the mail at such prices as Congress may by law provide; and until such rate is fixed by law the Postmaster-General may fix the rate of compensation.

SEC. 5. That said railway company shall pay to the Secretary of the Interior, for the benefit of the particular nations or tribes through whose lands said line may be located, the sum of fifty dollars, in addition to compensation provided for in this act for property taken and damages done to individual occupants by the construction of the railway, for each mile of railway that it may construct in said Territory, said payments to be made in installments of one thousand two hundred and fifty dollars as each working section of twenty-five miles of road is graded: *Provided*, That if the general council of either of the nations or tribes through whose land said railway may be located shall, within four months after the filing of maps of definite location as set forth in section six of this act, dissent from the allowances provided for in this section, and shall certify the same to the Secretary of the Interior, then all compensation to be paid to such dissenting nation or tribe under the

SEC. 3. That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlement with any occupant such compensation shall be determined by the appraisement of three disinterested referees, to be appointed, one (who shall act as chairman) by the President, one by the chief of the nation to which said occupant belongs, one by said railroad company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the district judge of the court held at Fort Smith, Arkansas, or at the district court for the northern district of Texas, upon the application of the other party. The chairman of the said board shall appoint the time and place for all hearings within the nation to which such occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of any case submitted to them under this act, with mileage at five cents per mile. Witnesses shall receive the usual fees allowed by the courts of said nations. Costs, including compensation of the referees, shall be made a part of the award, and be paid by such railroad company. In case the referees can not agree, then any two of them are authorized to make the award. Either party, being dissatisfied with the finding of the referees, shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court held at Fort Smith, Arkansas, or the district court for the northern district of Texas, which court shall have jurisdiction to hear and determine the subject-matter of said petition, according to the laws of the State in which the same shall be heard provided for determining the damage when property is taken for railroad purposes. If, upon the hearing of said appeal, the judgment of the court shall be for the complainant, the costs of said appeal shall be adjudged against the railroad company. When proceedings have been commenced in court, the railway company shall pay double the amount of the award into court to abide the judgment thereof, and then have the right to enter upon the property sought to be condemned and proceed with the construction of the railroad.

SEC. 4. That said railroad company shall not charge the inhabitants of said Territory a greater rate of freight than the rate authorized by the laws of the State of Texas for services or transportation of the same kind: *Provided*, That passenger rates on said railway shall not exceed three cents per mile. Congress hereby reserves the right to regulate the charges for freight and passengers on said railway, and messages on said telegraph and telephone lines, until a State government or governments shall exist in said Territory within the limits of

which the railway, or a part thereof, shall be located; and then such State government or governments shall be authorized to fix and regulate the cost of transportation of persons and freights within their respective limits by said railway: but Congress expressly reserves the right to fix and regulate, at all times, the cost of such transportation by said railway or said company whenever such transportation shall extend from one State into another, or shall extend into more than one State: *Provided, however,* That the rate of such transportation of passengers, local or interstate, shall not exceed the rate above expressed: *And provided further,* That said railway company shall carry the mail at such prices as Congress may by law provide; and until such rate is fixed by law the Postmaster-General may fix the rate of compensation.

SEC. 5. That said railway company shall pay to the Secretary of the Interior, for the benefit of the particular nations or tribes through whose lands said line may be located, the sum of fifty dollars, in addition to compensation provided for in this act for property taken and damages done to individual occupants by the construction of the railway, for each mile of railway that it may construct in said Territory; said payments to be made in installments of five hundred dollars as each ten miles of road is graded: *Provided,* That if the general council of either of the nations or tribes through whose land said railway may be located shall, within four months after the filing of maps of definite location, as set forth in section six of this act, dissent from the allowances provided for in this section, and shall certify the same to the Secretary of the Interior, then all compensation to be paid to such dissenting nation or tribe under the provisions of this act shall be determined as provided in section three for the determination of the compensation to be paid to the individual occupant of lands, with the right of appeal to the courts upon the same terms, conditions, and requirements as therein provided: *Provided further,* That the amount awarded or adjudged to be paid by said railway company for said dissenting nation or tribe shall be in lieu of the compensation that said nation would be entitled to receive under the foregoing provision. Said company shall also pay, so long as said Territory is owned and occupied by the Indians, to the Secretary of the Interior, the sum of fifteen dollars per annum for each mile of railway it shall construct in the said Territory. The money paid to the Secretary of the Interior under the provisions of this act shall be apportioned by him, in accordance with the laws and treaties now in force among the different nations and tribes, according to the number of miles of railway that may be constructed by said railway company through their lands: *Provided,* That Congress shall have the right, so long as said lands are occupied and possessed by said nations and tribes, to impose such additional taxes upon said railroad as it may deem just and proper for their benefit; and any Territory or State hereafter formed, through which said railway shall have been established, may exercise the like power as to such part of said railway as may lie within its limits. Said railway company shall have the right to survey and locate its railway immediately after the passage of this act.

SEC. 6. That said company shall cause maps showing the route of its located lines through said Territory, to be filed in the office of the Secretary of the Interior, and also to be in the office of the principal chief of each of the nations or tribes through whose lands said railway may be located; and after the filing of such maps no claim for a subsequent settlement and improvement upon the right of way shown by said maps shall be valid as against said company: *Provided,* That when filed as herein provided for, said company shall commence grading said located line within six months thereafter, or such location

Whereas by an act of the Cherokee legislature, which was passed over the veto of the principal chief and became a law on the nineteenth day of May, eighteen hundred and eighty-three, the principal chief was directed to cause the said sum of three hundred thousand dollars to be paid out per capita to the citizens of the Cherokee Nation by blood and which sum has been paid out only to Cherokee citizens by blood, as directed by said act; and

Whereas by the said act of the Cherokee legislature the aforesaid freedmen, Delaware and Shawnee Indians have been deprived of their legal and just dues guaranteed them by treaty stipulations: Therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there be, and hereby is, appropriated, out of any money in the Treasury not otherwise appropriated, the sum of seventy-five thousand dollars, or so much thereof as may be necessary, to carry out the provisions of this act; and the amount actually expended shall be charged against the Cherokee Nation, on account of its lands west of the Arkansas River, and shall be a lien on said lands, and which shall be deducted from any payment hereafter made on account of said lands. CHAP. 24.—An act for the relief and civilization of the Chippewa Indians in the State of Minnesota.^a

Jan. 14, 1889.

25 Stats., 642.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States is hereby authorized and directed, within sixty days after the passage of this act, to designate and appoint three commissioners, one of whom shall be a citizen of Minnesota, whose duty it shall be, as soon as practicable after their appointment, to negotiate with all the

Chippewa Indians of Minnesota.

Commissioners to negotiate for relinquishment of lands to be appointed.

^a By the act of February 26, 1896, chapter 32 (post, p. 576), amendments were made relative to the sale of pine lands. By the act of June 10, 1896, chapter 398 (post, p. 597), the number of commissioners was reduced to one.

The work of the commission as above created was terminated by order of the Secretary of the Interior on June 20, 1900. (See Annual Report, 1899, pp. 33 and 137, and 1900, pp. 52 and 264.) The act of June 27, 1902, amended and revived the act, adding many important features. (See post, p. 756.)

By the act of May 29, 1872, chapter 233 (ante, p. 133), the settlement of the Otter-tail Pillagers upon lands of the Mississippi band of Chippewa in the White Earth Reservation was effected.

By the same act (17 Stats., 190) the removal of the Fond du Lac, Lac Court Oreilles, and Lac de Flambeau bands to the lands of the La Pointe band was author-

different bands or tribes of Chippewa Indians in the State of Minnesota for the complete cession and relinquishment in writing of all their title and interest in and to all the reservations of said Indians in the State of Minnesota, except the White Earth and Red Lake Reservations, and to all and so much of these two reservations as in the judgment of said commission is not required to make and fill the allotments required by this and existing acts, and shall not have been reserved by the Commissioners for said purposes, for the purposes and upon the terms hereinafter stated; and such cession and relinquishment shall be deemed sufficient as to each of said several reservations, except as to the Red Lake Reservation, if made and assented to in writing by two-thirds of the male adults over eighteen years of age of the band or tribe of Indians occupying and belonging to such reservations; and as to the Red Lake Reservation the cession and relinquishment shall be deemed sufficient if made and assented to in like manner by two-thirds of the male adults of all the Chippewa Indians in Minnesota; and provided that all agreements therefor shall be approved by the President of the United States before taking effect: *Provided further*, That in any case where an allotment in severalty has heretofore been made to any Indian of land upon any of said reservations, he shall not be deprived thereof or disturbed therein except by his own individual consent separately and previously given, in such form and manner as may be prescribed by the Secretary of the Interior. And for the purpose of ascertaining whether the proper number of Indians yield and give their assent as aforesaid, and for the purpose of making the allotments and payments hereinafter mentioned, the said commissioners shall, while engaged in securing such cession and relinquishment as aforesaid and before completing the same, make an accurate census of each tribe or band, classifying them into male and female adults, and male and female minors; and the minors into those who are orphans and those who are not orphans, giving the exact numbers of each class, and making such census in duplicate lists, one of which shall be filed with the Secretary of the Interior, and the other with the official head of the band or tribe; and the acceptance and approval of such cession and relinquishment by the President of the United States shall, be deemed full and ample proof of the assent of the Indians, and shall operate as a complete extinguishment of the Indian title without any other or further act or ceremony whatsoever for the purposes and upon the terms in this act provided.

The act of May 11, 1880, chapter 85 (ante, p. 178), provided for the deposit in the Treasury of semiannual interest to the credit of the L'Anse and Vieux de Serte bands. The disposal of the lands of the Michigan Chippewa, parties to the treaties of 1836 and July 31, 1855, and the entry of land as homesteads by these Indians, is provided by the act of June 10, 1872, chapter 424 (17 Stats., 381), as amended by the acts of March 3, 1875, chapter 188 (ante, p. 158), and May 23, 1876, chapter 105 (ante, p. 161).

By the act of June 7, 1897, chapter 3, section 9 (post, p. 623), a commissioner was appointed to take a census of the Chippewa on the Chippewa and Christian reservation in Kansas, to investigate their titles, sell unallotted land, etc.

The claim of the Fond du Lac band, arising from the failure to allot them on the White Earth Reservation land equal in area to that relinquished by them, was referred to the Court of Claims by the act of June 7, 1897, chapter 4 (post, p. 622).

Railroads through Chippewa reservations have been authorized by the following acts: January 1, 1889, chapter 49 (post, p. 306); July 18, 1894, chapter 140 (post, p. 515), amended by February 23, 1897, chapter 308 (post, p. 618); August 23, 1894, chapter 311 (post, p. 547); August 27, 1894, chapter 342 (post, p. 550), amended by joint resolution February 23, 1897 (post, p. 619); February 24, 1896, chapter 29 (post, p. 571); April 14, 1896, chapter 100 (post, p. 593); April 17, 1900, chapter 193 (post, p. 698).

By the act of April 18, 1874, chapter 111 (ante, p. 150), lands were granted for church and school purposes in the White Earth Reservation.

That the said commissioners shall, before entering upon the discharge of their duties, each give a bond to the United States in the sum of ten thousand dollars, with sufficient sureties, to be approved by the Secretary of the Interior, and conditioned for the faithful discharge of their duties under this act, and they shall also each take an oath to support the Constitution of the United States, and to faithfully discharge the duties of their office, which bonds and oaths shall be filed with the Secretary of the Interior. Said commissioners shall be entitled to a compensation of ten dollars per day for each day actually employed in the discharge of their duties, and for their actual traveling expenses and board, not exceeding three dollars per day. CHAP. 49.—An act granting the right of way through certain lands in the State of Minnesota to the Moorhead, Leech Lake and Northern Railway Company.

Moorhead, Leech Lake, Duluth and Northern Railroad Company granted right of way through White Earth Reservation, Minn.

Vol. 2, p. 974.
See note to preceding act.

Location.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the right of way is hereby granted, as hereinafter set forth, to the Moorhead, Leech Lake, Duluth and Northern Railroad Company, a corporation organized and existing under the laws of the State of Minnesota, for railroad purposes, through the lands in northern Minnesota set apart for the use of the White Earth band of Chippewas, by treaty dated March nineteenth, anno Domini eighteen hundred and sixty-seven, and Executive orders of March nineteenth, eighteen hundred and seventy-nine, and July thirteenth, eighteen hundred and eighty-three, commonly known as the White Earth Indian Reservation.

That the line of said railroad shall extend from the city of Moorhead by the most convenient and practicable route in a northeasterly direction through Clay County; thence in an easterly direction through a portion of Becker County, thence into and through the White Earth Indian Reservation, passing Flat Lake and through another portion of Becker County; thence through Hubbard, Cass, Aitkin, and Saint Louis Counties to Duluth.

SEC. 2. That said corporation is authorized to take and use for all purposes of a railway, and for no other purpose, a right of way one hundred feet in width through said Indian Reservation, and to take and use a strip of land two hundred feet in width, with a length of three thousand feet, in addition to right of way, for stations, for every ten miles of road, with the right to use such additional ground where there are heavy cuts or fills as may be necessary for the construction and maintenance of the road-bed, not exceeding one hundred feet in width on each side of the right of way, or as much thereof as may be included in said cut or fill: *Provided*, That no more than said addition of land shall be taken for any one station: *Provided further*, That no part of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railroad, telegraph, and telephone lines; and when any portion thereof shall cease to be so used such portion shall revert to the said band or tribe of Indians from which the same shall have been taken or to the individual allottees, or both as the case may be.

SEC. 3. That before said railway shall be constructed through any lands held by individual allottees of said tribe full compensation shall be made to such allottees for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlement with any allottee, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed, one (who shall act as chairman) by the President of the

United States, one of the chief of said tribe, and one by said railroad company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the district judge of the United States district court for the State of Minnesota, upon the application of the other party. The chairman of the said board shall appoint the time and place for all hearings, within said reservation.

Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of any case submitted to them under this act, with mileage at five cents per mile. Witnesses shall receive the usual fees allowed by the courts of the United States. Costs, including compensation of the referees, shall be made a part of the award, and be paid by such railroad company. In case the referees can not agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the United States district court held at Duluth or Saint Paul, Minnesota, which court shall have jurisdiction to hear and determine the subject matter of said petition according to the laws of said State provided for determining the damage when property is taken for railroad purposes. If upon the hearing of said appeal the judgment of the court shall be for a larger sum than the award of the referees, then the costs of said appeal shall be adjudged against the railroad company. If the judgment of the courts shall be for the same sum as the award of the referees, then the costs shall be adjudged against the appellant. If the judgment of the court shall be for a smaller sum than the award of the referees, then the costs shall be adjudged against the party claiming damages. When proceedings have been commenced in court, the railway company shall pay double the amount of the award into court to abide the judgment thereof, and then have the right to enter upon the property sought to be condemned and proceed with the construction of the railroad.

SEC. 4. That said railroad company shall not charge the inhabitants of said reservation a greater rate of freight than the rate authorized by the laws of the State of Minnesota for services or transportation of the same kind: *Provided*, That Congress expressly reserves the right to fix and regulate at all times the cost of such transportation by said railway or said company whenever such transportation shall extend from one State into another, or shall extend into more than one State: *Provided, however*, That the rate of such transportation of passengers, local or interstate, shall not exceed the rate above expressed: *And provided further*, That said railway company shall carry the mail at such prices as Congress may by law provide; and until such rate is fixed by law the Postmaster-General may fix the rate of compensation.

SEC. 5. That said railway company shall pay to the Secretary of the Interior, for the benefit of said tribe, the sum of fifty dollars, in addition to compensation provided for in this act for property taken and damages done to individual occupants by the construction of the railway, for each mile of railway that it may construct in said Territory, said payments to be made in installments of five hundred dollars

That said corporation is authorized to take and use for all purposes of a railway, and for no other purpose, a right of way one hundred feet in width through said Indian Territory for said line of the Fort Smith, Paris and Dardanelle Railway Company, and to take and use a strip of land two hundred feet in width, with the length of three thousand feet, in addition to the right of way, for stations, for every ten miles of road, with the right to use such additional ground where there are heavy cuts or fills as may be necessary for the construction and maintenance of the road-bed, not exceeding one hundred feet on each side of said right of way, or as much thereof as may be included in said cut or fill: *Provided*, That no part of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railroad, telegraph, and telephone lines; and when any portion thereof shall cease to be so used, such portion shall revert to the nation or tribe of Indians from which the same shall have been taken.

SEC. 3. That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlements with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed, one, who shall act as chairman, by the President, one by the chief of the nation to which said occupant belongs, and one by the railroad company, who, before upon entering the duties of their appraisements, shall take and subscribe before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appraisement, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member after due notice. The chairman of said board shall appoint the time and place of all hearings within the nation to which such occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of any cause submitted to them under this act, with mileage at five cents per mile. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court held at Fort Smith, Arkansas, which court shall have jurisdiction to hear and determine the subject matter of the petition, according to the laws of the State of Arkansas, for determining the damage when property is taken for railroad purposes. If, upon the hearing of said appeal, the judgment of the court shall be for a larger sum than the award of the referees, the costs of said appeal shall be adjudged against the railroad company. If the judgment of the court shall be for the same or a less sum than the award made by the referees, then the costs shall be adjudged against the party claiming damages. When proceedings have been commenced in court, the railway company shall pay double the amount of the award into court to abide the judgment thereof and then have the right to enter upon the property sought to be condemned and proceed with the construction of the railway.

SEC. 4. That said railroad company shall not charge the inhabitants of said Territory a greater rate of freight than the rate authorized by the laws of the State of Arkansas for services of transportation of the same kind: *Provided*, That passenger rates on said railway shall not exceed three cents per mile. SEC. 5. That said railway company shall pay to the Secretary of the Interior, for the benefit of the particular nation or tribes through whose lands said line may be located, the sum of fifty dollars per mile for each mile of road constructed and maintained in said Indian Territory, in addition to compensation provided for in this act for property taken and damages done individual occupants by the construction of said railway, said payment to be made in installments of five hundred dollars as each ten miles of road is graded: *Provided*, That if the general council of either of the nations or tribes through whose lands said railway may be located shall, within four months after the filing of maps of definite location, as set forth in section six of this act, dissent from the allowance hereinbefore provided for, and shall certify the same to the Secretary of the Interior, then all compensation to be paid to such dissenting nation or tribe under the provisions of this act shall be determined as provided in section three for the determination of the compensation to be paid to the individual occupants of lands, with the right of appeal to the court upon the same terms, conditions, and requirements as therein provided: *Provided further*, That the amount awarded or adjudged to be paid by said railway company for such dissenting nation or tribe shall be in lieu of the compensation the said nation or tribe would be entitled to receive under the foregoing provisions. And such sums shall be paid to the persons who are respectively entitled to the same out of any money or funds held in trust by the United States for and on account of said confederated tribes of Peoria, Kaskaskia, Wea, and Piankeshaw Indians. Out of the funds so found due to said citizen Indians said Court of Claims may allow a reasonable compensation to the counsel or attorneys of such Indians, to be ratably apportioned upon and paid out of the sums due them, respectively; and the court may ascertain the reasonable value of the services of counsel employed by said confederated tribes to represent the tribes on such examination, not to exceed ten per centum of the aggregate sum actually in controversy, and the Secretary of the Interior shall cause to be paid to said counsel so much of the sum so ascertained as in equity and justice he may consider to be due them for such services, out of any money in the Treasury of the United States now due to such tribes arising from the sale of the lands of said tribe in Kansas.

CHAP. 139.—An act to authorize the Secretary of the Interior to carry into effect certain recommendations of the Mission Indian commission, and to issue patents for certain lands.

Preamble.
1891, c. 65, ante, p.
383.

Whereas the act approved January twelfth, eighteen hundred and ninety-one, entitled "An act for the relief of the Mission Indians in the State of California," made it the duty of the commissioners therein authorized to be appointed "to select a reservation for each band or village of the Mission Indians residing within said State, which reservation shall include, as far as practicable, the lands and villages which have been in the actual occupation and possession of said Indians, and which shall be sufficient in extent to meet their just requirements;" and

Whereas said commissioners were authorized to appraise the value of the improvements belonging to any person to whom valid existing rights had attached under the public-land laws of the United States, where such improvements were situated within the limits of any reservation selected by the commissioners, subject to the approval of the Secretary of the Interior; and

Whereas it was further provided in said act that, in case any land should be selected to which any railroad company should be entitled to receive a patent, such railroad company should, upon releasing all claim and title thereto and on the approval of the President and Secretary of the Interior, be allowed to select an equal quantity of other land in lieu thereof; and

Whereas no provision was made whereby lands claimed by private persons through titles derived or sought to be derived from railroad companies or other sources than the public-land laws could be so released and exchanged; and

Whereas the commissioners appointed under said act have reported, among other things, that certain lands are in the occupation of Indians and are needed for their use which certain persons have improved, and on which they have developed valuable water rights, expecting to obtain title from the railroad companies or to which they had obtained title from the State of California, and that said persons are willing to exchange said lands for other lands heretofore reserved for the use of the Mission Indians, but which lands are no longer needed for such purpose; and

Whereas the report and recommendations of said commissioners have been approved by the Secretary of the Interior and the President, "except so much thereof as relates to the purchase of lands from and exchange of lands with private individuals which is also approved subject to the condition that Congress shall authorize the same:" Therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior be, and he hereby is, authorized and empowered to carry into effect the recommendations of the said Mission Indian commissioners relating to the exchange of lands with private individuals, as the same has been approved by the President, and to cause patents in the usual form to issue for the lands recommended to be given to such individuals in exchange for lands and improvements released and relinquished for the use of the Indians.

SEC. 2. SEC. 3. That before said railroad shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian members of said Menominee tribe or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of said railroad. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, a majority of whom shall be a quorum for the transaction of business, to be appointed, one by the President, one by the Menominee Indians in general council to which said occupant belongs, and one by the railroad company, who, before entering upon the duties of their appraisement,

The person appointed by the President shall be chairman of said board, and shall appoint the time and place of all hearings within the nation to which said occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of the cause submitted to them under this act, with mileage at 5 cents per mile. A majority of the board, where all can not agree, may make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court for the eastern district of Wisconsin, having jurisdiction over the place where the land lies, which court shall have jurisdiction to hear and determine the subject matter of the petition according to the laws of the State of Wisconsin for determining damages when property is taken for railroad purposes. If, upon the hearing of said appeal, the judgment of the court shall be for a larger sum than the award of the referees or a sum equal to said award the costs of said appeal shall be adjudged against the railroad company. If the judgment of the court shall be for a less sum than the award made by the referees, then the costs shall be adjudged against the party claiming damages. All proceedings of said district court upon appeal from the award of the referees shall be conducted in the same manner as an original action brought therein, except that the court may direct formal pleadings to be made and served: <i>Provided</i> , That all costs of appraisements by referees shall be paid by the railroad company.

(a) The report of this Commission and the agreement effected by it are as follows:

LIVINGSTON, MONT., September 14, 1892.

Hon. T. J. MORGAN,
Commissioner of Indian Affairs.

SIR: The Commission appointed to negotiate with the Crow Indians of Montana for a modification of the agreement concluded with said Indians December 8, 1890, and ratified by Congress March 3, 1891, have the honor to submit the following report:

We met at the Crow Agency August 24, 1892. After several preliminary talks with the Indians, the agreement herewith transmitted was entered into with them August 27. Nearly every male adult Indian of the Crow tribe took part in the council. According to the last census there are 666 adult male Crows. The inclosed agreement is signed by 436 Indians. The council ratified the treaty unanimously, and the signature of every adult male Crow could doubtless have been secured by following the Indians to their homes, to which they scattered as soon as the council broke up. The Indians were allowed to choose their own interpreters, and the treaty was carefully explained to them, and seemed to be thoroughly understood. The three days subsequent to the conclusion of the treaty were spent by the Commission in making out and delivering to each Indian named in schedule B, a certificate declaring him entitled to the tract of land, or to a selection within the limits of the tract of land, with which his name is connected in said schedule B. Before the unsurveyed selections in schedule B can be surveyed the public land surveys must be extended over a wide tract of country, involving much time and expense. With the limited means at the command of the Commission, this was impracticable. The Commission is of the opinion that the rights of the claimants named in Schedule B are fully protected by the provisions of the first and second sections of the agreement herewith transmitted. The tracts of land described in Schedule B are so bounded by natural boundaries, or township or sectional lines, as to be readily identified on the ground. There can be no excuse for trespassing upon them should any one be so disposed.

Schedules A and B were compiled from the Crow Land Book; from List A of claims, surveyed by Samuel Bundock, in January, 1891; from List B of allotments made in August, 1890, by J. G. Hatchitt, special allotting agent, and from List C of "Indians who made selections on the ceded part of the Crow Reservation in August, 1890," under the supervision of J. G. Hatchitt.

The following persons assisted in the preparation of said schedules: M. P. Wyman, Crow agent; C. C. Kreidler, additional farmer, district No. 5, which district includes the ceded part of the reserve; Bernard Bravo, the interpreter who accompanied Mr. Hatchitt when the allotments and selections were made, and who is thoroughly familiar with the owner and location of each allotment or selection; and George R. Davis, who has lived among the Indians on the ceded part for many years. When there was the slightest doubt as to the proper location of any Indian claimant, the Indian himself was called before the Commission and questioned through the interpreters.

Schedules A and B were carefully interpreted to the Indians in council, and they were invited to make such alterations or additions as they deem right.

At the request of the Indians the Commission, after due investigation, added the following names to Schedule B: Sees the Lion, Snake Bull, He is a People, Medicine Brings Things, Brings Things Always, Grabs the Knife, Big Eyes, Strikes Her Painted Face, Falls Towards Her, Hunts to Die, Her House is Pretty, The Bird Everywhere, Takes the Rider of a Yellow Horse, The Swallow Bird.

The following-named Indians, included in List C, referred to above, were omitted from Schedule B for the reason that they are dead. The first seven are reported dead

For the purpose of carrying into effect the agreement entered into with the Upper and Middle bands of Spokane Indians,^b dated March eighteenth, eighteen hundred and eighty-seven, and filed in the office of the Commissioner of Indian Affairs July first, eighteen hundred and eighty-seven, which agreement is hereby accepted, ratified and confirmed, the sum of thirty thousand dollars is hereby appropriated, out of any money in the Treasury not otherwise appropriated, as the first installment of the sum of ninety-five thousand dollars mentioned in said agreement; the above amount of thirty thousand dollars to be expended for the benefit of those removing to the Coeur d'Alene Reservation, in the erection of houses, assisting them in breaking land, purchase of cattle, seeds, agricultural implements, saw and grist mills, clothing, subsistence, and so forth.

Antelope, No. 101, List C, is omitted from Schedule B, as her name appears on schedule A, No. 98.

No such person as Mrs. Peter Hibbart, No. 122, List C, could be found. If there be any such Indian her rights, if any, are, it seems to us, fully protected by section severalty act of 1887.

The names of Lucy Morrison, Mary Morrison, Hannah Morrison, and Al. Morrison, jr., Nos. 1 to 4, List C, are omitted from Schedule B for the reason that the survey of the boundary of the reduced reserve disclosed the fact that their claims were on the retained part of the reserve, and not on the ceded portion.

The name of A. M. Quivey was added to Schedule A at the request of the Indians.

Schedules A and B were adjusted to the entire satisfaction of the Crow tribe, and the individual Indians interested therein. They were especially pleased with the issuance of certificates to the Indians named in Schedule B.

By reference to the certificate attached to Schedule B it will be seen that that list meets with the approval of the persons most familiar with the location of the unsurveyed claims on the reserve.

It is the opinion of the Commission that the inclosed treaty equitably adjusts the long-standing dispute as to the number and location of the Indian claims on the ceded part of the reserve, and leaves no room for further controversy in the matter.

The Indians are anxious to have their retained reserve irrigated to the best advantage, and were perfectly willing to transfer the necessary funds from the annuity to the irrigation fund.

They readily comprehended the advantages to be derived from clause 4 of the treaty with regard to interest.

The Indians insisted that all work, whether done by contract or otherwise, should be confined to themselves and the few whites intermarried with them. They seemed to fear that a general contract would be let to some large contractor who would employ mostly white labor.

They also wished the privilege of employing white men to act as foremen.

With the assistance of the educated Indians and mixed-bloods, and the few whites intermarried with them, the Commission believes that the Crows can do all the work required in constructing the proposed ditches.

The Commission presumes the cost of the work could be somewhat lessened by the employment of white labor, under the contract system. It is to be remembered, however, that the money spent belongs to the Indians themselves. Moreover, they are benefited, not only by the money earned, but by the habits of industry acquired. The Commission, therefore, believes that the material advancement of the entire tribe, caused by the employment of Indian labor in the construction of these ditches, will more than compensate for any extra cost.

The mixed-bloods on the ceded part of the reserve expect to remain there permanently, and to become citizens of the United States. They therefore requested that they be permitted to receive the cash value of the various annuity goods to which they may be entitled.

The plats of the survey made in 1891 by Samuel Bundock, for Thomas Kent et al., were of great assistance to the Commission. We recommend that the Government approve the same, and that thereupon Mr. Kent be paid the actual and reasonable cost thereof.

It was found that the selections of nine Indians, alleged to have been made during the sixty days subsequent to March 3, 1891, conflicted with the claims of certain white settlers alleged to be protected by the provisions of section 34 of the act ratifying the treaty of December 8, 1890. These Indians agreed to relinquish their claim

That the President of the United States is hereby authorized to appoint a commission to consist of three persons familiar with Indian affairs, not more than two of whom shall be of the same political party, who shall negotiate with the Turtle Mountain band of Chippewa Indians in North Dakota for the cession and relinquishment to the United States of whatever right or interest they may have in and to any and all land in said State to which they claim title, and for their removal to and settlement upon lands to be hereafter selected and determined upon by the Secretary of the Interior upon the recommendation of the proposed commissioners, subject to the approval of Congress. Said commissioners shall also report to the Secretary of the Interior the number of the said Chippewa Indians and the number of Mixed Bloods, if any, who are entitled to consideration by the United States Government; and the sum of six thousand dollars, or so much thereof as may be necessary, is hereby appropriated for the purpose of defraying the expense of the proposed negotiations.

to these disputed selections, and take others on the ceded strip in lieu thereof, provided they were paid \$50 each as damages for hay and improvements alleged to be owned by them on the disputed claims. The other Indians and the Commission assented to this. The new selections are very much better than the original ones, and the Indians interested are pleased at the exchange.

The Commission trusts the Indian Office will approve of this arrangement, as it removes the last vestige of conflict between whites and Indians as to disputed claims on the ceded strip.

The Indians claim that the former Commission promised that a fence should be built on the west line of the retained reserve to keep out unauthorized stock, and insisted that a provision to that effect be placed in the present treaty.

The members of the Commission were agreeably surprised at the success attained by a number of the Crows in the cultivation of irrigated land. A number of educated Indians and mixed-bloods were noticed fully capable of filling subordinate positions at the agency.

The Commission would respectfully recommend to the Indian Office that these persons be given employment, not so much for the personal benefit of the individuals employed as an inducement for the rising generation of Indians to qualify themselves for like employment.

The Indians complain that the stipulations of the treaty of December 8, 1890, have not been complied with. They especially request that a subagency be built at Pryor Creek and blacksmith and teacher be placed in the shop and schoolhouse already built there. They are also dissatisfied that the ditches are not being built more rapidly. Many Indians and mixed-bloods who desire to take their teams to work on the ditches are unable to do so because the superintendent can not give them employment.

The Commission most respectfully recommends that the stipulations of the treaty of December 8, 1890, be complied with as rapidly as possible, and that the superintendent in charge of irrigation on the Crow reserve be instructed to push the work of building ditches. If the Department can not conveniently furnish him with sufficient skilled employes or plow teams to block out more work, the Commission would recommend that small contracts be let to educated Indians and mixed-bloods, or whites intermarried with them. The Indian contractors could then obtain the necessary help, and teams, and implements themselves.

The Commission is under many obligations to the Crow agent, Maj. M. P. Wyman, and his corps of assistants, as well as to the interpreters employed.

Respectfully submitted.

First. It is hereby stipulated and agreed that the persons named in the accompanying schedule, marked "A," hereto attached and made a part of this agreement, include all the members of said tribe who are entitled to the benefits of the eleventh section of said agreement of December 8, 1890, and that each of said persons is entitled to the land therein described as his selection, in full satisfaction of his claim under said section, and that the persons named in the accompanying schedule, marked "B," hereto attached and made a part of this agreement, include all the members of said tribe who are entitled to the benefits of the twelfth section of said agreement of December 8, 1890 (and of the proviso of the thirty-fourth section of the act of Congress approved March 3, 1891, extending the privilege of making selections on the ceded lands for a period of sixty days), and that each of said persons therein named is entitled to retain the tract of land heretofore selected by him within the limits of the tract of land therein described as containing his selection of his claim under the said section (or the said proviso); *Provided, however,* that any of such Indians named as above in said schedules "A" or "B" shall have the right, at any time within three years from the 1st day of July, A. Third. It is hereby stipulated and agreed that the sum of \$200,000 may be taken from the funds of \$552,000 set aside as an annuity fund by the eighth section of the agreement of December 8, 1890, and added to the fund of \$200,000 set apart by the first section of said agreement, to be expended under the direction of the Secretary of the Interior in the building of dams, canals, ditches, and laterals for purposes of irrigation in the valleys of Big Horn and Little Horn Rivers, and on Pryor Creek, and such other streams as the Secretary of the Interior may deem proper, and that not exceeding \$100,000 may be expended annually for such purpose: *Provided*, That in case that less than \$100,000 has been, or may be, expended for such purpose in any one year, the difference may, in the discretion of the Secretary of the Interior, be expended in any year or years thereafter in addition to the said sum of \$100,000: *Provided further*, That in the construction of such dams, canals, ditches, and laterals, no contract shall be awarded, or employment given, to other than Crow Indians or whites intermarried with them, except that any Indian employed in such construction may hire white men to work for him if he so desires: *Provided*, That nothing herein contained shall be construed to prevent the employment of such civil engineers or other skilled employes as may be necessary.

Seventh. It is hereby stipulated and agreed that in consideration of the relinquishment by the following-named Indians of their claim to selections on Stillwater and Fish Tail creeks, each of said Indians shall be paid the sum of \$50 out of the fund provided for in the eleventh section of the agreement of December 8, 1890: The Woman, Bird comes from Afar, The Sheep's Child, Pretty Woman, Mother's Baby, Black Bull, Falls Towards Her, Strikes Her Painted Face, and Charley Bravo.

And said company may also take of the lands in said sections one and two in said reservation which have not yet been allotted, so much additional land as shall be required for the purposes of a reservoir and dam and necessary grounds appurtenant thereto, upon making payment as hereafter provided in respect to the right of way. And upon and after acquiring by purchase as aforesaid, with the approval of the Secretary of the Interior, the necessary grounds for reservoir and dam, the right of way is hereby granted to said Blue Mountain Irrigation and Improvement Company for a main ditch or canal to commence at a point on McKay Creek north, six degrees west of corner to sections one, two, eleven and twelve, township one south, range thirty-three east, Willamette meridian, thence running across said Indian reservation to the city of Pendleton, and to the Umatilla River, with the right to divert the waters of McKay Creek and its tributaries and for such other purposes to construct and maintain reservoirs, dams, flumes, ditches, and such other structures and devices as may be necessary for storing, conveying, and distributing water at such points as said company may desire to use the same. But all the rights herein granted are upon the express condition that during their continuance, the grantees or their assigns shall furnish to occupants of said lands on said reservation, so situated as to be capable of irrigation or supply from any ditch constructed by them hereunder, water sufficient for purposes of agricultural and domestic uses and irrigation under such rules and regulations and on such terms as the Secretary of the Interior shall prescribe, and shall not divert or diminish the volume of water in said streams or exhaust either of them, so far as to impair vested rights, or to hinder, or prevent the occupants of lands on said reservation from the full enjoyment of said streams either for power, irrigation, or domestic purposes. For the purpose of determining the fairness of any agreement of sale negotiated with any of said Indian owners or allottees, and the wisdom of their making such sale to said company, the Secretary of the Interior shall appoint such commissioners, not exceeding three in number, as he shall think fit, to personally inquire into and report to him the facts in respect to said matter, and he shall approve and ratify or disapprove any such agreement as he shall think the best interests of the Indians may require; and all expenses attending such inquiry shall be paid by the said Blue Mountain Irrigation and Improvement Company, security for the payment of which may be required in advance by the Secretary of the Interior.

That the right of way to said company shall be fifty feet in width on each side of the center line of said ditch or canal, together with the ground adjacent to the said right of way for distributing ditches not exceeding ten acres in the aggregate for every ten miles of said ditch or canal. The company shall also have the right to enter upon lands adjacent to said canal or reservoir to take therefrom material, stone, earth, or timber necessary for the construction of said dam, ditch, or canal. But no land belonging to any Indian owner in severalty, or which shall have been selected for allotment by any Indian, shall be taken by the said company, nor shall the company have a right to take therefrom any material, stone, earth, or timber except by agreement with the said Indian owner approved by the Secretary of the Interior, or by first making compensation for the same, and any injury thereby caused to other lands of such Indian owner or allottee,

SEC. 3. That the Secretary of the Interior may appoint three commissioners to fix the amount of compensation to be paid the Indian owners or allottees for right of way for the said main ditch or canal of the said company, which shall include the value of the land taken therefor and all damages to other lands of such owner or allottee caused by such taking; and also to fix the amount of compensation to be paid for any lands of the tribe, not allotted or selected for allotment by individuals which may be required by the said company for reservoir and dam and adjacent grounds or for right of way or for distributing ditches, which shall be fixed upon the same principle; and such compensation and damages shall be ascertained and adjusted and all surveys made pursuant to such regulations as the Secretary of the Interior shall prescribe, and shall be in all cases subject to his approval. In case of inability or refusal of any commissioner to act or continue in service, after appointment, the Secretary of the Interior shall by appointment supply such vacancy or vacancies so caused. The Secretary of the Interior shall fix the compensation of such commissioners, not exceeding that allowed to the commissioners appointed under the provisions of an act of Congress entitled "An act providing for the allotment of lands in severalty to the Indians residing upon the Umatilla Indian Reservation in the State of Oregon, and granting patents therefor, and for other purposes," approved March third, eighteen hundred and eighty-five, and the same shall be paid by the said Blue Mountain Irrigation and Improvement Company and the Secretary of the Interior may require security for the payment thereof in advance of their appointment. The consent of the Indians upon said reservation to the granting of this right of way and the diversion of the water necessary to the accomplishment of the purposes of said company shall be obtained by the said company in such manner as the Secretary of the Interior shall prescribe, before any right of way under this act shall accrue to this company. In all cases, all lands which have been selected by any individual Indians upon said reservation for allotment, shall be treated and regarded for the purposes of this act as belonging to such Indian allottee; but the Secretary of the Interior may hold any moneys agreed to be paid, or awarded to him, in compensation for lands sold or taken, or injuries resulting, until the approval by him of the allotment and the issuance of patent therefor; but the same shall then be paid over to, or invested for, such Indian owner as the Secretary of the Interior in his discretion may see fit. Payment for land in said reservation held by the Indians of said tribe in common, and of all damages awarded to them by reason of the construction of the dam and reservoir, ditch or canal, are to be made to the confederated tribe in common occupying the reservation under the direction of the Secretary of the Interior.

SEC. 4. That said company shall not assign, transfer, or mortgage its rights of way for any purpose whatever until the said canal shall be completed except however that the company may mortgage said franchise for the purpose of raising money to construct said reservoir and canals: *Provided*, That the right herein granted shall be lost and forfeited by said company unless the canal is constructed across the reservation within three years from the passage of this act.

SEC. 5. This provision shall apply alike to both sexes, and to all ages, parents acting for their children who are under their control, and the Yankton Indian agent acting for minor orphans who have no guardians.

If the Secretary of the Interior shall not, within one year after the ratification of this agreement by Congress, refer the question of the ownership of the said Pipestone Reservation to the Supreme Court, as provided for above, such failure upon his part shall be construed as, and shall be, a waiver by the United States of all rights to the ownership of the said Pipestone Reservation, and the same shall thereafter be solely the property of the Yankton tribe of the Sioux Indians, including the fee to the land.

[28 Stat., 318.]

ARTICLE XVII.

No intoxicating liquors nor other intoxicants shall ever be sold or given away upon any of the lands by this agreement ceded and sold to the United States, nor upon any other lands within or comprising the reservations of the Yankton Sioux or Dakota Indians as described in the treaty between the said Indians and the United States, dated April 19th, 1858, and as afterwards surveyed and set off to the said Indians. CHAP. 114.—An act for the relief of certain Winnebago Indians in Minnesota.

Whereas by the fourth section of an Act entitled "An Act for the removal of the Winnebago Indians, and for the sale of their reservation in Minnesota for their benefit," approved February twenty-first, eighteen hundred and sixty-three, it was made the duty of the Secretary of the Interior to allot to said Indians in severalty "lands which they may respectively cultivate and improve, not exceeding eighty acres to each head of a family other than to the chiefs to whom larger allotments may be made, which lands, when so allotted, shall be vested in said Indian and his heirs, without the right of alienation, and shall be evidenced by patent;" and

Whereas by the ninth section of the Indian appropriation Act approved July fifteenth, eighteen hundred and seventy, the Secretary of the Interior was "directed to cause to be investigated and to determine the claims of certain Indians of the Winnebago tribe now lawfully residing in the State of Minnesota; to issue patents, without the right of alienation, to those of them whom he shall find to be entitled thereto for the lands heretofore allotted to them in severalty," and so forth; and

Whereas by the Indian appropriation Act approved May twenty-ninth, eighteen hundred and seventy-two, it was declared to be the intention and meaning of said ninth and tenth sections of the Act of eighteen hundred and seventy "to authorize and direct the Secretary of the Interior to cause to be patented to each and every Winnebago Indian lawfully resident in the State of Minnesota at the date of this Act, in accordance with the conditions of said two sections, an allotment of land," and so forth; and

Whereas such a restriction for all time, without the right of alienation, by anyone, under any circumstances, is an entailment upon the land, which it is not deemed to be desirable; Therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the fourth and ninth sections of the Acts of eighteen hundred and sixty-three and eighteen hundred and seventy, respectively, so far as they relate to the lands of the Winnebago Indians in Minnesota, be, and the same are hereby, modified so as to permit the alienation and conveyance of said lands, with the consent and approval of the Secretary of the Interior.

Proclamation, post,
p. 1009.

Whereas David H. Jerome, Alfred M. Wilson, and Warren G. Sayre, duly appointed commissioners on the part of the United States, did, on the fourth day of June, eighteen hundred and ninety-one, conclude an agreement with the Wichita and affiliated bands of Indians in Oklahoma Territory, formerly a part of the Indian Territory, which said agreement is as follows:

"Articles of agreement made and entered into at Anadarko, in the Indian Territory, on the 4th day of June, A. D. 1891, by and between David H. Jerome, Alfred M. Wilson, and Warren G. Sayre, commissioners on the part of the United States, and the Wichita and affiliated bands of Indians in the Indian Territory.

"ARTICLE I.

Lands ceded.

"The said Wichita and affiliated bands of Indians in the Indian Territory hereby cede, convey, transfer, relinquish, forever and absolutely, without any reservation whatever, all their claim, title and

interest of every kind and character in and to the lands embraced in the following-described tract of country in the Indian Territory, to wit:

"Commencing at a point in the middle of the main channel of the Washita River, where the ninety-eighth meridian of west longitude crosses the same, thence up the middle of the main channel of said river to the line of $98^{\circ} 40'$ west longitude, thence on said line of $98^{\circ} 40'$ due north to the middle of the channel of the main Canadian River, thence down the middle of said main Canadian River to where it crosses the ninety-eighth meridian, thence due south to the place of beginning.

"ARTICLE II.

"In consideration of the cession recited in the foregoing article, the United States agrees that out of said tract of country there shall be allotted to each and every member of said Wichita and affiliated bands of Indians in the Indian Territory, native and adopted, one hundred and sixty acres of land, in the manner and form as follows: Allotment of lands to Indians.

"Said tract of country shall be, by the United States, classified into grazing and grain-growing land, and when so classified each of said Indians shall be required to take at least one-half in area of his or her allotment in grazing land, subject to the foregoing and other restrictions hereinafter recited. Each and every member of said Wichita and affiliated bands of Indians in the Indian Territory over the age of eighteen years shall have the right to select for himself or herself one hundred and sixty acres of land, to be held and owned in severalty, but to conform to legal surveys in boundary as nearly as practicable; and that the father, or if he be dead the mother (if members of said tribe or bands of Indians), shall have the right to select a like amount of land, under the same restrictions, for each of his or her children under the age of eighteen years; and that the Commissioner of Indian Affairs, or some one appointed by him for the purpose, shall select a like amount of land, under the same restrictions, for each orphan child belonging to said tribe or bands of Indians under the age of eighteen years.

"It is hereby further expressly agreed that no person shall have the right to make his or her selection of land in any part of said tract of country that is now used or occupied, or that has been or may hereafter be set apart for military, agency, school, school farm, religious, town site, or other public uses, or in sections sixteen (16) and thirty-six (36) in each Congressional township, except, in cases where any member of said Wichita and affiliated bands of Indians has heretofore made improvements upon and now occupies and uses a part of said section sixteen (16) and thirty-six (36), such Indian may make his or her selection, according to the legal subdivisions, so as to include his or her improvements. It is further agreed that wherever in said tract of country any one of said Indians has made improvements and now uses and occupies the land embracing such improvements, such Indian shall have the undisputed right to make his or her selection, to conform to legal subdivisions, however, so as to include such improvements, without reference to the classification of land hereinbefore recited.

"ARTICLE III.

"All allotments hereunder shall be selected within ninety days from the ratification of this agreement by Congress of the United States; provided, the Secretary of the Interior, in his discretion, may extend the time for making such selection; and should any Indian entitled to allotments hereunder fail or refuse to make his or her selection of land in such time, then the allotting agent in charge of the work of making

Selection of lands

such allotments shall, within the next thirty (30) days after said time, make allotments to such Indians, which shall have the same force and effect as if the selections were made by the Indians themselves.

“ARTICLE IV.

Titles to be held in trust.

Ante, p. 33.

“When said allotments of land shall have been selected and taken as aforesaid, and approved by the Secretary of the Interior, the titles thereto shall be held in trust for the allottees, respectively, for a period of twenty-five (25) years, in the manner and to the extent provided for in the act of Congress entitled “An act to provide for the allotment of land in severalty to Indians on the various reservations, and to extend the protection of the laws of the United States and the Territories over the Indians, and for other purposes.” Approved February 8, 1887. And at the expiration of twenty-five (25) years the title thereto shall be conveyed in fee simple to the allottees, or their heirs, free from all incumbrances.

“ARTICLE V.

Cash payment.

“In addition to the allotments above provided for, and the other benefits to be received under the preceding articles, said Wichita and affiliated bands of Indians claim and insist that further compensation, in money, should be made to them by the United States, for their possessory right in and to the lands above described in excess of so much thereof as may be required for their said allotments. Therefore it is further agreed that the question as to what sum of money, if any, shall be paid to said Indians for such surplus lands shall be submitted to the Congress of the United States, the decision of Congress thereon to be final and binding upon said Indians; provided, if any sum of money shall be allowed by Congress for surplus lands, it shall be subject to a reduction for each allotment of land that may be taken in excess of one thousand and sixty (1,060) at that price per acre, if any, that may be allowed by Congress.

“ARTICLE VI.

Claims not impaired.

“It is further agreed that there shall be reserved to said Indians the right to prefer against the United States any and every claim that they may believe they have the right to prefer, save and except any claim to the tract of country described in the first article of this agreement.

“ARTICLE VII.

Lands for religious, etc., uses.

[28 Stat., 897.]

“It is hereby further agreed that wherever, in this reservation, any religious society or other organization is now occupying any portion of said reservation for religious or educational work among the Indians the land so occupied may be allotted and confirmed to such society or organization; not, however, to exceed one hundred and sixty (160) acres of land to any one society or organization, so long as the same shall be so occupied and used, and such land shall not be subject to homestead entry. That whenever said lands are abandoned for school purposes the same shall revert to said Indian Tribes and be disposed of for their benefit.

“ARTICLE VIII.

Ratification.

“This agreement shall have effect whenever it shall be ratified by the Congress of the United States.

“In witness whereof, the said commissioners on the part of the United States have hereunto set their hands, and the undersigned members of the said Wichita and affiliated bands of Indians have set their hands, the day and year first above written.”

Price per acre.

SEC. 2. That said corporation is authorized to take and use for all purposes of a railway and telegraph and telephone line, and for no other purpose, a right of way one hundred feet in width through the said Choctaw Nation, for the said Arkansas and Choctaw Railway Company, the same to be fifty feet on either side of the track of said railway from the center thereof, and, in addition to the above right of way, to take and use a strip of land one hundred feet in width, with a length of two thousand feet, for stations at such points as the said railway company may deem to their interest to erect, with the right to use such additional grounds, where there are heavy cuts or fills, as may be necessary for the construction and maintenance of the roadbed and track, not exceeding fifty feet in width on each side of the said right of way, or as much thereof as may be included in said cut or fill: *Provided*, That no more than said addition of land shall be taken for any one station: *Provided further*, That no part of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railroad, telegraph, and telephone lines; and when any portion thereof shall cease to be so used, such portion shall revert to the Choctaw Nation.

In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of disinterested referees, to be appointed, one (who shall act as chairman) by the President, one by the principal chief of the Choctaw Nation, and one by said railway company, who, before entering upon the duties of their appointment, shall take and subscribe, before a judge or clerk of a United States court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with, the Secretary of the Interior within sixty days from the completion thereof; and upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the judge of the United States court for the central district of the Indian Territory upon the application of the other party. A majority of said referees shall be competent to act in case of the absence of a member, after due notice. The chairman of such board shall appoint the time and place for all hearings: *Provided*, That the hearings shall be within the county where the property is situated for which compensation is being assessed for the taking thereof or damage thereto, and at a place as convenient as may be for said occupant, unless said occupant and said railway company agree to have the hearing at another place. Said board of referees shall have power to call for and examine witnesses under oath, and said witnesses shall receive the usual fees allowed witnesses

In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed, one (who shall act as chairman) by the President, one by the chief of the nation to which said occupant belongs, or, in case of an allottee, by said allottee or by his duly authorized guardian or representative, and one by said railway company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. In case the referees can not agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after making the award and notice of the same, to appeal by original petition to any district court in the Indian Territory, or Oklahoma Territory, which court shall have jurisdiction to hear and determine the subject-matter of said petition. If the judgment of the court shall be for a smaller sum than the award of the referees, then the costs shall be adjudged against the party claiming damages. For and in consideration of the sum to be paid and the obligations assumed on the part of the United States, as hereinafter set forth, said Indians of the Fort Belknap Reservation hereby convey, relinquish, and release to the United States all their right, title, and interest in and to that portion of their present reservation, in the State of Montana, lying and being within the following described lines, to wit: Beginning at the 54-mile boundary monument, at a point about the middle of the crest of Mission Butte, and following a straight line, bearing (magnetic) north 17 degrees 30 minutes west, to the highest point on a limestone ridge on the south side of the north fork of People's Creek, and running at right angles to the course of said creek at this point; thence in a straight line, bearing (magnetic) north 2 degrees 45 minutes west, to a rounded, timbered knob on the crest of the limestone reef on the north side of the north fork of People's Creek, and parallel with its general course; thence easterly, following the crest of the last-mentioned limestone reef north of the north fork of People's Creek, to a low rounded hill on said limestone reef, where it dips down to the valley of Lodge Pole, or Red Mountain Creek; thence in a straight line, north 74 degrees east (magnetic) to the wooded limestone ridge known as Travois Butte, where a line drawn from the summit of Granite Butte (the peak south of the 61½ mile boundary monument) north 15 degrees east (magnetic) would intersect it; thence along said straight line to the southern boundary line of the present reservation; thence along said southern boundary line of the present reservation to the point of beginning.

Lands relinquished.

ARTICLE II.

For and in consideration of the conveyance, cession, and relinquishment hereinbefore made, the United States hereby covenants and agrees to advance and expend during the period of four years, beginning from and after the expiration of the payments provided for in the agreement made between the parties hereto on the eleventh day of February, A. D. eighteen hundred and eighty-seven, and ratified by Congress on the first day of May, A. D. eighteen hundred and eighty-eight, under the direction of the Secretary of the Interior for the

Consideration.

Indians, the sum of three hundred and sixty thousand dollars. It is agreed that the said money shall be deposited in the Treasury of the United States immediately upon the expiration of the payments under the said agreement of 1887, to bear interest at the rate of four per centum per annum, and there shall be expended the sum of ninety thousand dollars yearly, or so much thereof as may be necessary, as hereinafter provided. It is provided that any surplus accumulated under and remaining at the expiration of payments under the agreement of 1887 shall also bear interest at the rate of four per centum per annum.

Such sums, or so much thereof as may be necessary in any one year, shall be expended in the purchase of cows, bulls, and other live stock, goods, clothing, subsistence, agricultural implements; in providing employees, in the education of Indian children, in procuring medicine and medical attendance, in the care and support of the aged, sick, and infirm, and helpless orphans; in the erection and keeping in repair of such new agency and school buildings, mills, blacksmith, carpenter and wagon shops, as may be necessary; in assisting the Indians to build and keep in repair their houses, enclose and irrigate their farms, and in such other ways as may best promote their civilization and improvement.

ARTICLE III.

Employment of Indians, etc.

It is agreed that in the employment of all agency and school employees preference in all cases be given to Indians residing on the reservation, who are well qualified for such positions, and that all cattle issued to said Indians for stock-raising purposes, and their progeny, shall bear the brand of the Indian Department, and shall not be sold, exchanged, or slaughtered except by the consent of the agent in charge, until such time as this restriction shall be removed by the Commissioner of Indian Affairs.

ARTICLE IV.

Distribution of cattle, etc.; preferences.

In order to encourage habits of industry and to reward labor, it is further understood and agreed that in the giving out or distribution of cattle or other stock, goods, clothing, subsistence, and agricultural implements, as provided in Article II, preference shall be given to Indians who endeavor by honest labor to support themselves, and especially to those who in good faith undertake the cultivation of the soil and engage in pastoral pursuits as a means of obtaining a livelihood, and the distribution of these benefits shall be made from time to time in such manner as shall best promote the objects specified.

ARTICLE V.

Stock raising, etc.

As the scarcity of water on this reservation renders the pursuit of agriculture difficult and uncertain, and since the reservation is well adapted to stock raising, and it seems probable that the main reliance of these Indians for self-support is to be found in cattle raising, it is agreed that during the existence of this agreement no allotments of land in severalty shall be made to them, but that this whole reservation shall continue to be held by these Indians as a communal grazing tract, upon which their herds may feed undisturbed; and that after the expiration of this agreement the land shall continue to be so held until such time as a majority of the adult males of the tribes shall request in writing that allotment in severalty shall be made of their lands: *Provided*, That any member of the tribes may, with the approval of the agent in charge, fence in such area of land as he and the members of his family would be entitled to under the allotment act, and may file

reside upon said reservation, set apart for said Indians in Montana, and that said subscribers are male adults over the age of 21 years.

Agreement concluded September twenty-sixth, eighteen hundred and ninety-five, with the Indians of the Blackfeet Reservation, in Montana, by William C. Pollock, George Bird Grinnell, and Walter M. Clements, commissioners.

Commissioners.

This agreement, made and entered into the twenty-sixth day of September, anno Domini eighteen hundred and ninety-five, by and between William C. Pollock, George Bird Grinnell, and Walter M. payment provided for herein, shall also be placed in the United States Treasury to the credit of said Indians, and shall bear interest at the rate of four per centum per annum. Such sums, or so much thereof as may be necessary in any one year, shall be expended in the purchase of cows, bulls, and other live stock, goods, clothing, subsistence, agricultural implements, in providing employees, in the education of Indian children, in procuring medicine and medical attendance, in the care and support of the aged, sick, and infirm, and of helpless orphans, in the erection and keeping in repair of such new agency and school buildings, mills, blacksmith, carpenter, and wagon shops as may be necessary, in assisting the Indians to build and keep in repair their houses, inclose and irrigate their farms, and in such other ways as may best promote their civilization and improvement.

ARTICLE III.

Employment of Indians, etc.

It is agreed that in the employment of all agency and school employees preference in all cases be given to Indians residing on the reservation, who are well qualified for such positions; and that all cattle issued to said Indians for stock-raising purposes, and their progeny, shall bear the brand of the Indian Department, and shall not be sold, exchanged, or slaughtered, except by the consent of the agent in charge, until such time as this restriction shall be removed by the Commissioner of Indian Affairs.

ARTICLE IV.

Distribution of cattle, etc.; preferences.

In order to encourage habits of industry and to reward labor, it is further understood and agreed that, in the giving out or distribution of cattle or other stock, goods, clothing, subsistence, and agricultural implements, as provided in Article II, preference shall be given to Indians who endeavor by honest labor to support themselves, and especially to those who in good faith undertake the cultivation of the soil and engage in pastoral pursuits as a means of obtaining a livelihood, and the distribution of these benefits shall be made from time to time, in such manner as shall best promote the objects specified.

ARTICLE V.

Stock raising, etc.

Since the situation of the Blackfeet Reservation renders it wholly unfit for agriculture, and since these Indians have shown within the past four years that they can successfully raise horned cattle, and there is every probability that they will become self-supporting by attention to this industry, it is agreed that during the existence of this agreement no allotments of land in severalty shall be made to them, but that this whole reservation shall continue to be held by these Indians as a communal grazing tract upon which their herds may feed undisturbed; and that after the expiration of this agreement the lands shall continue to be held until such time as a majority of the adult males of the tribe shall request in writing that allotment in severalty shall be made of their lands: *Provided*, That any member of the tribe may, with the approval of the agent in charge, fence in such area of land as he and the members of his family would be entitled to under the allotment act, and may file with the agent a description of such land and of the improvements that he has made on the same, and the filing of such description shall give the said members of the tribe the right to take such land when allotments of the land in severalty shall be made.

ARTICLE VI.

Surveys, etc.

So soon as this agreement shall have received the approval of Congress the boundary lines described in Article I shall be surveyed and designated by two engineers, one of whom shall be selected by the

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it shall be lawful for the Campbell-Lynch Bridge Company, a corporation organized under the laws of the State of Arkansas, its successors or assigns, to build, construct, and maintain a bridge and approaches thereto for the passage of wagons, cars, and vehicles of all kinds, for animals, horseback and foot passengers, across the Arkansas River at or near Webbers Falls, in said Cherokee Nation, Indian Territory, upon and from the land owned, claimed, and occupied by William W. Campbell and Susan F. Lynch, members and citizens of the Cherokee tribe of Indians, and the owners, claimants, and occupants of the land on both sides of the Arkansas River at the point where said bridge is to be built.

SEC. 2. That said bridge shall be built with such length of spans and at such elevation as the Secretary of War may require, and the said company shall, at its own expense, build and maintain such dikes, wing dams, booms, and other work as may, in the opinion of the Secretary of War, be necessary to maintain the channel of the river within the draw or main span of the bridge: *Provided*, That if said bridge be built as a drawbridge it shall be opened promptly upon reasonable signal for the passage of boats and other water craft; and whatever kind of bridge is constructed the company shall maintain thereon, at its own expense, such lights and other signals as the Light-House Board may prescribe: *Provided also*, That said bridge shall be recognized and known as a post route, upon which no higher charge shall be made for the transmission over the same of the mails, troops, and munitions of war of the United States than the rate per mile paid for their transportation over the railroads or highways leading to said bridge, and the United States shall have the right of way for a postal telegraph across said bridge: *And provided further*, That the company availing itself of the privilege of this Act shall submit to the Secretary of War for his approval drawings showing the plan and location of the said bridge, and until he has approved the said plan and location the bridge shall not be commenced or built; and no change in the said plans, either before or after completion, shall be made without the consent of the Secretary of War, but any change whatever in said bridge that he may order in the interests of navigation, either during construction or after construction, shall be made by the owners thereof at their own cost and expense.

SEC. 3. That said Campbell-Lynch Bridge Company, its successors and assigns, is hereby authorized to take and use for all purposes of a

highway or approaches to said bridge a right of way not exceeding one hundred feet in width on each side of the Arkansas River over the lands owned, occupied, and claimed by individuals under the laws and usages of the Cherokee Indians, or under the laws of the United States, and may contract for and obtain the same from such Indian or Indians by purchase: *Provided*, That no part of the lands herein authorized to be taken be leased or sold by the said Campbell-Lynch Bridge Company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said highway; and when any portion thereof shall cease to be used such portion shall revert to the individual Indian or Indians from which the same shall have been taken.

SEC. 4. That before said highway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of the Cherokee Nation, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such highway. In case of failure to make amicable settlements with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed, one, who shall act as chairman, by the President of the United States, one by the chief of the nation to which said occupant belongs, and one by the said Campbell-Lynch Bridge Company, who, before entering upon the duties of their appraisements, shall take and subscribe before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appraisement, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the district judge of the United States court held at Muskogee, Indian Territory, upon the application of the other party. The chairman of said board shall appoint the time and place of all hearings within the nation to which such occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day he is engaged in the trial of any cause submitted to him under this Act, with mileage at five cents per mile. Witnesses shall receive the usual fees allowed by the court of said nation. Costs, including compensation of said referees, shall be made a part of the award, and be paid by the said Campbell-Lynch Bridge Company. In case the referees do not agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court held at Fort Smith, Arkansas, which court shall have jurisdiction to hear and determine the subject-matter of the petition, according to the laws of the State of Arkansas for determining the damage when property is taken for railroad purposes. If, upon the hearing of said appeal, the judgment of the court shall be for a larger sum than the award of the referees, the costs of said appeal shall be adjudged against the said Campbell-Lynch Bridge Company. If the judgment of the court shall be for the same or a less sum than the award made by the referees, then the costs shall be adjudged against the party claiming damages. CHAP. 502.—An act to authorize the Missouri, Kansas and Texas Railway Company to straighten and restore the channel of the South Canadian River, in the Indian Territory, at the crossing of said railroad.

June 27, 1898.
30 Stat., 493.

Whereas the Missouri, Kansas and Texas Railway Company, heretofore, under and pursuant to authority conferred upon it by an act of Congress of the United States, built and constructed its line of railroad through the Indian Territory and through the Creek and Choctaw nations, and pursuant to said Congressional authority, as a part of its said line of railroad, many years since, at great expense, built and constructed a railroad bridge across the South Canadian River; and

Preamble.

Whereas the said South Canadian River, at the point it is crossed by said railroad bridge, and for a long distance on both sides, forms the established boundary line between the said Creek and Choctaw nations; and

Whereas recently unprecedented floods occurred in the South Canadian Valley, resulting in that river overflowing its banks at many points and flooding the contiguous territory and also resulting in the diversion of that river from its old channel at the point it was so bridged by the Missouri, Kansas and Texas Railway Company and for some distance above and below, and the formation of a new course some distance to the north of said bridge, washing away the railroad and railroad bed for a distance of about two miles, seriously interrupting and impeding the transportation of the mails, troops, munitions of war, and interstate commerce generally; and

Whereas it is important that the course of said river be restored to the old channel at and below the bridge of said Missouri, Kansas and Texas Railway Company, and so established immediately above said bridge as to prevent as far as practicable any further shiftings of the channel of the river and breaking of the railway embankments and overflows of adjoining farm lands, and make possible the continued and uninterrupted use of said railroad and said railroad bridge: Therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That said Missouri, Kansas and Texas Railway Company be, and it is hereby, authorized, at its sole expense, to restore the said river to its original channel, under

Missouri, Kansas and Texas Railroad may restore South Canadian River to its original channel.

- and below said railroad bridge, and to that end to straighten and shorten the river above said bridge by excavating and constructing a channel for the river, commencing at said bridge and extending thence across sections twenty-eight and twenty-nine of township nine north, of range fifteen east, to the South Canadian River, at or near the northwest corner of said section twenty-nine, and for that purpose the said railway company is authorized to enter upon lands adjacent to said railroad.
- location, SEC. 2. That before said channel shall be excavated and constructed through any lands held by individual occupants according to the laws, customs, and usages of the Creek and Choctaw nations, full compensation shall be made to such occupants for all property to be taken or damaged by reason of the construction of said channel. In case of failure to make amicable settlements with any occupant, the railway company may file its petition in the United States court in the Indian Territory for the district in which the lands lie, reciting its failure to make such amicable settlement, and thereupon said court shall appoint a commission of three disinterested persons, having the qualifications of jurors in said court, to view the premises and appraise the damages to be sustained by such occupant, who, before entering upon their duties, shall take and subscribe before said courts or the clerk thereof an oath that they will faithfully and impartially discharge the duties imposed by their appointment, which oath, duly certified, shall be returned with their award. The award of a majority of said commissioners shall be the award of the commission, and such award shall be filed within ten days after the appointment of said commission. Either party being dissatisfied with the award may file exceptions in said court thereto within ten days from the filing of the same, and a trial of the issues raised by such exceptions shall be had in said court as in other cases. If neither party files exceptions the railway company shall pay into court, before entering upon the land condemned, the amount of said award, together with all costs, assessed as in ordinary cases in said court: *Provided*, That said commissioners shall be allowed and paid four dollars per day, with mileage at five cents per mile. If either party files exceptions, then the railway company shall pay into court double the amount of the award to abide the judgment thereof, and may at once proceed with the construction of said channel.
- Damages to Indian occupants, SEC. 3. That the boundary line between the Creek and Choctaw nations shall be and remain unchanged by reason of the work hereinbefore authorized to be done by said railway company.
- appointment of commission to appraise. SEC. 4. That the Missouri, Kansas and Texas Railway Company by such condemnation proceedings and the construction of said channel, and the diversion of the river through same, shall have no other or further rights in and to said river than it now has.

That all the lands within the Indian Territory belonging to the Choctaw and Chickasaw Indians shall be allotted to the members of said tribes so as to give to each member of these tribes so far as possible a fair and equal share thereof, considering the character and fertility of the soil and the location and value of the lands.

[30 Stat., 506.]

That all the lands set apart for town sites, and the strip of land lying between the city of Fort Smith, Arkansas, and the Arkansas and Poteau rivers, extending up said river to the mouth of Mill Creek; and six hundred and forty acres each, to include the buildings now occupied by the Jones Academy, Tushkahoma Female Seminary, Wheelock Orphan Seminary, and Armstrong Orphan Academy, and ten acres for the capitol building of the Choctaw Nation; one hundred and sixty acres each,

immediately contiguous to and including the buildings known as Bloomfield Academy, Lebanon Orphan Home, Harley Institute, Rock Academy, and Collins Institute, and five acres for the capitol building in the Chickasaw Nation, and the use of one acre of land for each church house now erected outside of the towns, and eighty acres of land each for J. S. Murrow, H. R. Schermerhorn, and the widow of R. S. Bell, who have been laboring as missionaries in the Choctaw and Chickasaw nations since the year eighteen hundred and sixty-six, with the same conditions and limitations as apply to lands allotted to the members of the Choctaw and Chickasaw nations, and to be located on lands not occupied by a Choctaw or a Chickasaw, and a reasonable amount of land, to be determined by the town-site commission, to include all court-houses and jails and other public buildings not hereinbefore provided for, shall be exempted from division. And all coal and asphalt in or under the lands allotted and reserved from allotment shall be reserved for the sole use of the members of the Choctaw and Chickasaw tribes, exclusive of freedmen: *Provided*, That where any coal or asphalt is hereafter opened on land allotted, sold, or reserved, the value of the use of the necessary surface for prospecting or mining, and the damage done to the other land and improvements, shall be ascertained under the direction of the Secretary of the Interior and paid to the allottee or owner of the land by the lessee or party operating the same, before operations begin. That in order to such equal division, the lands of the Choctaws and Chickasaws shall be graded and appraised so as to give to each member, so far as possible, an equal value of the land: *Provided further*, That the Commission to the Five Civilized Tribes shall make a correct roll of Chickasaw freedmen entitled to any rights or benefits under the treaty made in eighteen hundred and sixty-six between the United States and the Choctaw and Chickasaw tribes and their descendants born to them since the date of said treaty, and forty acres of land, including their present residences and improvements, shall be allotted to each, to be selected, held, and used by them until their rights under said treaty shall be determined, in such manner as shall hereafter be provided by act of Congress.

That the lands allotted to the Choctaw and Chickasaw freedmen are to be deducted from the portion to be allotted under this agreement to the members of the Choctaw and Chickasaw tribe so as to reduce the allotment to the Choctaws and Chickasaws by the value of the same.

That the said Choctaw and Chickasaw freedmen who may be entitled to allotments of forty acres each shall be entitled each to land equal in value to forty acres of the average land of the two nations.

That in the appraisal of the lands to be allotted the Choctaw and Chickasaw tribes shall each have a representative, to be appointed by their respective executives, to cooperate with the commission to the Five Civilized Tribes, or any one making appraisements under the direction of the Secretary of the Interior in grading and appraising the lands preparatory to allotment. And the land shall be valued in the appraisal as if in its original condition, excluding the improvements thereon.

That the appraisal and allotment shall be made under the direction of the Secretary of the Interior, and shall begin as soon as the progress of the surveys, now being made by the United States Government, will admit.

That each member of the Choctaw and Chickasaw tribes, including Choctaw and Chickasaw freedmen, shall, where it is possible, have the right to take his allotment on land, the improvements on which belong to him, and such improvements shall not be estimated in the value of his allotment. In the case of minor children, allotments shall be selected for them by their father, mother, guardian, or the administrator having charge of their estate, preference being given in the order

named, and shall not be sold during his minority. Allotments shall be selected for prisoners, convicts, and incompetents by some suitable person akin to them, and due care taken that all persons entitled thereto have allotments made to them.

All the lands allotted shall be nontaxable while the title remains in the original allottee, but not to exceed twenty-one years from date of patent, and each allottee shall select from his allotment a homestead of one hundred and sixty acres, for which he shall have a separate patent, and which shall be inalienable for twenty-one years from date of patent. This provision shall also apply to the Choctaw and Chickasaw freedman to the extent of his allotment. Selections for homesteads for minors to be made as provided herein in case of allotment, and the remainder of the lands allotted to said members shall be alienable for a price to be actually paid, and to include no former indebtedness or obligation—one-fourth of said remainder in one year, one-fourth in three years, and the balance of said alienable lands in five years from the date of the patent.

That all contracts looking to the sale or incumbrance in any way of the land of an allottee, except the sale hereinbefore provided, shall be null and void. No allottee shall lease his allotment, or any portion thereof, for a longer period than five years, and then without the privilege of renewal. Every lease which is not evidenced by writing, setting out specifically the terms thereof, or which is not recorded in the clerk's office of the United States court for the district in which the land is located, within three months after the date of its execution, shall be void, and the purchaser or lessee shall acquire no rights whatever by an entry or holding thereunder. And no such lease or any sale shall be valid as against the allottee unless providing to him a reasonable compensation for the lands sold or leased.

That all controversies arising between the members of said tribes as to their right to have certain lands allotted to them shall be settled by the commission making the allotments.

That the United States shall put each allottee in possession of his allotment and remove all persons therefrom objectionable to the allottee.

That the United States shall survey and definitely mark and locate the ninety-eighth (98th) meridian of west longitude between Red and Canadian rivers before allotment of the lands herein provided for shall begin.

MEMBERS' TITLES TO LANDS.

That as soon as practicable, after the completion of said allotments, the principal chief of the Choctaw Nation and the governor of the Chickasaw Nation shall jointly execute, under their hands and the seals of the respective nations, and deliver to each of the said allottees patents conveying to him all the right, title, and interest of the Choctaws and Chickasaws in and to the land which shall have been allotted to him in conformity with the requirements of this agreement, excepting all coal and asphalt in or under said land. Said patents shall be framed in accordance with the provisions of this agreement, and shall embrace the land allotted to such patentee and no other land, and the acceptance of his patents by such allottee shall be operative as an assent on his part to the allotment and conveyance of all the lands of the Choctaws and Chickasaws in accordance with the provisions of this agreement, and as a relinquishment of all his right, title, and interest in and to any and all parts thereof, except the land embraced in said patents, except also his interest in the proceeds of all lands, coal, and asphalt herein excepted from allotment.

It is further agreed that there shall be appointed a commission for each of the two nations. Each commission shall consist of one member, to be appointed by the executive of the tribe for which said commission is to act, who shall not be interested in town property other than his home, and one to be appointed by the President of the United States. Each of said commissions shall lay out town sites, to be restricted as far as possible to their present limits, where towns are now located in the nation for which said commission is appointed. Said commission shall have prepared correct and proper plats of each town, and file one in the clerk's office of the United States district court for the district in which the town is located, and one with the principal chief or governor of the nation in which the town is located, and one with the Secretary of the Interior, be approved by him before the same shall take effect. When said towns are so laid out, each lot on which permanent, substantial, and valuable improvements, other than fences, tillage, and temporary houses, have been made, shall be valued by the commission provided for the nation in which the town is located at the price a fee-simple title to the same would bring in the market at the time the valuation is made, but not to include in such value the improvements thereon. The owner of the improvements on each lot shall have the right to buy one residence and one business lot at fifty per centum of the appraised value of such improved property, and the remainder of such improved property at sixty-two and one-half per centum of the said market value within sixty days from date of notice served on him that such lot is for sale, and if he purchases the same he shall, within ten days from his purchase, pay into the Treasury of the United States one-fourth of the purchase price, and the balance in three equal annual installments, and when the entire sum is paid shall be entitled to a patent for the same. In case the two members of the commission fail to agree as to the market value of any lot, or the limit or extent of said town, either of said commissioners may report any such disagreement to the judge of the district in which such town is located, who shall appoint a third member to act with said commission, who is not interested in town lots, who shall act with them to determine said value.

If such owner of the improvements on any lot fails within sixty days to purchase and make the first payment on same, such lot, with the improvements thereon, shall be sold at public auction to the highest bidder, under the direction of the aforesaid commission, and the purchaser at such sale shall pay to the owner of the improvements the price for which said lot shall be sold, less sixty-two and one-half per cent of said appraised value of the lot, and shall pay the sixty-two and one-half per cent of said appraised value into United States Treasury,

under regulations to be established by the Secretary of the Interior, in four installments, as hereinbefore provided. The commission shall have the right to reject any bid on such lot which they consider below its value. [30 Stat., 509.]

All lots not so appraised shall be sold from time to time at public auction (after proper advertisement) by the commission for the nation in which the town is located, as may seem for the best interest of the nations and the proper development of each town, the purchase price to be paid in four installments as hereinbefore provided for improved lots. The commission shall have the right to reject any bid for such lots which they consider below its value. Sale of unappraised lots.

All the payments herein provided for shall be made under the direction of the Secretary of the Interior into the United States Treasury, a failure of sixty days to make any one payment to be a forfeiture of all payments made and all rights under the contract: *Provided*, That the purchaser of any lot shall have the option of paying the entire price of the lot before the same is due. Payments. Proviso.—before due.

No tax shall be assessed by any town government against any town lot unsold by the commission, and no tax levied against a lot sold, as herein provided, shall constitute a lien on same till the purchase price thereof has been fully paid to the nation. Taxes.

The money paid into the United States Treasury for the sale of all town lots shall be for the benefit of the members of the Choctaw and Chickasaw tribes (freedmen excepted), and at the end of one year from the ratification of this agreement, and at the end of each year thereafter, the funds so accumulated shall be divided and paid to the Choctaws and Chickasaws (freedmen excepted), each member of the two tribes to receive an equal portion thereof. Disposition of proceeds of sale of town lots.

That no law or ordinance shall be passed by any town which interferes with the enforcement of or is in conflict with the laws of the United States in force in said Territory, and all persons in such towns shall be subject to said laws, and the United States agrees to maintain strict laws in the territory of the Choctaw and Chickasaw tribes against the introduction, sale, barter, or giving away of liquors and intoxicants of any kind or quality. Conflicting laws, etc.

That said commission shall be authorized to locate, within a suitable distance from each town site, not to exceed five acres to be used as a cemetery, and when any town has paid into the United States Treasury, to be part of the fund arising from the sale of town lots, ten dollars per acre therefor, such town shall be entitled to a patent for the same as herein provided for titles to allottees, and shall dispose of same at reasonable prices in suitable lots for burial purposes, the proceeds derived from such sales to be applied by the town government to the proper improvement and care of said cemetery. Intoxicants. Cemeteries, location of, etc.

That no charge or claim shall be made against the Choctaw or Chickasaw tribes by the United States for the expenses of surveying and platting the lands and town sites, or for grading, appraising, and allotting the lands, or for appraising and disposing of the town lots as herein provided. Expenses of surveying, etc.

That the land adjacent to Fort Smith and lands for court-houses, jails, and other public purposes, excepted from allotment shall be disposed of in the same manner and for the same purposes as provided for town lots herein, but not till the Choctaw and Chickasaw councils shall direct such disposition to be made thereof, and said land adjacent thereto shall be placed under the jurisdiction of the city of Fort Smith, Arkansas, for police purposes. Disposition of lands excepted from allotment.

There shall be set apart and exempted from appraisement and sale in the towns, lots upon which churches and parsonages are now built and occupied, not to exceed fifty feet front and one hundred feet deep for each church or parsonage: *Provided*, That such lots shall only be used for churches and parsonages, and when they ceased to be used shall Exemption of church lands. Coal and asphalt, property in.	It is agreed that all the coal and asphalt within the limits of the Choctaw and Chickasaw nation shall remain and be the common property of the members of the Choctaw and Chickasaw tribes (freedmen excepted), so that each and every member shall have an equal and undivided interest in the whole; and no patent provided for in this agreement shall convey any title thereto. The revenues from coal and asphalt, or so much as shall be necessary, shall be used for the education of the children of Indian blood of the members of said tribes.

Such coal and asphalt mines as are now in operation, and all others which may hereafter be leased and operated, shall be under the supervision and control of two trustees, who shall be appointed by the President of the United States, one on the recommendation of the Principal Chief of the Choctaw Nation, who shall be a Choctaw by blood, whose term shall be for four years, and one on the recommendation of the Governor of the Chickasaw Nation, who shall be a Chickasaw by blood, whose term shall be for two years; after which the term of appointees shall be four years. Said trustees, or either of them, may, at any time, be removed by the President of the United States for good cause shown. They shall each give bond for the faithful performance of their duties, under such rules as may be prescribed by the Secretary of the Interior. Their salaries shall be fixed and paid by their respective nations, each of whom shall make full report of all his acts to the Secretary of the Interior quarterly. All such acts shall be subject to the approval of said Secretary.

Royalties payable into the Treasury, etc.	All coal and asphalt mines in the two nations, whether now developed, or to be hereafter developed, shall be operated, and the royalties therefrom paid into the Treasury of the United States, and shall be drawn therefrom under such rules and regulations as shall be prescribed by the Secretary of the Interior.
Confirmation of former contracts for operating.	All contracts made by the National Agents of the Choctaw and Chickasaw Nations for operating coal and asphalt, with any person or corporation, which were, on April twenty-third, eighteen hundred and ninety-seven, being operated in good faith are hereby ratified and confirmed, and the lessee shall have the right to renew the same when they expire, subject to all the provisions of this Act.
Avoidance of agreements with Indians individually for right to operate.	All agreements heretofore made by any person or corporation with any member or members of the Choctaw or Chickasaw nations, the object of which was to obtain such member or members' permission to operate coal or asphalt, are hereby declared void: <i>Provided</i> , That nothing herein contained shall impair the rights of any holder or owner of a leasehold interest in any oil, coal rights, asphalt, or mineral which have been assented to by act of Congress, but all such interests shall continue unimpaired hereby and shall be assured by new leases from such trustees of coal or asphalt claims described therein, by application to the trustees within six months after the ratification of this agreement, subject, however, to payment of advance royalties herein provided for.
Proviso. Leaseholds sanctioned by Congress unimpaired.	
Leases, extent of, etc.	All leases under this agreement shall include the coal or asphaltum, or other mineral, as the case may be, in or under nine hundred and sixty acres, which shall be in a square as nearly as possible, and shall be for thirty years. The royalty on coal shall be fifteen cents per ton of two thousand pounds on all coal mined, payable on the 25th day of the month next succeeding that in which it is mined. Royalty on asphalt shall be sixty cents per ton, payable same as coal: <i>Provided</i> , That the Secretary of the Interior may reduce or advance royalties on coal and asphalt when he deems it for the best interests of the Cho-

All lessees shall pay on each coal or asphalt claim at the rate of one hundred dollars per annum, in advance, for the first and second years; two hundred dollars per annum, in advance, for the third and fourth years; and five hundred dollars for each succeeding year thereafter. All such payments shall be treated as advanced royalty on the mine or claim on which they are made, and shall be a credit as royalty when each said mine is developed and operated, and its production is in excess of such guaranteed annual advance payments, and all persons having coal leases must pay said annual advanced payments on each claim whether developed or undeveloped: *Provided, however,* That should any lessee neglect or refuse to pay such advanced annual royalty for the period of sixty days after the same becomes due and payable on any lease, the lease on which default is made shall become null and void, and the royalties paid in advance thereon shall then become and be the money and property of the Choctaw and Chickasaw nations.

In surface, the use of which is reserved to present coal operators, shall be included such lots in towns as are occupied by lessees' houses—either occupied by said lessees' employees, or as offices or warehouses: *Provided, however,* That in those town sites designated and laid out under the provision of this agreement where coal leases are now being operated and coal is being mined, there shall be reserved from appraisement and sale all lots occupied by houses of miners actually engaged in mining, and only while they are so engaged, and in addition thereto a sufficient amount of land, to be determined by the town-site board of appraisers, to furnish homes for the men actually engaged in working for the lessees operating said mines, and a sufficient amount for all buildings and machinery for mining purposes: *And provided further,* That when the lessees shall cease to operate said mines, then and in that event the lots of land so reserved shall be disposed of by the coal trustees for the benefit of the Choctaw and Chickasaw tribes.

That whenever the members of the Choctaw and Chickasaw tribes shall be required to pay taxes for the support of schools, then the fund arising from such royalties shall be disposed of for the equal benefit of their members (freedmen excepted) in such manner as the tribes may direct.

It is further agreed that the United States courts now existing, or that may hereafter be created, in the Indian Territory shall have exclusive jurisdiction of all controversies growing out of the titles, ownership, occupation, possession, or use of real estate, coal, and asphalt in the territory occupied by the Choctaw and Chickasaw tribes; and of all persons charged with homicide, embezzlement, bribery, and embracery, breaches, or disturbances of the peace, and carrying weapons, hereafter committed in the territory of said tribes, without reference to race or citizenship of the person or persons charged with such crime; and any citizen or officer of the Choctaw or Chickasaw nations charged with such crime shall be tried, and, if convicted, punished as though he were a citizen or officer of the United States.

And sections sixteen hundred and thirty-six to sixteen hundred and forty-four, inclusive, entitled "Embezzlement," and sections seventeen hundred and eleven to seventeen hundred and eighteen, inclusive, entitled "Bribery and Embracery," of Mansfield's Digest of the laws of Arkansas, are hereby extended over and put in force in the Choctaw and Chickasaw nations; and the word "officer," where the same appears in said laws, shall include all officers of the Choctaw and Chickasaw governments; and the fifteenth section of the Act of Congress, entitled "An Act to establish United States courts in the Indian Territory, and for other purposes," approved March first, eighteen hundred and eighty-nine, limiting jurors to citizens of the United States, shall be

Whereas an agreement was made by Henry L. Dawes, Tams Bixby, Frank C. Armstrong, Archibald S. McKennon, Thomas B. Needles, the Commission of the United States to the Five Civilized Tribes, and Allison L. Aylesworth, secretary, John F. Brown, Okchan Harjo, William Cully, K. N. Kinkehee, Thomas West, Thomas Factor, Seminole Commission, A. J. Brown, secretary, on the part of the Seminole Nation of Indians on December sixteenth, eighteen hundred and ninety-seven, as follows:

AGREEMENT BETWEEN THE UNITED STATES COMMISSIONERS TO NEGOTIATE WITH THE FIVE CIVILIZED TRIBES, AND THE COMMISSIONERS ON THE PART OF THE SEMINOLE NATION.

Commissioners.

This agreement by and between the Government of the United States of the first part, entered into in its behalf by the Commission to the Five Civilized Tribes, Henry L. Dawes, Tams Bixby, Frank C. Armstrong, Archibald S. McKennon, and Thomas B. Needles, duly appointed

^a*Seminole legislation.*—The principal acts relative to the Seminole may be briefly summarized as follows: The act of April 15, 1874, chapter 97 (ante, p. 150), prescribes the method of paying annuities. The act of March 3, 1885, chapter 341 (23 Stat. 384), authorized negotiations for the sale of part of their lands in the Indian Territory, conveyances being made through negotiations conducted under this act, which are referred to in the act of May 2, 1890, chapter 182 (ante, p. 349).

The act of March 2, 1889, chapter 412, sections 12 and 13 (ante, p. 340), makes provisions relative to cessions in the treaty of 1866.

The Seminole were expressly excepted from the general allotment act of 1887 (24 Stat., 390). The act of March 3, 1893, chapter 209, sections 15 and 16 (ante, p. 498), authorizes allotments in severalty and provides for a commission to make allotments to the Five Civilized Tribes, being that commission usually referred to as the Dawes Commission.

The acts of July 1, 1898, supra, and June 2, 1900, chapter 610 (post, p. 702), ratify general agreements between the Seminole and the Dawes Commission. The act of March 3, 1901, chapter 676, section 36 (post, p. 738), ratifying an agreement made by the Dawes Commission with the Creeks, provides that Seminole located on Creek lands may take allotments there, and Creeks on Seminole lands may do the same.

and authorized thereunto, and the Government of the Seminole Nation in Indian Territory, of the second part, entered into on behalf of said Government by its Commission, duly appointed and authorized thereunto, viz, John F. Brown, Okchan Harjo, William Cully, K. N. Kinkehee, Thomas West, and Thomas Factor;

Witnesseth, That in consideration of the mutual undertakings herein contained, it is agreed as follows:

All lands belonging to the Seminole tribe of Indians shall be divided into three classes, designated as first, second, and third class; the first class to be appraised at five dollars, the second class at two dollars and fifty cents, and the third class at one dollar and twenty-five cents per acre, and the same shall be divided among the members of the tribe so that each shall have an equal share thereof in value, so far as may be, the location and fertility of the soil considered; giving to each the right to select his allotment so as to include any improvements thereon, owned by him at the time; and each allottee shall have the sole right of occupancy of the land so allotted to him, during the existence of the present tribal government, and until the members of said tribe shall have become citizens of the United States. Such allotments shall be made under the direction and supervision of the Commission to the Five Civilized Tribes in connection with a representative appointed by the tribal government; and the chairman of said Commission shall execute and deliver to each allottee a certificate describing therein the land allotted to him.

All contracts for sale, disposition, or encumbrance of any part of any allotment made prior to date of patent shall be void.

Any allottee may lease his allotment for any period not exceeding six years, the contract therefor to be executed in triplicate upon printed blanks provided by the tribal government, and before the same shall become effective it shall be approved by the principal chief and a copy filed in the office of the clerk of the United States court at Wewoka.

No lease of any coal, mineral, coal oil, or natural gas within said Nation shall be valid unless made with the tribal government, by and with the consent of the allottee and approved by the Secretary of the Interior.

Should there be discovered on any allotment any coal, mineral, coal oil, or natural gas, and the same should be operated so as to produce royalty, one-half of such royalty shall be paid to such allottee and the remaining half into the tribal treasury until extinguishment of tribal government, and the latter shall be used for the purpose of equalizing the value of allotments; and if the same be insufficient therefor, any other funds belonging to the tribe, upon extinguishment of tribal government, may be used for such purpose, so that each allotment may be made equal in value as aforesaid.

The townsite of Wewoka shall be controlled and disposed of according to the provisions of an act of the General Council of the Seminole Nation, approved April 23d, 1897, relative thereto; and on extinguishment of the tribal government, deeds of conveyance shall issue to owners of lots as herein provided for allottees; and all lots remaining unsold at that time may be sold in such manner as may be prescribed by the Secretary of the Interior.

Five hundred thousand dollars (\$500,000) of the funds belonging to the Seminoles, now held by the United States, shall be set apart as a permanent school fund for the education of children of the members of said tribe, and shall be held by the United States at five per cent interest, or invested so as to produce such amount of interest, which shall be, after extinguishment of tribal government, applied by the Secretary of the Interior to the support of Mekasuky and Emahaka Academies and the district schools of the Seminole people; and there shall be selected and excepted from allotment three hundred and twenty acres of land for each of said academies and eighty acres each for eight district schools in the Seminole country.

—schools for children of noncitizens.

One acre in each township shall be excepted from allotment and the same may be purchased by the United States upon which to establish schools for the education of children of non-citizens when deemed expedient.

When the tribal government shall cease to exist the principal chief last elected by said tribe shall execute, under his hand and the seal of the Nation, and deliver to each allottee a deed conveying to him all the right, title, and interest of the said Nation and the members thereof in and to the lands so allotted to him, and the Secretary of the Interior shall approve such deed, and the same shall thereupon operate as relinquishment of the right, title, and interest of the United States in and to the land embraced in said conveyance, and as a guarantee by the United States of the title of said lands to the allottee; and the acceptance of such deed by the allottee shall be a relinquishment of his title to and interest in all other lands belonging to the tribe, except such as may have been excepted from allotment and held in common for other purposes. Each allottee shall designate one tract of forty acres, which shall, by the terms of the deed, be made inalienable and nontaxable as a homestead in perpetuity.

Such payments shall be made by a person appointed by the Secretary of the Interior, who shall prescribe the amount of and approve the bond to be given by such person; and strict account shall be given to the Secretary of the Interior for such disbursements.

The railway so constructed shall be of standard gauge, and the railway shall be built as a standard railway and with rails weighing not less than sixty pounds to the yard.

SEC. 2. That said corporation is authorized to take and use for all purposes of a railway and telegraph and telephone line, and for no other purpose, a right of way one hundred feet in width through the said Choctaw and Creek nations for the said Fort Smith and Western Railroad Company, the same to be fifty feet on either side of the track of said railway from the center thereof, and, in addition to the above right of way, to take and use a strip of land one hundred feet in width, with a length of two thousand feet, for station purposes to the extent of one station for each ten miles of road, with the right to use such additional grounds where there are heavy cuts or fills as may be necessary for the construction and maintenance of the roadbed and track, not exceeding fifty feet in width on each side of the said right of way, or as much thereof as may be included in said cut or fill: *Provided*, That no more than said addition of land shall be taken for any one station: *Provided further*, That no part of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railroad, telegraph, and telephone lines, and when any portion thereof shall cease to be so used, such portion shall revert to the Choctaw Nation or Creek Nation.

SEC. 3. That before said railway and telegraph and telephone line shall be constructed through any lands held by individual occupants according to the laws, usages, and custom of the Choctaw Nation or Creek Nation, respectively, or under any law or treaty with the United States, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway and telegraph and telephone line. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of disinterested referees, to be appointed— for the Choctaw Nation, one, who shall act as chairman, by the President; one by the principal chief of the Choctaw Nation, and one by the said railway company; and for the Creek Nation, one, who shall act as chairman, by the President; one by the principal chief of the Creek Nation, and one by said railway company, who, before entering upon the duties of their appointment, shall take and subscribe before a judge or clerk of a United States court or United States commissioner an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to, and filed with, the Secretary of the Interior within sixty days from the completion thereof; and upon the failure of either

party to make such appointment within thirty days after the appointment made by the President the vacancy shall be filled by the judge of the United States court for the district of the Indian Territory in which the property sought to be condemned is situated upon the application of the other party. A majority of said referees shall be competent to act in case of the absence of a member, after due notice. The chairman of such board shall appoint the time and place for all hearings: *Provided*, That the hearings shall be within the county where the property is situated for which compensation is being assessed for the taking thereof or damage thereto, and at a place as convenient as may be for said occupant, unless the said occupant and said railway company agree to have the hearing at another place. Each of said referees shall receive for his services the sum of four dollars per day for each day he is actually engaged in assessing compensation, with mileage of five cents per mile for each mile necessarily traveled in the discharge of his duties. Said board of referees shall have power to call for and examine witnesses under oath, and said witnesses shall receive the usual fees allowed witnesses by the laws of the Choctaw Nation and Creek Nation, respectively. Costs, including compensation of the referees, shall be made a part of the award and be paid by the said railway company. In case the referees can not agree, then any two of them are authorized to make the award.

Appeal, etc.

SEC. 4. That either party, being dissatisfied with the findings and award of the referees, shall have the right, within sixty days after the filing of the award as hereinbefore provided, and notice of the same, to appeal by original petition to the United States district court for the district of the Indian Territory sitting at the place nearest and most convenient to the land and property which is sought to be condemned; and said suit shall then proceed for determining the damage done to the property in the same and like manner as other civil actions in the said court. The said court shall have jurisdiction to hear and determine the subject-matter of said petition, and the same shall be heard and determined by said court in accordance with the laws now in force or hereafter enacted for the government of said court; and the measure of damages in condemning property authorized by this Act shall be that prescribed by the laws of the State of Arkansas, in so far as the same are not inconsistent with the laws now in force or hereafter enacted for the government of the United States courts in said Choctaw and Creek nations in such cases. If the judgment of the court shall be for a larger sum than the award of the referees, the costs of the litigation shall be adjudged against the railway company; and if the judgment of the court shall be for the same as the award of the referees, then the costs shall be adjudged against the appellant. If the judgment of the court shall be for a smaller sum than the award of the referees, then the costs shall be adjudged against the appellee. When proceedings shall have been commenced in court, the railway company shall pay double the amount of the award into court to abide the judgment thereof, and then shall have the right to enter upon the property sought to be condemned and proceed with the construction of the railroad and telegraph and telephone line. If such appeal is not taken as hereinbefore set forth, the award shall be conclusive and final, and shall have the same force and effect as a judgment of a court of competent jurisdiction.

Crossings.

SEC. 5. That said railway company is authorized, and hereby given the right, to connect or cross with its tracks the tracks and railroad of any other company or person owning or operating a railway in the said Choctaw or Creek Nation. In case of failure to make amicable settlement with any such corporation or person for such crossing, such compensation shall be determined in the same manner as hereinbefore provided for determining the compensation for land and other property taken and damaged.

6. That said railway company shall not charge the inhabitants of said nations a greater rate of freight than the rate authorized by the State of Arkansas for services or transportation of the same. *Provided*, That passenger rates on said railway shall not exceed ten cents per mile. Congress hereby reserves the right to regulate freight charges for freight and passengers on said railway and messages on telegraph and telephone lines until a State government or governments shall exist in said nations within the limits of which said railway or a part thereof, shall be located, and then such State government or governments shall be authorized to fix and regulate the cost of transportation of persons and freights within their respective limits of territory; but Congress expressly reserves the right to fix and regulate at all times the cost of such transportation by said railway or said company whenever such transportation shall extend from one State to another, or shall extend into more than one State: *Provided, however*, that the rate of such transportation of passengers, local or interstate, shall not exceed the rate above expressed: *And provided further*, that said railway company shall carry the mail at such prices as Congress may by law provide; and until such rate is fixed by law the Post-Office-General may fix the rate of compensation.

7. That said railway company shall pay to the Secretary of the Interior, for the benefit of the Choctaw Nation and Creek Nation, respectively, the sum of fifty dollars in addition to the compensation provided for in this Act, for property taken and damages done to individuals or occupants by the construction of the railway for each mile of road that it may construct in said nations, said payments to be made in installments of five hundred dollars as each ten miles of road is completed: *Provided*, That if the general council of either the Choctaw or Creek Nation, within four months after the filing of maps of the location as hereinafter set forth, dissents from the allowance before provided for, and shall certify the same to the Secretary of the Interior, then all compensation to be paid to said nations under the provisions of this Act shall be determined as provided in section 8 for the determination of the compensation to be paid to the individual occupant of lands, with the right of appeal to the courts upon the same terms, conditions, and requirements as therein provided: *And provided further*, That the amount awarded or adjudged to be paid by said railway company for said dissenting nation or nations shall be in lieu of the compensation said nation or nations would be entitled to under the foregoing provision except the annual tax herein provided for. Said company shall also pay, so long as said territory is occupied and occupied by the Choctaw Indians or Creek Indians, respectively, to the Secretary of the Interior, the sum of fifteen dollars per annum for each mile of railway it shall construct in the said nations, respectively. The money paid to the Secretary of the Interior under the provisions of this Act shall be disbursed by him in accordance with the laws and treaties now in force within said nations: *And provided*, That Congress shall have the right, so long as said lands are occupied and possessed by said nations, to impose such additional taxes upon said railway as it may deem just and proper for the benefit of said nations, and any Territory or State hereafter formed through the said railway shall have been established may exercise the like authority as to such part of said railway as may lie within its limits. Said railway company shall have the right to survey and locate its route immediately after the passage of this Act.

GENERAL ALLOTMENT OF LANDS.

Appraisal.

2. All lands belonging to the Cherokee tribe of Indians in Indian Territory, except as herein reserved, shall be appraised at their true value, considering location and fertility of soil in each case, excluding improvements placed by allottee on the lands selected by him: *Provided, however*, That in cases where a citizen holding lands in excess of his rightful share has failed to sell or remove the buildings and fences from said excessive holding on or before the first day of July, nineteen hundred and one, the value of the buildings and fences shall be added to the value of the land by the appraisement committee.

Proviso.

3. The appraisement shall be made under the direction of the Dawes Commission by such number of committees of appraisement as may be deemed sufficient to expedite the work, one member of each committee to be appointed by said commission and one by the principal chief; and if the members of any committee fail to agree as to the value of any tract of land, the value thereof shall be determined by said commission.

[31 Stat., 849.]

Reports.

The committees shall make report of their work to the commission as may be required. The commission shall prepare reports of the same in duplicate, and transmit them to the Secretary of the Interior for his approval, and when approved one copy shall be furnished the principal chief and one copy returned to the office of the commission for its use in making allotments as herein provided.

Allotments.

4. All lands of said tribe, except as herein provided, shall be allotted by said commission among the citizens of the tribe entitled to share therein, so as to give to each an equal share of the whole, in value, as nearly as may be, in manner following: There shall be allotted to each citizen eighty acres of land (boundaries to conform to the Government survey as nearly as may be) which may be selected by him, so as to include improvements which belong to him. Eighty acres of land, valued at six dollars and fifty cents per acre, shall constitute a standard allotment, and shall be the measure for the equalization of values; and any allottee selecting lands of less value than such standard may select

other lands, not lawfully held or occupied by any other citizen, which, at their appraised value, will make his allotment equal in value to the standard so fixed.

5. If any citizen select eighty acres of land the appraised value of which, for any reason, is in excess of such standard, the excess of value shall be charged against him in the future distribution of lands and funds of the tribe arising from any source whatsoever, unless he has already paid the same, and he shall not be entitled to any further distribution of property or funds until all other citizens shall have received lands and funds equal in value to his allotment; and if there be not sufficient property and funds of the tribe to make the allotments of all other citizens equal in value to his, then for the excess there shall exist a lien on the rents and profits of his allotment; and no deed shall issue to such allottee until all charges against an allotment are liquidated. All controversies arising between citizens as to their right to select particular tracts of land shall be determined by said commission according to law.

Any citizen having in his possession lands in actual cultivation in excess of eighty acres for himself and eighty acres for his wife and each of his minor children, shall, on or before the first day of July, nineteen hundred and one, select therefrom allotments of eighty acres each for himself and the members of his family aforesaid, which said allotments he may hold, and no more; and he shall, within said time, make report in writing to the Dawes Commission of the lands so selected by him, giving legal description thereof; and if he have lawful improvements upon such excess he may dispose of the same to any other citizen, who may thereupon select lands so as to include such improvements; but, after the expiration of said time, any citizen may take any lands not already selected by another; but if lands so taken be in actual cultivation, having thereon improvements belonging to another citizen, such improvements shall be valued by the appraisement committee and the amount paid to the owner thereof by the allottee, and the same shall be a lien upon the rents and profits of the land until paid: *Provided*, That the owner of improvements may remove the same if he desires.

Selection of allotments from excessive holdings.

—disposition of improvements, etc.

7. When allotments as hereinbefore provided have been made to all citizens the residue of lands, not herein reserved or otherwise disposed of, shall be so apportioned among such citizens as to equalize their allotments, but if the same be insufficient therefor the deficiency shall be supplied out of any funds of the tribe, so that the allotments of all citizens may be made equal in value, as nearly as may be, in manner herein provided.

Equalization of allotments.

[31 Stat., 850.]

8. If the allotment of any citizen exceed in value that of the standard so fixed, he may pay the excess to the Indian agent, to be placed to the credit of the tribe, and shall thereupon receive title to such allotment; if a citizen select lands of the exact value of such standard allotment he shall receive title therefor; and if a citizen select lands of less value than such standard allotment he shall receive title to the lands so selected, and as soon as additional lands are selected by him for the purpose of equalizing his allotment he shall receive additional deed therefor.

14. All Delaware Indians who are Cherokee citizens shall take lands and share in the funds of the tribe as their rights may be determined by the judgment of the Court of Claims, or by the Supreme Court, if appealed, in the suit instituted therein by the Delawares against the Cherokee Nation, and now pending; but if said suit be not determined before said commission is ready to begin the allotment of lands of the tribe as herein provided, the commission shall cause to be segregated one hundred and fifty-seven thousand six hundred acres of land, including lands which have been selected and occupied by Delawares in conformity to provisions of their agreement with the Cherokees dated April 8, eighteen hundred and sixty-seven, such lands so to remain subject to disposition according to such judgment as may be rendered in said cause; and said commission shall, thereupon, proceed to the allotment of the remaining lands of the tribe as aforesaid. Nothing in this agreement shall in any manner impair the rights of either party to said contract as the same may be finally determined by the court, or shall interfere with the holdings of the Delawares under their contract with the Cherokees of April eighth, eighteen hundred and sixty-seven, until their rights under said contract are determined by the courts in their suit now pending against the Cherokees.

If the per capita share of any such Indian as an individual or head of a family shall exceed his indebtedness to said trader or traders, then payment shall be made as aforesaid to such trader or traders of the amount due, as aforesaid, and the balance of such per capita payment shall be paid to said Indian: *And provided further*, That it shall be unlawful hereafter for the traders upon the Osage Indian Reservation to give credit to any individual Indian or head of a family to an amount greater than sixty per centum of the next quarterly annuity to which such individual Indian or head of a family will be entitled; and if such traders shall give credit to any individual Indian or head of a family upon such reservation in excess of the amount herein allowed, no portion of the indebtedness thus created shall be collectible, and the same shall be void and the licenses of such traders shall be revoked.

Enid and Anadarko Railway Company.
Right of way to, through Oklahoma and Indian Territories.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Enid and Anadarko Railway Company, a corporation created under and by virtue of the laws of the Territory of Oklahoma, be, and the same is hereby, invested and empowered with the right of locating, constructing, owning, equipping, operating, using, and maintaining a railway and telegraph and telephone line through the Territory of Oklahoma and the Indian Ter-

ritory, beginning at a point on its railway between Anadarko and Watonga, in the Territory of Oklahoma, thence in an easterly direction by the most practicable route to a point on the eastern boundary of the Indian Territory near Fort Smith, in the State of Arkansas, together with such branch lines to be built from any point on the line above described to any other point in the Indian Territory as said railway company may at any time hereafter decide to construct, with the right to construct, use, and maintain such tracks, turn-outs, sidings, and extensions as said company may deem it to its interest to construct along and upon the right of way and depot grounds hereby granted.

SEC. 2. That said corporation is authorized to take and use for all purposes of a railway, and for no other purpose, a right of way one hundred feet in width through said Oklahoma Territory and said Indian Territory, and to take and use a strip of land two hundred feet in width, with a length of two thousand feet, in addition to right of way, for stations, for every eight miles of road, with the right to use such additional ground where there are heavy cuts or fills as may be necessary for the construction and maintenance of the roadbed, not exceeding one hundred feet in width on each side of said right of way, or as much thereof as may be included in said cut or fill: *Provided*, That no more than said addition of land shall be taken for any one station: *Provided further*, That no part of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railway, telegraph, and telephone lines; and when any portion thereof shall cease to be so used such portion shall revert to the nation or tribe of Indians from which the same shall have been taken.

SEC. 3. That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisal of three disinterested referees, to be appointed, one (who shall act as chairman) by the Secretary of the Interior, one by the chief of the nation to which said occupant belongs, and one by said railway company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion hereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the Secretary of the Interior, the vacancy shall be filled by a judge of the United States court for the Indian Territory upon the application of the other party. The chairman of said board shall appoint the time and place for all hearings within the nation to which such occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of any case submitted to them under this Act, with mileage at five cents per mile. Witnesses shall receive the usual fees allowed by the courts of said nations. Costs, including compensation of the referees, shall be made a part of the award, and be paid by such railway company. If upon the hearing of said appeal the judgment of the court shall be for a larger sum than the award of the referees, the cost of said appeal shall be adjudged against the railway company. Said company shall also pay, so long as said Territory is owned and occupied by the Indians in their tribal relations, to the Secretary of the Interior the sum of fifteen dollars per annum for each mile of railway it shall construct in said Territory. The money paid to the Secretary of the Interior under the provisions of this Act shall be apportioned by him in accordance with the laws and treaties now in force between the United States and said nations or tribes, according to the number of miles of railway that may be constructed by said railway company through their lands: *Provided*, That Congress shall have the right, so long as said lands are occupied and possessed by said nation or tribe, to impose such additional taxes upon said railway as it may deem just and proper for their benefit; and any Territory or State hereafter formed through which said railway shall have been established may exercise the like power as to such part of said railway as may lie within its limits. Said railway company shall have the right to survey and locate its railway immediately after the passage of this Act.

SEC. 6. Said courts shall have like jurisdiction, without reference to the amount in controversy, over all controversies arising between the inhabitants of said nation or tribe and said railway company; and the civil jurisdiction of said courts is hereby extended within the limits of said Indian Territory, without distinction as to citizenship of the parties, so far as may be necessary to carry out the provisions of this Act.

DEPARTMENT OF THE INTERIOR,
BOARD OF INDIAN COMMISSIONERS,
Camp Apache, Arizona Territory, September 5, 1871.

SIR: As the White Mountain region has been set apart by the War Department as an Indian reservation, and there are several bands of peaceably disposed Apaches, who have for many years lived in this country, who can not be removed without much suffering to themselves, risk of war and expense to the Government, I have concluded to select the White Mountain Reservation, the boundaries of which were defined in letter of H. M. Robert, major of Engineers, dated Headquarters Military Division of the Pacific, San Francisco, Cal., January 31, 1870, as one of the Indian reservations upon which the Apache Indians of Arizona may be collected, fed, clothed, and otherwise provided for and protected, agreeable to the power conferred upon me at the suggestion of the President by the honorable Secretary of the Interior, under date July 21, 1871, and supplementary orders July 31, 1871, copies of which are herewith inclosed.

Agreeable to your wish that I should name the articles and amount of provisions to be issued, I would suggest that one pound of beef and one pound of corn per capita be issued with salt daily, and sugar and coffee occasionally.

Very respectfully, your obedient servant,

VINCENT COLYER, *Commissioner.*

Lieut. Col. JOHN GREEN,
*First Cavalry U. S. A., Commanding
Camp Apache, Arizona Territory.*

DEPARTMENT OF THE INTERIOR,
BOARD OF INDIAN COMMISSIONERS,
Washington, D. C., November 7, 1871.

SIR: Reservations for the roving Apache Indians of New Mexico and Arizona were selected under your instructions of 21st July, 1871, as follows:

For the Mimbres and Coyoteros at Tularosa Valley,^a in New Mexico. (See accompanying paper A.)

For the Coyoteros and Chiloccos of Arizona, at Camp Apache, in White Mountains, Arizona. (See Appendix B.)

For the Arrivapis and Pinals, at Camp Grant, Arizona. (See Appendix C and accompanying map.)

For the Mohave Apaches, at Camp Verde, Arizona. (See Appendix D.)

A detailed description of the Camp Apache Reservation, which was established by Major-General Thomas, will be found on file in the War Department.

I also requested, with the advice of General Crook and the several post commanders, that temporary asylums, where the Tontos, Hualapais, and Western band of Apache Mohaves might be protected and fed, should be established at Camp McDowell, Beal Spring, and Date Creek, until such times as the Indians collected there could be removed to the above reservations.

Very respectfully, etc.,

VINCENT COLYER.

Hon. C. DELANO,
Secretary of the Interior, Washington, D. C.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., November 7, 1871.

SIR: I have the honor to transmit herewith a copy of a communication addressed to this Department by the Hon. Vincent Colyer, one of the board of Indian peace commissioners who recently visited Arizona, wherein he states his views in relation to the Apache Indians, and describes certain tracts of country in Arizona and New Mexico which, during his recent visit to said Indians, he has selected to be set apart as reservations for their use, as authorized to do by orders issued to him before visiting the Apaches.

I have the honor to recommend, in pursuance of the understanding arrived at in our conversation with the Secretary of War on the 6th instant, that the President issue an order authorizing said tracts of country described in Mr. Colyer's letter to be regarded as reservations for the settlement of Indians until it is otherwise ordered. * * *

I would further suggest that the War Department will, for the present, select some suitable and discreet officer of the Army to act as Indian agent for any of the reservations in Arizona which may be occupied by the Indians, under the order herein contemplated. Such agents will be superseded by persons hereafter appointed by this Department, at such times as the President may hereafter deem proper.

Very respectfully, your obedient servant,

C. DELANO, *Secretary.*

The PRESIDENT.

These recommendations were approved by the President as follows:

EXECUTIVE MANSION,
Washington, D. C., November 9, 1871.

Respectfully referred to the Secretary of War, who will take such action as may be necessary to carry out the recommendations of the Secretary of the Interior.

U. S. GRANT.

And indorsed by General Sherman thus:

HEADQUARTERS ARMY OF THE UNITED STATES,
Washington, D. C., November 9, 1871.

GENERAL: I now inclose you copies of a correspondence between the Secretary of the Interior and War Department on the subject of the policy that is to prevail in Arizona with the Apache Indians. The Secretary of War wishes you to give all the necessary orders to carry into full effect this policy, which is the same that prevails in the Indian country generally, viz: to fix and determine (usually with the assent expressed or implied of the Indians concerned) the reservation within which they may live and be protected by all branches of the Executive Government; but if they wander outside they at once become objects of suspicion, liable to be attacked by the troops as hostile. The three reservations referred to in these papers, and more particularly defined in the accompanying map, seem far enough removed from the white settlements to avoid the dangers of collision of interest. At all events these Indians must have a chance to escape war, and the most natural way is to assign them to homes and to compel them to remain thereon. While they remain on such reservations there is an implied condition that they should not be permitted to starve, and our experience is that the Indian Bureau is rarely supplied with the necessary money to provide food, in which event you may authorize the commissary department to provide for them, being careful to confine issues only to those acting in good faith, and only for absolute wants.

The commanding officer of the nearest military post will be the proper person to act as the Indian agent until the regular agents come provided with the necessary authority and funds to relieve them; but you may yourself, or allow General Crook to appoint these temporary agents regardless of rank.

The citizens of Arizona should be publicly informed of these events, and that the military have the command of the President to protect these Indians on their reservations, and that under no pretense must they invade them, except under the leadership of the commanding officer having charge of them.

The boundaries of these reservations should also be clearly defined, and any changes in them suggested by experience should be reported, to the end that they may be modified or changed by the highest authority.

After general notice to Indians and whites of this policy, General Crook may feel assured that whatever measures of severity he may adopt to reduce these Apaches to a peaceful and subordinate condition will be approved by the War Department and the President.

I am, your obedient servant,

W. T. SHERMAN, *General*.

R. B. HAYES.

Klamath River Reserve.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, November 10, 1855.

SIR: Referring to your communication of the 8th of August last to the Acting Commissioner of Indian Affairs, advising him of the approval by the President of the United States of the recommendation of the Department that it was expedient to expend the money appropriated on the 3rd of March last for removing the Indians in California to two additional military reservations, I have the honor now to make the following report:

On the 15th of August last the Acting Commissioner inclosed a copy of your letter of the 8th of that month to the superintendent of Indian affairs in California, with directions to select these reservations from such "tracts of land adapted as to soil, climate, water-privileges, and timber, to the comfortable and permanent accommodation of the Indians, which tracts should be unincumbered by old Spanish grants or claims of recent white settlers," limiting the dimensions of the reserves to within 25,000 acres each, and to report to this office a description of their geographical position in relation to streams, mountain ranges, and county lines, etc., and indicating the same upon a map. A copy of that letter is herewith, marked A. By the last mail from California, I have received from Superintendent Thomas I. Henley a report upon this subject, dated the 4th ultimo (a copy of which is herewith, marked B), by which it appears he recommends as one of the reservations aforesaid "a strip of territory one mile in width on each side of the (Klamath) river, for a distance of 20 miles." The superintendent remarks upon the character of the country selected, and incloses an extract from a report (also herewith, marked C) to him of the 19th of June last, by Mr. S. G. Whipple, which contains in some detail a description of the country selected, habits and usages of the Indians, etc., but no map is furnished.

It will be observed from this report of the superintendent that he has deemed it important to continue the employ of an agent and to prepare for raising a crop in order to assure the Indians of the good faith of the Government and to preserve the peace of the country. Considering the great distance of this reserve from the seat of Government and the length of time it necessarily requires to communicate with an agency at the Klamath, it is desirable that some definite action be taken, if practicable, before the sailing of the next steamer, to leave New York on the 20th instant.

I, therefore, beg leave to ask your attention to the subject, and if you shall be of the opinion from the representations made by the superintendent in California and Mr. Whipple that the selection at the mouth of the Klamath River is a judicious and proper one, that it be laid before the President of the United States for his approval, but with the provision, however, that upon a survey of the tract selected that a sufficient quantity be cut off from the upper end of the proposed reserve to bring it within the limitation of 25,000 acres, authorized by the act of 3d March last.

I also inclose herewith a copy of another letter from Superintendent Henley, of 4th ultimo (marked D), in which he states, in relation to the other reserve, that it is intended to locate it "between the headwaters of Russian River and Cape Mendocino." In reference to both of these proposed reserves, and as connected with the means to be used to maintain peaceable relations with the Indians, the superintendent is of opinion that it is of great importance to provide for crops, and that to do so an agent in each instance is necessary. As this last-named selection has not been defined by any specific boundaries, and no sufficient description is given as to soil, climate, and suitableness for Indian purposes, to enable the Department to determine the matter under-

standingly, of course nothing definite can now be done. But it may not be improper to consider the subject in connection with the general intent as to the particular locality in which it is proposed to make the location.

The reserve proposed on the Klamath River and Pacific coast does not appear from the map of the State of California to be very far removed from Cape Mendocino, or a point between that and Russian River; and as provision is made only for two reserves in the State other than those already in operation, the question arises whether it should not be situated farther in the interior, or perhaps eastern part of the State, than the point referred to. The Noome Lacke Reserve is situated in one of the Sacramento valleys, at about the latitude of 40 degrees north and 122 degrees of longitude west, about the center of that portion of the State north of the port of San Francisco. As, therefore, the proposed Klamath Reserve, being northwest from the Noome Lacke Reservation, would appear to be adapted to the convenient use of the Indians in that direction, the question is suggested whether the other reserve should not be located farther east and north, say on the tributaries of either Pitt or Feather Rivers. As in the case of the proposed reserve of the Klamath, I am desirous of obtaining your opinion and that of the President of the United States, with such decision as may be arrived at under the circumstances, in season to communicate the same by the next California mail, for the government of the action of superintendent Henley.

Very respectfully, your obedient servant,

GEO. W. MANYPENNY,
Commissioner.

Hon. R. McCLELLAND,
Secretary of the Interior.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., November 12, 1855.

SIR: I have the honor to submit herewith the report from the Commissioner of Indian Affairs of the 10th instant, and its accompanying papers, having relation to two of the reservations in California for Indian purposes, authorized by the act of 3d March last.

The precise limits of but one of the reservations, viz, a strip of territory commencing at the Pacific Ocean and extending 1 mile in width on each side of the Klamath River, are given, no sufficient data being furnished to justify any definite action on the other.

I recommend your approval of the proposed Klamath Reservation, with the provision, however, that upon a survey of the tract a sufficient quantity be cut off from the upper end thereof to bring it within the limit of 25,000 acres authorized by law.

Respectfully, your obedient servant,

R. McCLELLAND,
Secretary.

The PRESIDENT.

Let the reservation be made, as proposed.

FRANKLIN PIERCE.

NOVEMBER 16, 1855.

Mendocino Reserve.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, April 16, 1856.

SIR: Referring to the report I had the honor to submit for your consideration on the 10th of November last, relative to the establishment

of a military reservation for the benefit of the Indians of northern California, upon both sides of the Klamath River, from its mouth the distance of 20 miles up the same; and to the remarks then made upon the subject of establishing a third similar reservation as proposed by the superintendent of Indian affairs in California, at Cape Mendocino, or at some point between that place and Russian River, or, as appeared to this office at that time more expedient, farther in the interior and easterly part of the State, I have now respectfully to call your attention again to the subject, and to submit for your consideration the following documents:

* * * * *

From these documents it appears that the section between the Noyo River on the south and Bee-da-loe or Hale Creek on the north, extending from the coast on the west to the Coast Mountains, combines advantages which are not to be found in any of the other locations examined, reference being had to the purposes for which it is required and to the habits and necessities of the Indians.

* * * * *

The tract intended for the reservation lies between the south bank of the Noyo River, so as to include that river, and a point 1 mile north of the mouth of Hale or Bee-da-loe Creek, extending eastward from the coast for quantity so as to include the valleys beyond the first range of hills to the Coast Mountains, conforming to their shape. Its geographical position is in Mendocino County, about 170 miles from San Francisco, and 80 miles south of Cape Mendocino, 70 miles northwest of Clear Lake, and about 180 miles from Sacramento City.

It is proposed to embrace within the limits of the reservation 25,000 acres of land.

* * * * *

If upon an investigation of the subject you shall come to a similar conclusion, I have respectfully to request that the proposition may be laid before the President of the United States for his approval, and that the superintendent may be enabled to carry out with him, on his return to his post by the steamer of the 20th instant, such decision as may be made in the premises.

Very respectfully, your obedient servant,

GEORGE W. MANYPENNY, *Commissioner.*

Hon. R. McCLELLAND,
Secretary of the Interior.

DEPARTMENT OF THE INTERIOR,
Washington, April 17, 1856.

SIR: I have the honor to submit herewith a report from the Commissioner of Indian Affairs of the 16th instant, and accompanying papers, in relation to the establishment of a military reserve of land for Indians in California, authorized by act of Congress of the 3d of March, 1855.

The tract of country, containing about 25,000 acres, proposed to be selected, is in Mendocino County, and fully described in the papers accompanying the Commissioner's report.

Concurring with the Commissioner in his views of the matter, I recommend your approval of the proposed reservation.

I am, sir, with great respect, your obedient servant,

R. McCLELLAND, *Secretary.*

To the PRESIDENT.

[Indorsement on Commissioner's report.]

MAY 22, 1856.

Let the proposed reservation within referred to be made as recommended in letter of Secretary of the Interior of April 17, 1856.

[In the Mission Tule Agency; twenty-two reserves; occupied by the Diegenes, Kawia, San Luis Rey, Serranos, and Temecula tribes; area, 282 square miles; established by Executive orders.]

DEPARTMENT OF THE INTERIOR, *January 27, 1870.*

To the PRESIDENT:

The accompanying papers are respectfully submitted to the President, with the request that the following lands in California be set apart as reservations for the Mission Indians, in the southern portion of that State, being the San Pasqual and Pala Valleys, and recommended by the Commissioner of Indian Affairs, viz: Townships 12 and 13 south, of ranges 1 east and 1 west, of the San Bernardino meridian, and township 9 south, of ranges 1 and 2 west, of the San Bernardino meridian.

With great respect, your obedient servant,

J. D. COX, *Secretary.*

JANUARY 31, 1870.

Let the lands designated in the foregoing letter of the Secretary of the Interior be set apart as reservations for Indian purposes, as therein recommended.

U. S. GRANT.

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
Washington, D. C., February 13, 1871.

SIR: I have the honor to call your attention to a report from this office, dated January 15, 1870, in which was inclosed a letter from J. B. McIntosh, Brevet Major-General U. S. Army, and superintendent of Indian affairs for California, dated December 27, 1869, and report of Lieut. A. P. Greene, U. S. Army, agent for Mission Indians in southern California, dated Los Angeles, Cal., December 16, 1869, recommending that San Pasqual and Pala Valleys in Southern California be set apart as reservations for the Mission Indians in said State.

In my report above referred to I recommend that the following-described lands should be set apart for said reservations, viz: Townships 12 and 13 south, of ranges 1 east and 1 west, and township 9 south, of ranges 1 and 2 west, of the San Bernardino meridian, California.

My recommendation meeting with the approval of the Secretary of the Interior was forwarded to the President, who, on the 31st of January, 1870, ordered that the above-designated lands should be set apart as reservations for Indian purposes.

It appears from the papers transmitted herewith that the citizens of San Diego County protest against the order of the President setting apart said lands for Indian reservations; that the Indians are unanimously opposed to going on said reservations; that citizens have made

valuable improvements thereon, and that there are but few Indians on the lands set apart as aforesaid; that recent gold discoveries have attracted a large immigration thither, and the opinion of the press, together with other evidence, would indicate that it would be for the best interests and welfare of the Indians, as well as others, that the order of the President setting apart said lands for Indian purposes should be rescinded.

In view of these facts, I would therefore respectfully recommend that the order of the President be revoked, and that the aforesaid reservations be again restored to the public domain.

Very respectfully, your obedient servant,

E. S. PARKER, *Commissioner.*

Hon. C. DELANO,
Secretary of the Interior.

EXECUTIVE MANSION, *August 4, 1882.*

It is hereby ordered that the following-described tract of country in Colorado, viz: Commencing at the northeast corner of the present Ute Indian Reservation, as defined in the treaty of March 2, 1868 (Stats. at Large, vol. 15, p. 619); thence running north on the 107th degree of longitude to the first standard parallel north; thence west

on said first standard parallel to the boundary line between Colorado and Utah; thence south with said boundary to the northwest corner of the Ute Indian Reservation; thence east with the north boundary of the said reservation to the place of beginning, withdrawn from sale and set apart for the use of the several tribes of the Ute Indians by Executive order dated November 22, 1875, be, and the same hereby is, restored to the public domain.

It is hereby further ordered that the following-described tract of country in Colorado, viz: Commencing at the intersection of the 37th parallel of north latitude with the 107th degree of west longitude; thence east along said parallel to the ridge described in Hayden's Geographical and Geological Survey of said State as the "National Divide" of the San Juan Mountains; thence following said divide in a general northerly and northwesterly direction to longitude 107 degrees and 23 minutes west; thence due south to latitude 37 degrees and 17 minutes north; thence due east to the 107th meridian of west longitude; thence south with said meridian to the place of beginning, withdrawn from sale and settlement and set apart as a reservation for the Muache, Capote, and Weeminuchee bands of Ute Indians by Executive order dated February 7, 1879, be, and the same is hereby, restored to the public domain.

Cœur d'Alène Reserve.

[In Colville Agency; occupied by Cœur d'Alène, Kutenai, Pend d'Oreille, and Spokane tribes; area, 682 square miles; established by Executive orders and acts of March 3, 1891 (26 Stat., 1027) and August 15, 1894 (28 Stat., 322).]

DEPARTMENT OF THE INTERIOR,

Office of Indian Affairs, May 23, 1867.

SIR: Under date October 1, 1866, Governor Ballard, of Idaho, was instructed to select and report to this office reservations for the use of the Bois  and Bruneau bands of Shoshones, in the southern part, and for the C ur d'Al nes and other Indians, in the northern part of that Territory. These instructions were based upon statements contained in the annual report of Governor Ballard, printed at pages 191 and 192 of the annual report of this office for 1866. There are no treaties existing with either of the tribes or bands named, nor, so far as the Shoshones are concerned, have they any such complete tribal organization as would justify treaties with them, even if such arrangements were practicable under the force of recent legislation by Congress. The northern tribes have a better organization, but advices from the Executive indicate that while a necessity exists for some arrangement under which the Indians of all the bands referred to should have some fixed home set apart for them before the lands are all occupied by the whites, who are rapidly prospecting the country, such arrangements can now be made by the direct action of the Department.

I herewith transmit two reports of Governor Ballard, describing tracts proposed to be set apart for these Indians. So far as the one intended for the Shoshones is concerned, its location as a permanent home for those bands is dependent upon the consent of Washakee's band, commonly known and heretofore treated with as the eastern bands Shoshones; but there is no doubt of their ready acquiescence in the arrangement. The land referred to is within the limits acknowledged as their hunting range by the treaty of 1863. Believing that the interest of the Government, as well as that of the Indians requires that such action should be taken, I recommend that the President be

requested to set apart the reservation, described in the diagram herewith, for the use of the Indians referred to, and that the General Land Office be directed to respect the boundaries thus defined.

Should the suggestions herein contained be approved, and favorable action had, this office will inform the governor and superintendent of Indian affairs of the fact, and direct such further measures as to carry the plan into operation without delay, so far as the means at the disposal of the Department will permit.

Very respectfully, your obedient servant,

N. G. TAYLOR, *Commissioner.*

Hon. O. H. BROWNING,
Secretary of the Interior.

DEPARTMENT OF THE INTERIOR,
General Land Office, June 6, 1867.

SIR: I have the honor to acknowledge the receipt of your communication of the 27th ultimo, transmitting one from the Commissioner of Indian Affairs of the 23d May last, with accompanying documents relating to proposed Indian reservations in Idaho Territory; and in obedience to your directions that I examine and report upon the subject matter, I have to state as follows:

The suggestion of the Commissioner of Indian Affairs in reference to the reservations proposed for the Boisé and Bruneau bands of Shoshones in the southern part of Idaho, and for the Cœur d'Alènes and other Indians in the northern part of that Territory, is that the same may be set apart by the President for those Indians as their home reservations to the extent as represented on the accompanying diagrams herewith, and transferred on a map of Idaho accompanying this letter, being there represented in *green* and *blue* shadings respectively.

The boundaries as defined by the local Indian agents, as per separate diagrams of the above reservations, are:

(1) The Boisé and Bruneau bands of Shoshones and Bannock Reservation: "Commencing on the south bank of Snake River at the junction of the Port Neuf River with said Snake River; then south 25 miles to the summit of the mountains dividing the waters of Bear River from those of Snake River; thence easterly along the summit of said range of mountains 70 miles to a point where Sublette road crosses said divide; thence north about 50 miles to Blackfoot River; thence down said stream to its junction with Snake River; thence down Snake River to the place of beginning," embracing about 1,800,000 acres, and comprehending Fort Hall on the Snake River within its limits.

(2) The Cœur d'Alènes and other tribes of northern Idaho, the proposed reservation for which is shown on the map of Idaho, herewith, in blue color, is represented to be about 20 miles square: "Commencing at the head of the Latah, about 6 miles above the crossing on the Lewiston trail, a road to the Spokane Bridge; thence running north-northeasterly to the St. Joseph River, the site of the old Cœur d'Alène Mission; thence west to the boundary line of Washington and Idaho Territories; thence south to a point due west of the place of beginning; thence east to place of beginning," including about 250,000 acres.

I have to observe that no surveys of the public lands have been made in those portions of Idaho Territory, nor is this office advised of the extinguishment of Indian titles to the same guaranteed to them by the provision of the first and seventeenth sections of an act to provide temporary government for the Territory of Idaho, approved March 1863 (U. S. Stats., vol. 12, pages 809 and 814).

The records of this office showing no objection to the policy recommended to the Department by the Commissioner of Indian Affairs in his communication of the 23d ultimo, I have the honor to return to the

same to the Department, together with the papers accompanying the same.

I have the honor to be, very respectfully, your obedient servant,
JOS. S. WILSON, *Commissioner*.

Hon. W. T. OTTO,
Acting Secretary of the Interior.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., June 13, 1867.

SIR: I submit herewith the papers that accompanied the inclosed report of the Commissioner of Indian Affairs of the 23d ultimo, in relation to the propriety of selecting reservations in Idaho Territory upon which to locate the Cœur d'Alènes and other Indians in the northern part of Idaho, and the Boisé and Bruneau bands of Shoshones in the southern part of that Territory.

This Department concurs in the recommendation of the Commissioner of Indian Affairs that the lands indicated upon the annexed diagram, and defined in the accompanying report of the Commissioner of the General Land Office of the 6th instant, be set apart as reservations for the Indians referred to, and I have the honor to request, if it meet your approval, that you make the requisite order in the premises.

With great respect, your obedient servant,

W. T. OTTO, *Acting Secretary.*

The PRESIDENT.

WASHINGTON, D. C., *June 14, 1867.*

Let the lands be set apart as reservations for the Indians within named, as recommended by the Acting Secretary of the Interior.

ANDREW JOHNSON.

EXECUTIVE MANSION, *November 8, 1873.*

It is hereby ordered that the following tract of country in the Territory of Idaho be, and the same is hereby, withdrawn from sale and set apart as a reservation for the Cœur d'Alène Indians, in said Territory, viz:

"Beginning at a point on the top of the dividing ridge between Pine and Latah (or Hangman's) Creeks, directly south of a point on said last-named creek, 6 miles above the point where the trail from Lewiston to Spokane Bridge crosses said creek; thence in a northeasterly direction in a direct line to the Cœur d'Alène Mission, on the Cœur d'Alène River (but not to include the lands of said mission); thence in a westerly direction, in a direct line, to the point where the Spokane River heads in, or leaves the Cœur d'Alène Lakes; thence down along the center of the channel of said Spokane River to the dividing line between the Territories of Idaho and Washington, as established by the act of Congress organizing a Territorial government for the Territory of Idaho; thence south along said dividing line to the top of the dividing ridge between Pine and Latah (or Hangman's) Creek; thence along the top of the said ridge to the place of beginning."

PART III. EXECUTIVE ORDERS RELATING TO RESERVES.

Fort Hall Reserve.

[Occupied by Bannock and Shoshone tribes: area, 1,350 square miles; established by treaty of July 3, 1868, and acts of July 3, 1882 (22 Stat., 148), September 1, 1888 (25 Stat., 452), February 28, 1889 (25 Stat., 687), and March 3, 1891 (26 Stat., 1011).]

(This reservation is included in the executive order of June 14, 1867, and preliminary correspondence, under the head of "Cœur d'Aléne Reserve.")

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, July 23, 1869.

SIR: I have the honor to submit herewith a letter from Charles F. Powell, special United States Indian agent, Fort Hall Agency, Idaho Territory, dated the 30th ultimo, which letter was forwarded to this office, with indorsement, dated the 6th instant, by Hon. D. W. Ballard, governor and *ex-officio* superintendent of Indian affairs for said Territory, and would respectfully call your attention to that portion of Agent Powell's letter relative to a selection of reservation for the Bannock Indians.

It is provided in the second article of the treaty concluded with the Eastern band of Shoshones and the Bannock tribe of Indians, July 3, 1868, that whenever the Bannocks desire a reservation to be set apart to their use, or whenever the President of the United States shall deem it advisable for them to be put upon a reservation, he shall cause a suitable one to be selected for them in their present country, which shall embrace reasonable portions of the Port Neuf and "Kansas prairie" countries, and that when the reservation is declared, the United States will secure to the Bannocks the same rights and privileges therein and make the same and like expenditures therein for their benefit, except the agency house and residence of agent, in proportion to their numbers, as herein provided for the Shoshone Reservation.

By virtue of executive order, dated June 14, 1867 (herewith inclosed), there was set apart a reservation for the Indians in southern Idaho, including the Bannocks. This reserve, it will be observed from the diagram accompanying said executive order, embraces a portion of the country which the treaty provisions above quoted provides the reservation for the Bannocks shall be selected from. It appears from the letter of Agent Powell that the Bannocks are at present upon the reserve set apart by executive order as above stated, and that they desire to remain there. I think the area embraced within this reserve is sufficient for the Bannocks and any other Indians that it may be desired to locate thereon. I therefore respectfully recommend that the same be designated as the reserve provided for in the treaty of July 3, 1868, as hereinbefore recited, and that the President be requested to so direct.

Very respectfully, your obedient servant,

E. S. PARKER, *Commissioner.*

Hon. J. D. Cox,
Secretary of the Interior.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., July 29, 1869.

SIR: I have the honor to submit herewith a communication from the Commissioner of Indian Affairs, dated the 23d instant, and accompanying papers, relative to the designation of a reservation in Idaho for the Bannock Indians, as provided by the second article of the treaty of July 3, 1868, with that tribe, and for the reasons stated by the Commissioner respectfully recommend that you direct that the lands reserved by an executive order dated June 14, 1867, for the Indians of southern Idaho, including the Bannocks, be designated as the reserva-

tion provided for said tribe by the second article of the treaty referred to, dated July 3, 1868.

With great respect, your obedient servant,

J. D. COX, *Secretary.*

To the PRESIDENT.

EXECUTIVE MANSION, *July 30, 1869.*

The within recommendation of the Secretary of the Interior is hereby approved, and within the limits of the tract reserved by executive order of June 14, 1867, for the Indians of southern Idaho, will be designated a reservation provided for the Bannocks by the second article of the treaty with said tribe of 3d July, 1868.

EXECUTIVE MANSION, *February 12, 1875.*

It is hereby ordered that the tract of country in the Territory of Idaho, lying within the following-described boundaries, viz: Commencing at a point on the Lemhi River that is due west of a point 1 mile due south of Fort Lemhi; thence due east, about 3 miles to the crest of the mountain; thence with said mountain in a southerly direction about 12 miles to a point due east of Yeanun bridge, on the Lemhi River; thence west across said bridge and Lemhi River to the crest of the mountain on the west side of river; thence with said mountain in a northerly direction to a point due west of the place of beginning; thence due east to the place of beginning, be, and the same hereby is, withdrawn from sale and set apart for the exclusive use of the mixed tribes of Shoshone, Bannock, and Sheepeater Indians, to be known as the Lemhi Valley Indian Reservation.

Said tract of country is estimated to contain about 100 square miles, and is in lieu of the tract provided for in the third article of an unratified treaty made and concluded at Virginia City, Montana Territory, on the 24th of September, 1868.

Cheyenne and Arapaho Reserve.

(For reserve set apart for Cheyennes and Arapahoes in Colorado, see Colorado, ante page 832.)

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, June 19, 1869.

SIR: I have the honor to acknowledge the receipt, by reference from the Secretary of the Interior on the 10th instant, of a letter from Adj.

Gen. E. D. Townsend, bearing date the 9th instant, inclosing a copy of a telegram dated Fort Leavenworth, Kans., June 8, 1869, from Maj. Gen. J. M. Schofield to General W. T. Sherman, recommending that the reservation for the Arapaho Indians be changed from its present location to the North Fork of the Canadian River, and requesting a report thereon from this office.

By the terms of the treaty with the Cheyenne and Arapaho tribes of Indians, proclaimed August 19, 1868, it is provided in the second article thereof that "the United States agrees that the following district of country, to wit: Commencing at the point where the Arkansas River crosses the thirty-seventh parallel of north latitude; thence west on said parallel—the said line being the southern boundary of the State of Kansas—to the Cimarron River (sometimes called the Red Fork of the Arkansas River); thence down said Cimarron River, in the middle of the main channel thereof, to the Arkansas River; thence up the Arkansas River, in the middle of the main channel thereof, to the place of beginning, shall be, and the same is hereby, set apart for the absolute and undisturbed use and occupation of the Indians herein named, and for such other friendly tribes or individual Indians as from time to time they may be willing, with the consent of the United States, to admit among them."

It will be seen from the language of the second article of said treaty, just quoted, that a reservation upon which they are now located has already been provided for said Indians within the boundaries in said article designated, but I am of opinion that it would be better for both the Indians and the Government if they were to be removed to the North Fork of the Canadian River in accordance with the suggestions of General Schofield, provided any authority can be found for removing and locating said Indians in the manner contemplated.

Should you be of opinion that such authority exists, and determine in pursuance thereof to cause a removal of said Indians to be made from their present reservation, I would suggest that a tract of country be set aside for their occupation and use bounded as follows, viz: Commencing at the point where the Washita River crosses the ninety-eighth degree of west longitude; thence north on a line with said ninety-eighth degree to the point where it is crossed by the Red Fork of the Arkansas (sometimes called the Cimarron River); thence up said river, in the middle of the main channel thereof, to the north boundary of the country ceded to the United States by the treaty of June 14, 1866, with the Creek Nation of Indians; thence west on said north boundary and the north boundary of the country ceded to the United States by the treaty of March 21, 1866, with the Seminole Indians, to the one hundredth degree of west longitude; thence south on the line of said one hundredth degree to the north boundary of the country set apart for the Kiowas and Comanches by the second article of the treaty concluded October 21, 1867, with said tribes; thence east along said boundary to the point where it strikes the Washita River; thence down said Washita River, in the middle of the main channel thereof, to the place of beginning.

The territory comprised within the boundaries last above designated contains a small portion of the country ceded to the United States by the terms of the treaty with the Creek Indians concluded June 14, 1866; a portion of the country ceded to the United States by the terms of the treaty with the Seminole Indians concluded March 21, 1866, and the remainder is composed of a portion of what is commonly known as the "leased country."

Inasmuch as this office has no information upon the subject, except that conveyed by the telegram of General Schofield, which is very meager and indefinite, I am unable to determine the causes which seem to require this change, and I would therefore respectfully suggest

unless there is some pressing necessity which will admit of no delay, whether it would not be well to refer the matter to the proper officers of this bureau for investigation and report before any action is taken.

The letter of Adjutant-General Townsend, together with the copy of the telegram of General Schofield, is herewith returned.

Very respectfully, etc.,

E. S. PARKER, *Commissioner.*

Hon. W. T. OTTO,
Acting Secretary of the Interior.

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
Washington, D. C., August 10, 1869.

SIR: Referring to my report to you of the 19th of June last, relative to the change of location of the reservation for the Cheyenne and Arapaho Indians, I now have the honor to submit, herewith, copies of the following letters relative to this subject, viz:

Letter from Superintendent Hoag, dated the 31st ultimo, inclosing letter from Brevet Major-General Hazen, dated the 24th ultimo.

Letter from Superintendent Hoag, dated the 4th instant, inclosing letter from General Hazen, dated the 2d instant.

It appears from these letters that the Cheyennes and Arapahoes did not understand the location of the reservation as defined by the treaty of August 19, 1868; that they have never been upon said reserve, and do not desire to go there, but that they desire to locate on the North Fork of the Canadian, some 60 miles below Camp Supply; that the agent for these tribes has a large quantity of valuable stores in this locality, which are very much exposed.

Inasmuch as these Indians express a desire to be located upon a reserve, I think it very desirable that their wishes should be gratified, and that they be not permitted to again roam on the plains. I therefore respectfully recommend that the President be requested to authorize the location of these Indians on the North Fork of the Canadian River, where they desire to go, and that immediate steps be taken to provide temporarily for them there. The country desired by them is public land, and I think it competent for the President to direct their location thereon. In view, however, of the fact that these Indians have a reservation defined for them by treaty stipulation, legislation can be asked of Congress at the coming session to insure a permanent reservation for them where they may locate, and abandon as a reservation the present one, restoring it to the public lands.

Very respectfully, your obedient servant,

E. S. PARKER, *Commissioner.*

Hon. J. D. Cox,
Secretary of the Interior.

*Fort Supply Military Reserve.**

WAR DEPARTMENT,
Washington City, January 16, 1883.

To the PRESIDENT:

SIR: I have the honor, upon the recommendation of the commanding general Department of the Missouri, concurred in by the Lieutenant-General and approved by the General of the Army, to request that the United States military reservation of Fort Supply, Indian Territory, originally declared by Executive order dated April 18, 1882, as announced in General Orders No. 14, of May 10, 1882, from department headquarters, may be enlarged, for the purpose of supplying the post with water and timber, by the addition of the following-described tracts of land adjacent thereto, viz:

The south half of township 25 north, range 22 west, and the southwest quarter of township 25 north, range 21 west, in the Indian Territory.

It has been ascertained from the Interior Department that no objection will be interposed to the enlargement of the reservation in question as herein indicated.

The Commissioner of Indian Affairs, however, with the concurrence of the Secretary of the Interior, recommends that a proviso be inserted in the order making the proposed addition, so as to cover the entire reservation, "that whenever any portion of the land so set apart may be required by the Secretary of the Interior for Indian purposes the same shall be abandoned by the military, upon notice to that effect to the Secretary of War."

I have the honor to be, sir, with great respect, etc.,

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, December 11, 1854.

SIR: I inclose a copy of a letter from Messrs. George Smith and P. O. Johnson, missionaries of the Methodist Episcopal Church in Michigan, addressed to Rev. Dr. Durbin, and by him forwarded to this office, in relation to certain desired reservations of public lands.

In consideration of certain contemplated arrangements with the Indians in Michigan during the ensuing spring, I have to ask that you reserve from public sale the lands designated in the letter of Messrs. Smith and Johnson.

I have also received a communication from the Rev. J. P. Durbin, corresponding secretary of the Missionary Society of the Methodist Episcopal Church, asking for an additional reservation of lands near Iroquois Point, back from the lake.

For the reasons above, I concur in the request, and ask that several additional sections to those already reserved be made of the lands in the vicinity of Iroquois Point.

Very respectfully, your obedient servant,

GEO. W. MANYPENNY, *Commissioner.*

JOHN WILSON, Esq.,
Commissioner of General Land Office.

GENERAL LAND OFFICE, *December 20, 1854.*

SIR: I have the honor to transmit a communication from the Commissioner of Indian Affairs, addressed to this office, bearing date the 11th instant, and its inclosure, recommending, for reasons stated, the withdrawal from market and reservation for Indian purposes the land in Isabella County, Mich., or so much thereof as may be deemed expedient.

The pink-shaded lines on the inclosed printed map show the limits of Isabella County, covering, according to the maps of this office, townships 13, 14, 15, and 16 north, of ranges 3, 4, 5, and 6 west of the Michigan meridian, in the Ionia district, the whole of which are requested to be reserved, and the numbers 1, 2, 3, 4, 5, 6, placed on certain townships, show the order of the preference to be given should it be determined to reserve less than the east half of the county.

From an estimate just made at this office, it appears that only about two-ninths of the whole surface has been disposed of, although three of the townships have been in market since 1833, and the balance since 1840.

As regards the conditions mentioned in the Rev. George Smith's letter (among the papers), that the reserve be made "for the Chippewa Indians of Michigan, to be purchased under the direction of the m

townships 34, 35, 36, 37, 38, and 39 north, range 4 west, and townships 34, 37, 38, and 39 north, range 3 west, be withdrawn from sale, with a view to an enlargement of the Little Traverse Reservation.

In his annual report for 1863 (see Annual Report of this Office for 1863, pages 377 and 378), Agent Leach gives his reasons at length in favor of an enlargement of the Little Traverse Reservation, with a view to the removal of the Indians from Mackinac, Beaver Island, Thunder Bay, and those east of the Grand Traverse Bay, and locating them all upon the Little Traverse Reservation, thereby greatly reducing the expenses of the agency and, as hoped, much improving the condition of the Indians.

Concurring in the views expressed by Agent Leach in his report above referred to, I respectfully recommend that the townships named in his letter be withdrawn from sale, with a view to the proposed enlargement of the Little Traverse Reservation.

Very respectfully, your obedient servant,

W. P. DOLE, *Commissioner.*

HON. J. P. USHER,
Secretary of the Interior.

[First indorsement.]

DEPARTMENT OF THE INTERIOR, *April 15, 1864.*

Respectfully submitted to the President with the recommendation that the lands within described be withdrawn from sale for the purpose indicated.

Let the lands be withheld from sale as recommended.

MONTANA.*Bitter Root Valley Reserve.*EXECUTIVE MANSION, *November 14, 1871.*

The Bitter Root Valley, above the Loo-lo fork, in the Territory of Montana, having been carefully surveyed and examined in accordance with the eleventh article of the treaty of July 16, 1855, concluded at Hell Gate, in the Bitter Root Valley between the United States and the Flathead, Kootenay, and Upper Pend d'Oreilles Indians, which was ratified by the Senate, March 8, 1859, has proved, in the judgment of the President, not to be better adapted to the wants of the Flathead tribe than the general reservation provided for in said treaty; it is therefore deemed unnecessary to set apart any portion of said Bitter Root Valley as a separate reservation for Indians referred to in said

treaty. It is therefore ordered and directed that all Indians residing in said Bitter Root Valley be removed as soon as practicable to the reservation provided for in the second article of said treaty, and that a just and impartial appraisement be made of any substantial improvements made by said Indians upon any lands of the Bitter Root Valley, such as fields inclosed and cultivated, and houses erected; that such appraisement shall distinguish between improvements made before the date of said treaty and such as have been subsequently made.

It is further ordered that, after the removal herein directed shall have been made, the Bitter Root Valley aforesaid shall be open to settlement.

It is further ordered that if any of said Indians residing in the Bitter Root Valley desire to become citizens and reside upon the lands which they now occupy, not exceeding in quantity what is allowed under the homestead and pre-emption laws to all citizens, such persons shall be permitted to remain in said valley, upon making known to the superintendent of Indian affairs for Montana Territory, by the 1st day of January, 1873, their intention to comply with these conditions.

DEPARTMENT OF THE INTERIOR,

Office of Indian Affairs, July 2, 1873.

The above diagram is intended to show a proposed reservation for the Gros Ventre, Piegan, Blood, Blackfeet, River Crow, and other Indians in the Territory of Montana. Said proposed reservation is indicated on the diagram by yellow colors, and is described as follows, viz:

I respectfully recommend that the President be requested to order that the lands comprised within the above-described limits be withheld from entry and settlement as public lands, and that the same be set apart as an Indian reservation, as indicated in my report to the Department of this date.

SIR: Upon the recommendation of the Lieutenant-General commanding the Army, I have the honor to request that the following-described tracts of land, in the Territory of Montana, embraced within the limits of the Crow Indian Reservation, created by treaty dated May 7, 1868, Executive orders dated respectively October 20, 1875, and March 8, 1876, and act of Congress approved July 10, 1882, may be duly declared and set apart by the Executive for military purposes, in connection with the post of Fort Custer, viz:

1.—*Post reservation.*

Commencing at the center stone of the parade ground of Fort Custer, Mont., and running thence due south 3 miles to the place of beginning on the southern boundary; thence due east 3 miles; thence due north 6 miles; thence due west 6 miles; thence due south 6 miles; thence due east 3 miles to the place of beginning. Area: 36 square miles.

Area: 3.48 square miles.

Tracings of the proposed reservations are inclosed herewith.

It appears that about thirteen Indian families have received allotments of land within the limits of the proposed reservation for the post of Fort Custer (No. 1), and the Department of the Interior reports that, with the distinct understanding "that these thirteen families shall not be disturbed, but shall be allowed to remain where they are now located, and to retain their present allotments of land and be permitted the free and unrestricted enjoyment thereof, unless they shall voluntarily release or abandon the same," that Department will interpose no objection to the declaration of the proposed reservation as herein requested.

I have the honor to be, sir, with great respect, your obedient servant.

The within request is approved and the reservations are made and proclaimed accordingly: *Provided*, That the thirteen Indian families herein referred to shall not be disturbed, but shall be allowed to remain where they are now located and to retain their present allotments of land, and be permitted the free and unrestricted enjoyment thereof unless they shall voluntarily release or abandon the same.

The Secretary of the Interior will cause the proper notation to be made in the General Land Office.

EXECUTIVE MANSION, *January 31, 1874.*

It is hereby ordered that the following-described tract of country in the Territory of Montana, set apart as a reservation for the Crow tribe of Indians by the first article of an agreement concluded with the said Indians, August 16, 1873, subject to the action of Congress, be, and the same is hereby, withdrawn from sale and settlement, viz:

"Commencing at a point on the Missouri River opposite to the mouth of Shankin Creek; thence up the said creek to its head, and thence along the summit of the divide between the waters of Arrow and Judith Rivers and the waters entering the Missouri River, to a point opposite to the divide between the headwaters of the Judith River and the waters of the Muscle Shell River; thence along said divide to the Snowy Mountains, and along the summit of said Snowy Mountains, in a northeasterly direction, to a point nearest to the divide between the waters which run easterly to the Muscle Shell River and the waters running to the Judith River; thence northwardly along said divide to the divide between the headwaters of Armell's Creek and the headwaters of Dog River, and along said divide to the Missouri River; thence up the middle of said river to the place of beginning (the said boundaries being intended to include all the country drained by the Judith River, Arrow River, and Dog River)."

U. S. GRANT.

EXECUTIVE MANSION, *March 25, 1875.*

By the first article of an agreement made by and between Felix R. Brunot, E. Whittlesey, and James Wright, commissioners on behalf of the United States, and the chiefs, headmen, and men representing the tribe of Crow Indians, under date of August 16, 1873, the following-described tract of country was set apart, subject to ratification by Congress, as a reservation for the absolute and undisturbed use and occupation of the Indians herein named, viz: "Commencing at a point on the Missouri River opposite to the mouth of Shankin Creek, thence up the said creek to its head, and thence along the summit of the divide between the waters of Arrow and Judith Rivers and the waters entering the Missouri River, to a point opposite to the divide between the headwaters of the Judith River and the waters of the Muscle Shell River; thence along said divide to the Snowy Mountains, and along the summit of said Snowy Mountains in a northeasterly direction to a point nearest to the divide between the waters which run easterly to the

Muscle Shell River and the waters running to the Judith River; thence northwardly along said divide to the divide between the headwaters of Armell's Creek and the headwaters of Dog River, and along said divide to the Missouri River; thence up the middle of said river to the place of beginning (the said boundaries being intended to include all the country drained by the Judith River, Arrow River, and Dog River)."

Pending its ratification by Congress, an order was issued January 31, 1874, withdrawing said tract of country from sale or settlement.

Inasmuch as these Indians have not removed to this country, and it is not probable that they will ever make it their home, and as Congress has not taken any decisive action on said agreement, it is ordered that the order of January 31, 1874, be, and hereby is, canceled, and said tract of country restored to the public domain.

U. S. GRANT.

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
Washington, D. C., June 28, 1875.

SIR: By the terms of an act of Congress entitled "An act making appropriations for the current and contingent expenses of the Indian Department and for fulfilling treaty stipulations with various Indian tribes for the year ending June 30, 1876, and for other purposes," approved March 3, 1875, the Pai-Ute Reservation in southeastern Nevada is reduced to "one thousand acres, to be selected by the Secretary of the Interior, in such manner as not to include the claim of any settler or miner."

I have the honor to submit herewith a report from William Vandever, United States Indian inspector, dated San Francisco, Cal., June 12, 1875, under office instructions of 26th of March last, submitting a report of the selection of the 1,000 acres (to which the Pai-Ute Reservation in southeast Nevada was reduced) made by Messrs. Bateman and Barnes, United States Indian agents in Nevada, under his instructions of April 12, 1875, which selection having met his approval, he forwards, with the recommendation that the following metes and bounds be established and proclaimed by Executive order as the boundaries of the Pai-Ute Reservation in southeastern Nevada, as contemplated by said act of Congress, viz:

Commencing at a stone set in the ground, extending 3 feet above, whereon is cut "U. S. No. 1," which stone marks the northeast corner of the reservation, standing on a small hill known as West Point, and set 18 feet in a northeasterly direction from the corner of a building designated as the office and medical depository located on said reservation and running thence north 60 degrees west 80 chains to a stone upon which is cut "U. S. No. 2;" thence north 70 degrees west 97 chains to a stone upon which is cut "U. S. No. 3;" thence south

PART III. EXECUTIVE ORDERS RELATING TO RESERVES.

56 chains and 50 links to a monument of stones on the top of a hill; thence south 70 degrees east 97 chains to a monument of stones at the base of a hill; thence south 60 degrees east 80 chains to a stone set in the ground rising 2 feet above, upon which is cut "U. S., S. E. corner;" thence north 56 chains and 50 links to place of beginning.

The act in question provides that the reservation shall not include any claim of settler or miner, yet the lands described above include the claim of Volney Rector. Inasmuch, however, as Inspector Vandever reports the improvements of Mr. Rector to be just what are required for the agency, and that Mr. Rector has relinquished the possession thereof to the United States for \$1,800, the appraised value of two years ago, made by Commissioners Ingalls and Powell, I deem the law to have been complied with, and therefore submit the selection herein made for your approval, with the suggestion, if approved by you, that the lands herein selected be set apart for the Pai-Ute Indians.

The return of the letter of Inspector Vandever is herewith requested, with your directions in the premises.

Very respectfully, your obedient servant,

H. R. CLUM, *Acting Commissioner.*

The Hon. SECRETARY OF THE INTERIOR.

DEPARTMENT OF THE INTERIOR,

Washington, D. C., July 3, 1875.

SIR: I return the report of William Vandever, United States Indian inspector, which accompanied your communication of the 28th ultimo, in which are defined the boundaries of the Pai-Ute Reservation in southeastern Nevada, embracing 1,000 acres, to which area said reserve was by act of March 3, 1875, declared to be reduced; the land to be selected by the Secretary of the Interior.

The selection of the tract of country described in the report of Inspector Vandever is approved, and hereby set apart as a reservation for the Pai-Ute Indians.

Very respectfully,

C. DELANO, *Secretary.*

The COMMISSIONER OF INDIAN AFFAIRS.

Pyramid Lake, or Truckee Reserve.

[In Nevada Agency: occupied by Paiute; area, 503½ square miles.]

DEPARTMENT OF THE INTERIOR,

Office of Indian Affairs, November 29, 1859.

SIR: My attention has been called, by a letter of the 25th inst. from F. Dodge, esq., agent for the Indians in Utah Territory, now in this city, to the consideration of the propriety and necessity for reserving from sale and settlement, for Indian use, a tract of land in the northern portion of the valley of the Truckee River, including Pyramid Lake, and a tract in the northeastern part of the valley of Walker's River, including Walker's Lake, as indicated by the red coloring upon the inclosed map, and, fully concurring in the suggestion of Agent Dodge respecting this subject, I have to request that you will direct the surveyor-general of Utah Territory to respect said reservations upon the plats of survey when the public surveys shall have been extended over that part of the Territory, and in the mean time that the proper local land officers may be instructed to respect the reservations upon the books of their offices when such offices shall have been established.

Very respectfully, your obedient servant,

A. B. GREENWOOD, *Commissioner.*

Hon. SAMUEL A. SMITH,

Commissioner General Land Office.

NEW MEXICO.

Bosque Redondo Reserve.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, January 14, 1864.

SIR: My attention has been called by Superintendent Steck, of New Mexico, to the necessity of designating a tract of land in New Mexico 40 miles square, with Bosque Redondo as the center, as a reservation for the Apache Indians.

In a former letter to this office, a copy of which was transmitted to you with report thereon, under date of December 16, 1863, Superintendent Steck speaks of the proposed reservation as well adapted to Indian purposes, for a limited number. Mr. Steck estimates the number of Apaches to be about 3,000, and the quantity of arable land within the boundaries of the proposed reservation at not exceeding 6,000 acres. Surveyor-General Clark, of New Mexico, in a letter to Mr. Steck, a copy of which was transmitted to you with the report before mentioned, makes the same estimate as to the quantity of arable land within 40 miles square, with Bosque Redondo as a center.

Owing to the fact that the arable land lies along the water courses it seems to be necessary that the area of the reservation should be as large as that proposed by Mr. Steck in order to suitably accommodate the estimated number of Apaches, and isolate them as far as possible from the whites.

For the reasons given by Mr. Steck in his letter before referred to, as well as for those given in his annual report for 1863, to both of which reference is had, should you concur in the propriety of reserving the tract of land mentioned for the use of the Apaches, I would respectfully recommend that the subject be laid before the President, with the recommendation that the same may be withheld from pre-emption and settlement, and under his proclamation be set apart for Indian purposes.

Very respectfully, your obedient servant,

WILLIAM P. DOLE, *Commissioner.*

Hon. JOHN P. USHER,
Secretary of the Interior.

[First indorsement.]

DEPARTMENT OF THE INTERIOR, *January 15, 1864.*

Respectfully laid before the President, with the recommendation that the reservation be set apart for the purposes herein indicated.

DEPARTMENT OF THE INTERIOR,

The above diagram is intended to show a proposed reservation for the Mescalero band of Apache Indians in New Mexico; said propose

reservation is indicated on the diagram by the red lines bordered with yellow, and is described as follows, viz:

I respectfully recommend that the President be requested to order that the land comprised within the above-described limits be withheld from entry and settlement as public lands, and that the same be set apart as an Indian reservation, as indicated in my report to the Department of this date.

R. B. HAYES.

EXECUTIVE MANSION, *May 1, 1883.*

Whereas it is found that certain descriptions as to boundaries given in an Executive order issued March 16, 1877, setting apart a reservation in the Territory of New Mexico for the Zuñi Pueblo Indians, are not stated with sufficient definiteness to include within said reservation all the lands specified in and intended to be covered by said Executive order, especially the Nutria Springs and the Ojo Pescado, said Executive order is hereby so amended that the description of the tract of land thereby set apart for the purposes therein named shall read as follows:

Beginning at the one hundred and thirty-sixth mile-post on the west boundary line of the Territory of New Mexico; thence in a direct line to the southwest corner of township 11 north, range 18 west; thence east and north, following section lines, so as to include sections 1, 12, 13, 14, 22, 23, 24, 25, 26, 27, 28, 32, 33, 34, 35, and 36, in said township; thence from the northeast corner of said township, on the range line between ranges 17 and 18 west, to the third correction line north; thence east on said correction line to the nearest section line in range 16, from whence a line due south would include the Zuñi settlements in the region of Nutria and Nutria Springs and the Pescado Springs; thence south following section lines to the township line between townships 9 and 10 north, range 16 west; thence west on said township line to the range line between ranges 16 and 17 west; thence in a direct line to the one hundred and forty-eighth mile-post on the western boundary line of said Territory; thence north along said boundary line to place of beginning.

CHESTER A. ARTHUR.

PART III. EXECUTIVE ORDERS RELATING TO RESERVES.

Indians, among others, complain "that whites came on their land at Berthold and cut wood for sale to steam-boats. They want this stopped. They are willing that boats should go and cut all they want, but do not want strangers to come and sell their wood while they are starving; they want to cut and sell it themselves."

General Hancock further states, in the letter above referred to, that he did not know whether those Indians had a reservation or not, and that he has instructed the commanding officer at Fort Stevenson to examine the country about Berthold and to recommend what portions should be set off for them.

By letter dated August 16 last General Hancock was informed by this office that by the treaty concluded at Fort Laramie October 17, 1851, which was not ratified, but was amended by the Senate, and the stipulations as amended fulfilled by the Government, the following are given as the boundaries of a reservation for the Gros Ventres, Arickarees, and Mandans, viz: Commencing at the mouth of Heart River; thence up the Missouri to the mouth of Yellowstone River; thence up the Yellowstone to the mouth of Powder River; thence southeast to the headwaters of the Little Missouri River; thence along the Black Hills to the head of Heart River, and down said river to the place of beginning.

A subsequent treaty was concluded with these Indians at Fort Berthold July 27, 1866. This makes no provision in regard to a reservation. The Indians, parties to the same, grant to the United States the right to lay out and construct roads, highways, and telegraphs through their country, and they cede to the United States "their right and title to the following lands, situated on the northeast side of the Missouri River, to wit: Beginning on the Missouri River, at the mouth of Snake River, about 30 miles below Fort Berthold; thence up Snake River in a northeast direction 25 miles; thence southwardly, parallel to the Missouri River, to a point opposite and 25 miles east of old Fort Clarke; thence west to a point on the Missouri River opposite the old Fort Clarke; thence up the Missouri River to the place of beginning."

This treaty has never been ratified, but appropriations have been made by Congress in accordance with its provisions. There are no treaty stipulations with these Indians relative to a reservation for them which have been ratified.

It is proper here to state that the reservation as proposed by Captain Wainwright is a part of the country belonging to the Arickaree, Gros Ventre, and Mandan Indians, according to the agreement of Fort Laramie, with the addition of a strip of land east of the Missouri River from Fort Berthold Indian village to the mouth of Little Knife River, as shown by the inclosed diagram; and I therefore respectfully recommend that an order of the Executive may be invoked, directing the setting apart of a reservation for said Indians as proposed.

Very respectfully, your obedient servant,

E. S. PARKER, *Commissioner.*

Washington, September 4, 1872.

SIR: I have the honor to inclose herewith a report, dated the 22d ultimo (and accompanying map), received from T. B. Odeneal, esq., superintendent Indian affairs for Oregon, reciting the action taken by him relative to the establishment of a proposed reservation on the headwaters of Malheur River, in that State, for the Snake or Piute Indians, under instructions contained in letter to him from this office, dated the 6th of July last.

Superintendent Odeneal defines the boundaries of the tract of country selected by him for the proposed reservation as follows:

"Beginning at the mouth of the North Fork of the Malheur River; thence up said North Fork, including the waters thereof, to Castle Rock; thence in a northwesterly direction to Strawberry Butte; thence to Soda Spring, on the Canyon City and Camp Harney road; thence down Silvies River to Malheur Lake; thence east to the South Fork of the Malheur River; thence down said South Fork, including the waters thereof, to the place of beginning (to be known as Malheur Reservation), including all lands within said boundaries, excepting so much thereof as may have been granted for military or wagon-road purposes."

I respectfully recommend that the tract of country embraced within the foregoing limits be set apart and reserved as an Indian reservation, and that the President be requested to issue an Executive order accordingly.

It is also requested that the papers inclosed be returned to this office.

Very respectfully, your obedient servant,

F. A. WALKER, *Commissioner*.

[Occupied by Alsea, Coquille, Kusan, Kwatami, Rogue River, Skoton, Shasta, Sainstke, Siuslaw, Tututni, Umpqua, and thirteen others; established by unratified treaty, August 11, 1855, and acts of March 3, 1875 (18 Stat., 446), and August 15, 1894 (28 Stat., 323).]

DEPARTMENT OF THE INTERIOR, *November 8, 1855.*

SIR: I herewith submit for your approval a proposed reservation for Indians on the coast of Oregon Territory, recommended by the Commissioner of Indian Affairs and submitted to the Department by the Commissioner of the General Land Office, for the procurement of your order on the subject, in letter of the 10th September last.

Before submitting the matter to you I desire to have a more full report of the subject from the Indian Office, and the letter of the head of that bureau of the 29th ultimo (Report Book 9, page 54), having been received and considered, I see no objection to the conditional reservation asked for, "subject to future curtailment, if found proper," or entire release thereof, should Congress not sanction the object rendering this withdrawal of the land from white settlement at this time advisable.

A plat marked A, and indicating the boundaries of the reservation, accompanies the papers, and has prepared thereon the necessary order for your signature, should you think fit to sanction the recommendation.

I have the honor to be, very respectfully, your obedient servant,

R. McCLELLAND, *Secretary.*

The PRESIDENT.

NOVEMBER 9, 1855.

The reservation of the land within denoted by blue-shaded lines is hereby made for the purposes indicated in letter of the Commissioner of the General Land Office of the 10th September last and letter of the Secretary of the Interior of the 8th November, 1855.

FRANK'N PIERCE

DEPARTMENT OF THE INTERIOR,
Washington, D. C., December 20, 1865.

SIR: Pursuant to a recommendation of the Secretary of the Interior of the 8th of November, 1855, the President of the United States, by an Executive order dated the 9th of that month set apart conditionally the tract of country on the coast of Oregon, extending from Cape Lookout on the north to a point below Cape Perpetua on the south, as exhibited in blue on the accompanying map, for an Indian reservation.

It is represented by the Oregon delegation in Congress that this reservation is unnecessarily large, and that by reason of its access to the harbor of Aquina Bay by the numerous settlers in the fertile and productive valley of the Willamette is prevented. They ask for a curtailment of this reservation, so as to secure to the inhabitants of the Willamette Valley the much-needed access to the coast, and for this purpose propose that a small and rugged portion of the reservation in the vicinity of Aquina Bay, not occupied or desired by the Indians, shall be released and thrown open to occupation and use by the whites.

The Commissioner of Indian Affairs is of the opinion that the interests of the citizens of Oregon will be promoted by the opening of a port of entry at Aquina Bay, and that their interest is paramount in importance to that of the Indians located in that vicinity. Concurring in the views expressed by the Hon. Messrs. Nesmith, Williams, and Henderson, and the Commissioner of Indian Affairs, I respectfully recommend that an order be made by you releasing from reservation for Indian purposes and restoring to public use the portion of the said reservation bounded on the accompanying map by double red lines, and described in the communication of the Oregon delegation as follows, viz: Commencing at a point two miles south of the Siletz Agency; thence west to the Pacific Ocean; thence south along said ocean to the mouth of the Alsea River; thence up said river to the eastern boundary of the reservation; thence north along said eastern boundary to a point due east of the place of beginning; thence west to the place of beginning.

I have the honor to be, very respectfully, your obedient servant,

JAS. HARLAN, *Secretary*.

The PRESIDENT.

EXECUTIVE MANSION, December 21, 1865.

The recommendation of the Secretary of the Interior is approved, and the tract of land within described will be released from reservation and thrown open to occupancy and used by the citizens as other public land.

ANDREW JOHNSON, *President*.*Umatilla Reserve.*

[Occupied by Cayuse, Umatilla, and Wallawalla tribes; area, 124½ square miles; established by treaty June 9, 1856, and acts of August 5, 1882 (22 Stat., 297), March 3, 1885 (23 Stat., 341), and section 8, October 17, 1888 (25 Stat., 559).]

ORDER OF SECRETARY OF THE INTERIOR, DECEMBER 4, 1888, DEFINING
BOUNDARIES OF UMATILLA RESERVATION, OREGON.

Whereas by the act of March 3, 1885 (23 Stat., 340), entitled "An act providing for allotment of lands in severalty to the Indians resid-

ing upon the Umatilla Reservation, in the State of Oregon, and granting patents therefor, and for other purposes," it is provided that "before any allotments are made, a Commission of three disinterested persons to be appointed by the President shall go upon said reservation and ascertain as near as may be the number of Indians who will remain on said reservation, and who shall be entitled to take lands in severalty thereon, and the amount of land required to make the allotments; and thereupon said Commission shall determine and set apart so much of said reservation as shall be necessary to supply agricultural lands for allotments in severalty, together with sufficient pasture and timber lands for their use, and six hundred and forty acres for an industrial farm and school, not exceeding one hundred and twenty thousand acres in the aggregate for all purposes; and the same shall be in as compact a form as possible. Said Commission shall report to the Secretary of the Interior the number and classes of persons entitled to allotments, as near as they may be able to, the metes and bounds of the tract by them selected for said Indians, and designate the particular tract selected for an industrial farm and school; and if the same shall be approved by the Secretary of the Interior, the said tract shall thereafter constitute the reservation for said Indians, and within which the allotments herein provided for shall be made;" and

Whereas in pursuance of this provision of law, a Commission was appointed by the President on August 13, 1887, which Commission proceeded under instructions to the said Umatilla Reservation, secured the consent of the Indians to the provisions of the law, took the required census of the Indians, and selected a tract for a diminished reservation containing in the aggregate 119,364 acres, of which, according to the census of the Indians on the reservation and the provisions of the law for making allotments, 74,800 acres were required for allotment to the Indians for agricultural purposes; and

Whereas upon surveying said lands, it was found and reported that the diminished reservation so selected by the commission and reported to the Department contained about 10,000 acres less of agricultural lands than was required to make allotments to the Indians as provided in the law; whereupon it became necessary to appoint a second Commission, to readjust the boundaries for the diminished reservation, so as to bring within their limits a sufficient quantity of agricultural land to meet the requirements of the law, which second Commission, appointed by the President on December 22, 1887, made its report, describing the metes and bounds of the tract of land selected and defined by it, which, upon examination of said report and the map accompanying it, was found to be a tract of land so irregular in its shape and outline, as would make it difficult for the Indians living upon it and the white settlers occupying lands adjoining it on the outside to know certainly and exactly the location of the boundaries of the diminished reservation; and in said report it is stated by the Commission that it was not able to include as much timber land as was thought to be necessary within the diminished reservation, without exceeding the limit of its area as fixed by the law, and that while the Indians are some better satisfied with the tract as selected and defined by it for the diminished reservation than they were with the tract selected and defined by the former Commission, there remained considerable dissatisfaction because certain mountain and timber lands lying in the eastern part of the existing reservation were not included within the boundaries of the tract selected for the diminished reservation; and,

Whereas in view of the facts as thus shown, it was deemed necessary by the Department to submit the matter to Congress and to request that the act of March 3, 1885, be so amended as to authorize and empower the Secretary of the Interior to select, prescribe and define a tract of land for the diminished reservation which will contain a sufficient quantity of land to meet the needs and desires of the Indians and

Santee Sioux Reserve.

DEPARTMENT OF THE INTERIOR,
OFFICE INDIAN AFFAIRS,
Washington, D. C., March 19, 1867.

As special commissioner I have concluded a preliminary arrangement with the Santee Sioux now at the mouth of the Niobrara, by which they consent to go into a reservation in the Territory of Dakota, and lying between the Big Sioux on the east, and the James River on the west, and between the forty-fourth and forty-fifth parallels of latitude. This reservation is selected with the approbation of the governor of the Territory and the Delegate in Congress, as also the surveyor-general of the said Territory. I am informed that there are no white settlements within its limits, and no part of it has yet been surveyed by the United States.

I would therefore request that an order be issued by the President to withdraw from market the lands embraced within the limits of the said reservation, so as to keep the whites from attempting any settlement within it. This, I am informed, has been the practice in many similar cases.

As it is important that the Indians should be removed as soon as possible, I would request that this order be issued immediately.

I am, with great respect, your obedient servant,

LEWIS V. BOGY,
Special Commissioner.

To the SECRETARY OF THE INTERIOR,
Washington City.

P. S.—I hand you a letter from General Tripp, surveyor-general of Dakota, recommending the withdrawal of this land from market.

DEPARTMENT OF THE INTERIOR,
March 20, 1867.

I respectfully lay before the President the proposition of Special Commissioner Bogy as herein contained, and recommend that the lands described be withdrawn from market.

O. H. BROWNING, *Secretary.*

Let the lands be withdrawn as recommended.

ANDREW JOHNSON.

MARCH 20, 1867.

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
Washington, D. C., July 6, 1869.

SIR: I have the honor to transmit herewith a letter from the Commissioner of the General Land Office, dated the 2d ultimo, asking information relative to the Santee Sioux Indian Reservation, situated between the Big Sioux and James Rivers, and between the forty-fourth and forty-fifth parallels of north latitude, in Dakota Territory, and suggesting that if those lands are no longer occupied by Indians, necessary steps should be taken to restore them to the public domain.

PART III. EXECUTIVE ORDERS RELATING TO RESERVES.

This office has informally obtained from the General Land Office the inclosed copy of a letter and indorsements, by which it appears that Lewis V. Bogy, as a special commissioner, selected the above-described reservation, and that upon the recommendation of Hon. O. H. Browning, then Secretary of the Interior, the said lands were withdrawn from market by order of the President, dated March 20, 1867.

The Santee Sioux Indians have never occupied this reservation. They have a reservation on the Niobrara River, in Nebraska, where I deem it proper they should remain. It is not practicable for them to be located upon the reserve above described.

I therefore respectfully recommend that the order of the President withdrawing the above-described lands from market may be rescinded.

Please return the accompanying papers.

Very respectfully, your obedient servant,

E. S. PARKER, *Commissioner.*

Hon. J. D. Cox,
Secretary of the Interior.

DEPARTMENT OF THE INTERIOR,
July 10, 1869.

The proposition of the Commissioner of Indian Affairs is approved, and I respectfully recommend that the lands withheld be restored to market.

J. D. Cox, *Secretary.*

EXECUTIVE MANSION, *July 13, 1869.*

I hereby rescind the Executive order of March 20, 1867, referred to, and direct the restoration of the lands withheld to market.

WASHINGTON.

Chehalis Reserve.

[In Puyallup Agency; occupied by Chinook (Tsinuk), Clatsop, and Chehalis; area, three-fourths of a square mile.]

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, May 17, 1864.

SIR: I have the honor to submit for your direction in the premises sundry communications and papers from Superintendent Hale in reference to a proposed reservation for the Chehalis Indians in Washington Territory.

The condition of these Indians has been the subject of correspondence between this office and the superintendent of Indian affairs in Washington Territory for several years. It will be seen by Superintendent Hale's letter of July 3, 1862, that the country claimed by these Indians is large, comprising some 1,500 square miles; that they have never been treated with, but that the Government has surveyed the greater part of it without their consent and in the face of their remonstrances, and the choicest portions of their lands have been occupied by the whites without any remuneration to them, and without their

consent or having relinquished their claim or right to it. They have been thus crowded out and excluded from the use of the lands claimed by them and those which they have heretofore cultivated for their support. This has caused much dissatisfaction and threatens serious trouble, and they manifest a determination not to be forced from what they claim as their own country. After various propositions made to them by Superintendent Hale, looking to their removal and joint occupation of other Indian reservations, to all which they strenuously objected, they expressed a willingness to relinquish all the lands hitherto claimed by them, provided they shall not be removed, and provided that a sufficient quantity of land shall be retained by them at the mouth of the Black River as a reservation.

The selection herein made in accordance with their wishes, and approved by Superintendent Hale, reduces the dimensions of their former claim to about six sections of land, with which they are satisfied, and which selection has been submitted to this office for its approval. There seems one drawback only to this selection, and that is one private land claim—that of D. Mounts—which it is proposed to purchase. The price asked is \$3,500, which he considers not unreasonable. (See his communication of March 30, 1863, and accompanying papers.)

There is remaining on hand of the appropriation for "intercourse with various Indian tribes having no treaties with the United States" the sum of \$3,980.12, a sufficient amount of which I have no doubt might appropriately be applied for the purpose indicated. (See U. S. Statutes at Large, vol. 12, page 792.)

I am of the opinion that the proposition is a fair one for the Government, and as it is satisfactory to the Indians interested, I see no objection to its approval by the Department, especially so when it is considered that it will peaceably avert impending trouble.

As recommended in the letters herewith submitted, it will also be necessary, doubtless, to make some provision for them after they shall have been assured of the quiet and permanent possession of the proposed reservation for a future home. But this may subsequently receive the attention of the Department. These Indians are represented to be in a very hopeful condition. They wish to abandon a roving life; to establish themselves in houses and cultivate their lands; to educate their children, and live peaceably with all.

These papers are submitted for your information in considering the subject, and, if it shall commend itself to your judgment, for the approval of the proposed selection as a reservation for these Indians and the purchase of the private land claim of D. Mounts thereon.

Very respectfully, your obedient servant,

WM. P. DOLE, *Commissioner.*

Hon. J. P. USHER,
Secretary of the Interior.

Nisqually Reserve.

[In Puyallup Agency; occupied by Muckleshoot, Nisqually, Puyallup, Skwawkmomish, Stalakoom, and five other tribes; treaty of December 26, 1854.]

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, January 19, 1857.

SIR: The treaty negotiated on the 29th of December, 1854, with certain bands of Nisqually, Puyallup, and other Indians of Puget's Sound, Washington Territory (article 2), provided for the establishment of reservations for the colonization of Indians, as follows: (1) The small island called Klah-chemin. (2) A square tract containing two sections near the mouth of the She-nah-nam Creek. (3) Two sections on the south side of Commencement Bay.

The sixth article of the treaty gives the President authority to remove the Indians from those locations to other suitable places within Washington Territory, or to consolidate them with friendly bands.

So far as this office is advised a permanent settlement of the Indians has not yet been effected under the treaty. Governor Stevens has formed the opinion that the locations named in the first article of the treaty were not altogether suitable for the purpose of establishing Indian colonies. One objection was that they are not sufficiently extensive. He reported that 750 Indians had been collected from the various bands for settlement.

I have the honor now to submit for your consideration and action of the President, should you deem it necessary and proper, a report recently received from Governor Stevens, dated December 5, 1856, with the reports and maps therewith, and as therein stated, from which it will be observed that he has arranged a plan of colonization which involves the assignment of a much greater quantity of land to the Indians, under the sixth article of the treaty, than was named in the first article. He proposes the enlargement of the Puyallup Reserve at the south end of Commencement Bay to accommodate 500 Indians; the change in the location, and the enlargement of the Nisqually Reserve, and the establishment of a new location, Muckleshoot Prairie, where there is a military station that is about to be abandoned.

The quantity of land he proposes to assign is not, in my opinion, too great for the settlement of the number of Indians he reports for colonization; and as the governor recommends the approval of these locations and reports that the Indians assent thereto, I would respectfully suggest that they be approved by the President, my opinion being that, should it be found practicable hereafter to consolidate the bands for whom these reserves are intended or to unite other bands of Indians on the same reserves, the authority to effect such objects will still remain with the President under the sixth article of the treaty.

Within the Puyallup Reserve there have been private locations, and the value of the claims and improvements has been appraised by a board appointed for that purpose at an aggregate of \$4,917.

In the same connection I submit the governor's report of August 28, 1856, which he refers to, promising that the proceedings of his conference with the Indians therein mentioned were not received here with the report.

Very respectfully, your obedient servant,

GEO. W. MANYPENNY, *Commissioner.*

Hon. R. McCLELLAND,
Secretary of the Interior.

to you, and recommending that it be granted. By reference to report of Agent Howe, which accompanies the last annual report of the superintendent for the year ending June 30, 1863, it will be seen that he is well satisfied of the absolute necessity of its enlargement.

The accompanying plat shows what is proposed to be reserved, which is satisfactory to the Indians. As there were no instructions from the Commissioner of the General Land Office, these lands could not be reserved, but were necessarily offered for sale. There being no bidders the lands are still vacant.

Immediately after the public sale the superintendent gave notice of the intention of the Department to retain these lands for the Indian reservation, and the public have so far acquiesced as not to disturb these proposed boundaries. Still, as the lands were offered at public sale under the proclamation of the President, they are now, agreeably to law, subject to private entry. Should, therefore, application be made to the register for the entry of any of these lands, he would, as matters now stand, be powerless to prevent it.

The register has just addressed the Commissioner of the General Land Office on this subject. Hence the reason of my addressing you without awaiting the return of the superintendent, who may be absent for a month, and respectfully asking that such steps may at once be taken as to prevent any lands within the proposed boundaries being sold by the register until he be further advised.

Very respectfully, your obedient servant,

GEO. F. WHITWORTH, *Chief Clerk.*

Hon. WILLIAM P. DOLE,
Commissioner of Indian Affairs, Washington.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, September 12, 1864.

SIR: I have the honor to inclose herewith for your consideration a letter from C. H. Hale, late superintendent of Indian affairs for Washington Territory, by his clerk, calling attention to the necessity for immediate action in order to secure certain lands to the Indians therein mentioned, near Port Madison, for an enlargement of their reservation.

It appears from the report of Agent Howe, made to this office last year, that the proposed enlargement of the reservation is deemed to be advisable, and I have to request that you will direct that the tracts of land described in the plat inclosed in the letter of Mr. Whitworth may be reserved from sale, so that they may be set apart for the Indians for whom they are intended.

Very respectfully, your obedient servant,

W. P. DOLE, *Commissioner.*

Yakima Reserve.

[Area, 917 square miles; occupied by Kikitat, Palcos, Topnish, Wasco, and Yakima; treaty June 9, 1855, act August 15, 1894 (28 Stat., 320).]

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
Washington, November 21, 1892.

SIR: On the 19th of July last, Jay Lynch, agent for the Yakama Indians, called attention to the tenth article of the treaty of June 9, 1855 (12 Stats., p. 954), which provides—

That there is also reserved and set apart from the lands ceded by this treaty for the use and benefit of the aforesaid confederated tribes and bands, a tract of land not exceeding in quantity one township of 36 miles square, situated at the forks of the Piquouse, or Wenatshapam River, and known as the "Wenatshapam fishery," which said reservation shall be surveyed and marked out whenever the President may direct, and be subject to the same provisions and restrictions as other Indian reservations—

and asked whether or not said tract of land had ever been surveyed and definitely located and marked out as therein provided.

The records of this office failed to disclose any information of such a survey or even the location of said tract, and from inquiry made of the Yakama Indians through Agent Lynch, respecting its status, it was evident that they had no knowledge of any action ever having been taken to definitely locate the said tract. Report was therefore made to the Department on the 27th of August last of the facts herein stated, and a request was made that authority be given Agent Lynch to visit the locality of said "fishery," supposed to be some 75 to 100 miles distant from the agency, and to locate said tract of land by metes and bounds or by natural objects, taking care not to interfere with the vested rights of any settlers or other parties that might be located thereon.

This authority and request being granted on the 29th of August, Agent Lynch was instructed on the 8th of September to visit said fishery, reserved and set apart by said treaty for the use of said Indians, and to fix and determine, as best he could, the boundaries of said tract of land by metes and bounds or by natural objects, that it might be surveyed and marked out, under directions of the President, as the treaty stipulated, and to submit an estimate of the probable cost to have such tract of land as he might designate properly marked out and surveyed. Agent Lynch was furnished the latest edition of the map of Washington issued by the General Land Office for his guidance in determining the location.

On the 24th of October last he submitted his report under said instructions, giving a description of the tract and of its proposed boundaries, with a plat thereof, and a letter from the surveyor-general of Washington, who stated the rates of survey in that State, which are herewith submitted.

In this report he estimated the distance from the agency to the fishery to be 150 miles by the nearest route, and that Lake Wenatchee, as now called, was 50 miles from the mouth of the Wenatchee River, and that the lake was really only "a widening out" of the river for the space of two or three miles in the valley, which was surrounded by mountains. He reported that there are two large creeks flowing into the river just below the lake, which he was of the opinion were forks of the river referred to in the treaty and known as the "fishery," although the map sent represented the "forks of the river" as *above* the lake, which he states is incorrect.

The tract recommended by the agent as the land to be set apart, is, I think, substantially the reservation provided for in the treaty, and is heavily timbered and in a mountain district and not agricultural in any sense of the word. This tract is only valuable, he states, for its timber and fishery privileges, and includes the lower end of the lake and both sides of the river for a distance of 10 miles below the lake, with the river as near the center thereof as practicable to make it so, and is described (the description given by the agent being somewhat different) as follows:

Commencing at a point on the right bank or west shore of Lake Wenatchee, $1\frac{1}{2}$ miles by the shore lines from the right bank of the river Wenatchee, where it leaves (not enters) the lake, thence in a southwesterly direction to a point $1\frac{1}{2}$ miles due southwest from the mouth of the river, thence southeastwardly, parallel to the general course of the river, 10 miles, thence in a northeasterly direction, and across said river 3 miles, thence in a northwesterly direction, parallel to the general course of the river to the lake, thence in a direct line across the lake to the place of beginning, provided the area does not exceed the quantity of 6 miles square, limited by the treaty.

Inasmuch as this provision of the treaty has remained unfulfilled over thirty-three years since the proclamation of the treaty, April 18, 1859, and the country is being rapidly settled and the Great Northern Railroad is extending its system in that direction, I have the honor to recommend that the matter be laid before the President for direction to have the survey of the tract of land reserved and set apart by the tenth article of the Yakima treaty of June 9, 1855, made and marked out at the earliest practicable period, and that the Commissioner of the General Land Office be directed to instruct the surveyor-general of Washington to make said survey under the supervision of the Indian agent in accordance with the suggestions herein contained, and the expenses thereof be paid out of the appropriation for "survey of Indian reservations for 1893."

The surveyor-general, in his letter to Agent Lynch, gives the rate for standard and meander lines not exceeding \$9 per mile; but for the survey of lands heavily timbered, mountainous, or covered with dense undergrowth there may be allowed, with the approval of the Secretary of the Interior, a rate not exceeding \$25 per linear mile. The agent in submitting his estimate fixes the rate at \$18 and the distance 30 miles, making the estimate of the cost in the aggregate \$540. I therefore recommend that in directing the surveyor-general to make the survey that the expense be limited to the sum of \$540, or so much thereof as may be necessary.

It is not intended that the description herein given shall be followed strictly in making the survey, but that it should be considered in connection with the language of the treaty. The surveyor-general should be allowed, if necessary, to make such divergence from the outboundaries herein described as, in his judgment, the topography of the land may demand, provided that the lines surveyed and marked out when completed should embrace the whole of the land contemplated to be set apart by the treaty, and approximately near the area named therein.

Very respectfully, your obedient servant,

T. J. MORGAN,
Commissioner.

HON. SECRETARY OF THE INTERIOR.

PART III. EXECUTIVE ORDERS RELATING TO RESERVES.

DEPARTMENT OF THE INTERIOR,
Washington, November 26, 1892.

The PRESIDENT:

The treaty of June 9, 1855 (12 Stats., 954), provides for a reservation of a tract of land not exceeding in quantity one township of 6 miles square for the Yakima Indians in the then Territory of Washington, to be known as the "Wenatshapam fishery," which "said reservation shall be surveyed and marked out whenever the President may direct, and be subject to the same provisions and restrictions as other Indian reservations."

The attention of the Indian Office was called to this provision in July last by the Yakima agent, and he was directed by the Commissioner to visit the locality of the said "fishery," and to locate said tract by metes and bounds, taking care not to interfere with the vested rights of any settlers or other parties that might be located thereon.

On October 24 he submitted his report herewith, in which he gives a description of the lands to be surveyed and marked, and states that said lands are heavily timbered and in a mountain district, and only valuable for the timber and fishery privileges.

The Commissioner of Indian Affairs states that this country is being rapidly settled, and the Great Northern Railroad is extending its system in that direction, and recommends said lands be surveyed for the purpose named in said treaty.

Concurring in the recommendation of the Commissioner, I have the honor to request that the Commissioner of the General Land Office be authorized to instruct the surveyor-general of Washington to make said survey under the supervision of the Yakima agent, and in accordance with his suggestions, allowing him, however, to make such divergence from the outboundaries described in the Commissioner's letter as in his judgment the topography of the land may demand, provided that the lines surveyed and marked out, when completed, shall embrace the whole of the land contemplated to be set apart by the treaty and approximately near the area named therein, and that your authority be indorsed hereon.

I have the honor to be, very respectfully, your obedient servant,

JOHN W. NOBLE,
Secretary.

OFFICE OF THE NORTHERN SUPERINTENDENCY,
St. Paul, August 16, 1859.

SIR: I herewith inclose the accompanying report of Agent Drew, upon the instructions of J. W. Denver, commissioner of Indian affairs, to Agent Fitch, dated October 26, 1857, in regard to the selection of the 200 acres reserved for the La Point bands for a fishing-ground on Madeline Island, together with a diagram and a schedule, signed by the chiefs and headmen, of the lots selected by them.

Commissioner of Indian Affairs, Washington, D. C.

Lac Court Oreilles Reserve.

WASHINGTON, D. C., *February 17, 1873.*

SIR: I have the honor to inclose herewith, in accordance with your instructions dated December 18, 1872, a list of the lands selected as a permanent reservation for the Lac Court Oreille bands, Chippewas of the Superior, after consultation with the chiefs and headmen.

PART III. EXECUTIVE ORDERS RELATING TO RESERVES.

It is believed that the above-mentioned selection, while satisfactory to the Indians and fulfilling the spirit of the treaty under which it is made, fully secures the interests of the General Government, as well as those of the State of Wisconsin.

It is of the greatest importance that a survey of the exterior boundaries of the reservation be made at the earliest practicable period. The boundary marks of the first survey are generally indistinct, and, besides, do not conform to the boundaries as now proposed.

Persons may trespass with little danger of discovery or hindrance now, but would be prevented if the boundaries of the reservation were distinctly defined and marked so that the Indians themselves could understand them.

Very respectfully, your obedient servant,

S. N. CLARK,
United States Indian Agent.

Acting Commissioner of Indian Affairs, Washington, D. C.

*Lac de Flambeau Reserve.**

[Area, 52½ square miles; treaty September 30, 1854; act of May 29, 1872 (17 Stat., 190).]

DEPARTMENT OF THE INTERIOR,
Office Indian Affairs, June 22, 1866.

SIR: Provision is made in the third section of the second article of the treaty of September 30, 1854, with the Chippewa Indians of Lake Superior and the Mississippi, for setting apart and withholding from sale a tract of land lying about Lac de Flambeau, "equal in extent to three townships, the boundaries of which shall be hereafter agreed upon or fixed by the President." (U. S. Statutes at Large, vol. 10, p. 1109.)

As the lands adjoining this lake are about to be offered at public sale, it is important that immediate action should be taken in withdrawing from sale lands necessary for this reservation. The following-described lands were included within a survey made to define the boundaries of this reservation in June, 1863, by A. C. Stunz, surveyor, under the direction of the Superintendent of Indian Affairs, viz: Sections 5 and 6, township 39 north, range 6 east; sections 5, 6, 7, 8, 17, 18, 19, 20, 29, 30, 31, and 32, township 40 north, range 6 east; sections 5, 6, 7, 8, 17, 18, 19, 20, 29, 30, 31, and 32, township 41 north, range 6 east; all of township 41 north, range 5 east; sections 1, 2, 3, 4, 10, 11, 12, 13, 14, 15, 16, 21, 22, 23, 24, 25, 26, 27, 28, 33, 34, 35, and 36, township 41 north, range 4 east; sections 1, 2, 11, 12, 13, and 14, township 40 north, range 4 east; sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18; township 40 north, range 5 east; the area of the same being 55,630.26 acres.

As this is a less amount of land than is provided for in the treaty for said reservation, I would respectfully recommend that in addition to the foregoing there be reserved from sale, until such time as the boundaries of the reservation are fully defined, the following-described lands which are contiguous to those included in the survey above stated, viz: Sections 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, and 36, township 40 north, range 5 east; sections 3, 10, 15, 22, 23, 24, 25, 26, 27, 34, 35, and 36, township 40 north, range 4 east.

Very respectfully, your obedient servant,

D. N. COOLEY, *Commissioner*.

Secretary of the Interior.

September 6, 1855.

SIR: Inclosed I have the honor to submit an abstract from the Acting Commissioner of Indian Affairs' letter of the 5th instant, requesting the withdrawal of certain lands for the Chippewa Indians in Wisconsin, under the treaty of September 30, 1854, referred by the Department to this office on the 5th instant, with orders to take immediate steps for the withdrawal of the lands from sale.

ranges 3 and 4 west, fourth principal meridian, Wisconsin. For the preservation of which, until the contemplated selections under the sixth clause of the Chippewa treaty of 30th September, 1854, can be made, I respectfully recommend that the order of the President may be obtained.

The requisite reports on the subject of the new surveys, and respecting pre-emption claims, referred to in the same order, will be prepared and communicated at an early day.

I am, respectfully, your obedient servant,

HON. R. McCLELLAND,
Secretary of the Interior.

THOMAS A. HENDRICKS,
Commissioner.

DEPARTMENT OF THE INTERIOR,
February 20, 1856.

This plat represents by the blue shade certain land to be withdrawn with a view to a reservation under Chippewa treaty of 30th September, 1854, and as more particularly described in Commissioner of the General Land-Office's letter of 6th September, 1855. The subject was referred to the President for his sanction of the recommendation made in Secretary's letter of 8th September, 1855, and the original papers can not now be found. This plat is a duplicate of the original received in letter of Commissioner of the General Land Office of this date, and is recommended to the President for his sanction of the withdrawal desired.

R. McCLELLAND, *Secretary.*

FEBRUARY 21, 1856.

Let the withdrawal be made as recommended.

FRANKLIN PIERCE.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, September 3, 1858.

SIR: My attention has just been called to the subject of your communication of the 31st of May last, together with the papers inclosed therewith, pertaining to the selection of the four sections of land reserved for that subdivision of the La Pointe band of which Buffalo was chief, under the sixth clause of the second article of the Chippewa treaty of September 30, 1854.

This matter formed the subject of a communication from this office to the Secretary of the Interior on the 5th of September, 1855, a copy of which is herewith inclosed, in which it was recommended that the necessary means should be taken to cause township 51 north, range 3 west, the northeast quarter of township 51 north, range 4 west, and township 52 north, ranges 3 and 4 west, to be reserved from sale until the selections were made, under the provisions of the aforesaid treaty, for the bands of Indians of which Buffalo was then chief.

Agreeably to the suggestions of this Bureau, your office was directed by the Secretary of the Interior, some time in the month of September, 1855, to adopt appropriate steps to have said tracts reserved from pre-emption and sale until the selections for the Indians had been made.

I find by an examination of a letter from Col. G. W. Manypenny, dated at La Pointe, Wis., August 24, 1855, that he (by mistake) designated the northeast quarter of township 51 north, of range 4 west, to be withheld from sale; whereas it should have been the southeast quarter of the same township and range; and I have now to request that you will direct the register and receiver of the proper local land office to withhold from pre-emption or sale sections 25 and 36 in the southeast quarter of the aforesaid township, the same being a portion of the lands selected by the Chief Ge-gi-qui-on, and that said sections should be respected upon the records of their office.

In view of these facts, I am of the opinion that no pre-emption claims presented subsequent to the selection of the land for Indian purposes in 1855 should be admitted to the prejudice of the rights of the Indians under the treaty.

The treaty evidently contemplated the selection of the land on or near the lake shore, and therefore it is not deemed requisite that the location should embrace four full sections, as such a construction, in view of the meanders of the lake, which prevent the location at that point; and as the legal subdivisions selected by Ge-gi-qui-on are in as compact a form as practicable, although the aggregate exceeds by 32.61 acres the area of four full sections of one square mile each, yet as the selections conform to the requirements of the treaty as nearly as possible, I hereby approve the location of the following tracts, and have to request that the same may be respected upon the books of your office, and that the proper local land office be notified of the same, to wit:

In T. 51, R. 3, west of fourth meridian:

July 23, 1885.

24 Stat., 1023.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

Preamble.

Whereas certain portions of the Cheyenne and Arapahoe Indian Reservation in the Indian Territory, are occupied by persons other than Indians who claim the right to keep and graze cattle thereon, by agreement made with the Indians for whose special possession and

occupancy the said lands have been reserved by the Government of the United States, or under other pretexts and licences:

And whereas all such agreements and licenses are deemed void and of no effect, and the persons so occupying said lands with cattle are considered unlawfully upon the domain of the United States so reserved as aforesaid:

And whereas the claims of such persons under said leases and licenses, and their unauthorized presence upon such reservation, have caused complaint and discontent on the part of the Indians located thereon, and are likely to cause serious outbreaks and disturbances;

Now therefore, I, Grover Cleveland, President of the United States do hereby order and direct that all persons other than Indians, who are now upon any part of said reservation for the purpose of grazing cattle thereon, and their servants and agents, and all other unauthorized persons now upon said reservation, do within forty days from the date of this Proclamation, depart and entirely remove therefrom with their cattle, horses, and other property.

Grazing in Indian Territory prohibited

Regulations for opening. Said lands so to be opened as herein proclaimed, shall be entered upon and occupied only in the manner and under the provisions following, to wit:

A strip of land, one hundred feet in width, around and immediately within the outer-boundaries of the entire tract of country, to be opened to settlement under this proclamation, is hereby temporarily set apart for the following purposes and uses, viz:

Said strip, the inner-boundary of which shall be one hundred feet from the exterior boundary of the country known as the Cherokee Outlet, shall be open to occupancy in advance of the day and hour named for the opening of said country, by persons expecting and intending to make settlement pursuant to this proclamation. Such occupancy shall not be regarded as trespass, or in violation of this proclamation, or of the law under which it is made; nor shall any settlement rights be gained thereby.

Booths for registration. The Commissioner of the General Land Office shall, under the direction of the Secretary of the Interior, establish on said one hundred foot strip booths, to be located as follows: one in Tp. 29 N., R. 2 E.; one in Tp. 29 N., R. 2 W.; one in Tp. 29 N., R. 4 W.; one in Tp. 29 N., R. 8 W.; one in Tp. 29 N., R. 12 W.; one in Tp. 20 N., R. 3 E.; one in Tp. 20 N., R. 2 W.; one in Tp. 20 N., R. 7 W.; and one in Tp. 20 N., R. 26 W., and shall place in charge thereof three officers to each booth, who shall be detailed from the General Land Office. Declaration for homestead entry. Each party desiring to enter upon and occupy as a homestead any of the lands hereby opened to settlement will be required to first appear at one of the before-mentioned booths and make a declaration in writing to be signed by the party in the presence of one of the officers in charge thereof, which shall be certified by such officer, according to the form hereto attached and made a part hereof (marked A), showing his or her qualifications to make homestead entry for said lands, whereupon a certificate will be issued by the officers in charge of the booth to the party making the declaration which shall be of the form hereto attached and made a part hereof (marked D).

Soldier's entry. Where a party desires to file a soldier's declaratory statement in person he will be required to make a declaration which shall be of the form hereto attached and made a part hereof (marked B), the same to be made and subscribed before one of the officers in charge of the booth and certified by such officer, independently of the affidavit (form 4-546) to be filed when he presents the certificate of form D, there given him, to the district officers.

Declarations by agent. Where a party desires to file a declaratory statement through an agent, it will be necessary for him previously to make the affidavit ordinarily required (form 4-545) before some officer

The agent should be provided with affidavits of form 4-545 made in duplicate—one for presentation to the officers in charge of the booth, and the other for presentation to the district officers, when formal filing is to be made.

Each party desiring to enter upon said lands for the purpose of settling upon a town lot, will be required to first appear at one of the before-mentioned booths, and make a declaration in writing to be signed by the party in the presence of one of the officers in charge thereof, which shall be certified by such officer, according to the form hereto attached and made a part hereof (marked E), whereupon a certificate will be issued by the officers in charge of the booth to the party making the declaration which shall be of the form hereto attached and made a part hereof (marked F).

Declaration for town-lot entry.

The said declarations made before the officers in charge shall be given consecutive numbers beginning at number one at each booth and the certificate issued to the party making the declaration shall be given the same number as is given the declaration. The declaration shall be carefully preserved by the officers in charge of the booths, and when the booths are discontinued said declarations shall be transmitted, together with the duplicate affidavits, form 4-545, hereinbefore required to be presented in case of agents proposing to act for soldiers in filing declaratory statements, to the General Land Office for filing as a part of the records pertaining to the disposal of said lands.

Record, etc., of declaration.

The certificate will be evidence only that the party named therein is permitted to go in upon the lands opened to settlement by this proclamation at the time specified herein and the certificate of form D must be surrendered when application to enter or file is presented to the district officers and the party's right to make a filing, homestead entry or settlement shall be passed upon by the district land officers at the proper time and in the usual manner. The holder of such certificate will be required when he makes his homestead affidavit, or, if a soldier or soldier's agent, when he files a declaratory statement at the district office, to allege under oath before the officers taking such homestead affidavit, or to whom said declaratory statement is presented for filing, that all the statements contained in the declaration made by him, upon which said certificate is based, are true in every particular, such oath to be added to affidavit of form 4-102, as shown on form hereto attached, and made a part hereof, (marked 102 d).

Certificates.

After the hour and day hereinbefore named when said lands will be opened to settlement, all parties holding such certificates (form D or F), will be permitted to occupy or enter upon the land so opened, and parties holding a certificate of form D may initiate a homestead claim, either by settlement upon the land or by entry or filing at the proper district office; but no person not holding any such certificate shall be permitted to occupy or enter upon any of said lands until after the booths shall have been discontinued by direction of the Secretary of the Interior. Until then, the officers of the United States are expressly charged to permit no party without a certificate to occupy or enter upon any of said lands.

Holders of certificates only permitted to enter.

Ante, p. 419.

The thirteenth section of the act approved March second, eighteen hundred and eighty-nine, the act approved May second eighteen hundred and ninety, the second proviso of section seventeen, and the whole of section eighteen of the act approved March third, eighteen hundred and ninety-one, are by section ten of the act of March third, eighteen hundred and ninety-three, made applicable in disposing of the lands under said section ten, and said lands are thereby rendered subject to disposal under the homestead and town site laws only, with certain modifications, which laws, as so modified, contain provisions, substantially as follows:

Homestead entries.

R. S., 2301.

1. Any party will be entitled to initiate a homestead claim to a tract of said lands, who is over twenty-one years of age or the head of a family; who is a citizen of the United States, or has declared his intention to become such; who has not exhausted his homestead right either by perfecting a homestead entry for one hundred and sixty acres of land under any law, excepting what is known as the commuted provision of the homestead law, contained in section two thousand three hundred and one of the United States Revised Statutes, or by making or commuting a homestead entry since March second, eighteen hundred and eighty-nine; who has not entered, since August thirty, eighteen hundred and ninety, under the land laws of the United States, or filed upon, a quantity of land, agricultural in character, and not mineral, which with the tracts sought to be entered in any case, would make more than three hundred and twenty acres; who is not the owner in fee simple of one hundred and sixty acres of land in any State or Territory; and who has not entered upon or occupied the lands hereby opened in violation of this the President's proclamation opening the same to settlement and entry. (See section 2289 U. S. R. S.; act of March 2, 1889, 25 Stat., 854; section 13 of the act of March 2, 1889, 25 Stat., 1005; act of August 30, 1890, 26 Stat., 391; section 20, act of May 2, 1890, 26 Stat., 91; and section 10, act of March 3, 1893, 27 Stat., 640).

Form and limit.

2. Each entry shall be in a compact body, according to the rectangular subdivisions of the public surveys, and in a square form, as nearly as reasonably practicable, consistently with such surveys, and no person shall be permitted to enter more than one quarter section in quantity of said lands. (See section 13, act of March 2, 1889, 25 Stat., 1005).

Additional entries.

3. Parties who own and reside upon land (not acquired by them under the homestead law), not amounting in quantity to a quarter section, may, if otherwise qualified, enter other land lying contiguous to their own to an amount which shall not, with the land already owned by them, exceed in the aggregate 160 acres. (See section 2289, U. S. R. S.).

Ante, p. 323.

4. Any party, who has made a homestead entry prior to March second, eighteen hundred and eighty-nine, for less than one quarter section of land and who still owns and occupies the land so entered, may, if otherwise qualified, enter an additional tract of land lying contiguous to the land embraced in the original entry, which shall not, with the land first entered, exceed in the aggregate one hundred and sixty acres, but such additional entry will not be permitted, or if permitted will be canceled, if the original entry should fail, for any reason prior to patent, or should appear to be illegal or fraudulent. The final proof of residence and cultivation made on the original entry, together with the payment of the prescribed price for the land, will be sufficient to entitle the party to a final certificate for the land so entered without further proof. (See section 5 of the act of March 2, 1889, 25 Stat., 854).

5. Parties who have complied with the conditions of the law with regard to a homestead entry for less than one hundred and sixty acres of land made prior to March second, eighteen hundred and eighty-nine, and have had the final papers issued therefor, may, if otherwise qualified, make an additional entry, by legal subdivisions, of so much land as, added to the quantity previously so entered, shall not exceed one hundred and sixty acres. Parties making entry under the provisions set forth in this paragraph will be required to reside upon and cultivate the land embraced therein for the prescribed period and to submit proof of residence and cultivation of a like character with that required in ordinary homestead entries before the issuance of a final certificate. (See section 6, act of March 2, 1889, 25 Stat., 854).

6. Any officer, soldier, seaman or marine who served for not less than ninety days in the Army or Navy of the United States during the War of the Rebellion and who was honorably discharged and has remained loyal to the Government, or, in case of his death, his widow, or in case of her death or remarriage, his minor orphan children, by a guardian duly appointed and officially accredited at the Department of the Interior, may either in person, or by agent, file a declaratory statement for a tract of land and have six months thereafter within which to make actual entry and commence residence and improvements upon the land. (See sections 2304, 2307, and 2309 U. S. R. S.).

Soldiers' entries.

7. Every person entitled under the preceding paragraph to enter a homestead, who, or whose deceased husband or father in case of the widow or minor children, may have, prior to June twenty-second, eighteen hundred and seventy-four, entered, under the homestead laws, a quantity of land less than one hundred and sixty acres, may, if otherwise qualified, enter so much land as, when added to the quantity previously entered, shall not exceed one hundred and sixty acres, but the party must make affidavit that the entry is made for actual settlement and cultivation, and the proof of such settlement and cultivation, prescribed by existing homestead laws and regulations thereunder, will be required to be produced before the issue of final certificate. (See section 2306 U. S. R. S., and section 18 of the act of May 2, 1890, 26 Stat., 90).

8. Parties may initiate claims under the homestead law either by settlement on the land or by entry at the district office; in the former case, the party will have three months after settlement within which to file his application for the tract at the district office; in the latter case, the party will have six months after entry at that office, within which to establish residence and begin improvements upon the land. (See sections 2290 and 2297, U. S. R. S.; and section 3, of the act of May 14, 1880, 21 Stat., 140).

Initiation of claims

9. The homestead affidavits required to be filed with the application must be executed before the register or receiver of the proper district land office (see section 2290, U. S. R. S.), or before any other officer who may be found duly qualified at the time to administer such oaths according to the provisions of the act of Congress of May 26, 1890, 26 Stat., 121.

Execution of homestead affidavits.

10. Parties applying to make homestead entry will be required to tender with the application the legal fee and commissions which are as follows: for an entry of over eighty acres a fee of ten dollars, and for an entry of eighty acres or less a fee of five dollars, and, in both cases, in addition, commissions, of two per cent upon the Government price of the land, computed at the rate of \$1.25 per acre, the ordinary minimum price of public lands under the general provisions of section 2357, U. S. R. S. (See sections 2238 and 2290 U. S. R. S.)

Fees.

11. Homestead applicants appearing in great number at the local office to make entry at the time of opening will be required to form in

line in order that their applications may be presented and acted upon in regular order.

Soldiers' applica-
tions.

12. Soldiers' declaratory statements can only be made by the parties entitled or by their agents in person, and will not be received if sent by mail. A party acting as agent and appearing in line, as contemplated under the eleventh paragraph, will be allowed to make one entry or filing in his individual character, if he so desires, and to file one declaratory statement in his representative character as agent, if such he shall be, and thereupon he will be required to step out of line, giving place to the next person in order, and, if he desires to make any other filings, to take his place at the end of the line and await his proper turn before doing so, and thus to proceed in order until all the filings desired by him shall be made.

Commutation not
permitted.
R. S., 2301.

13. Section two thousand three hundred and one of the Revised Statutes of the United States providing for commutation of homestead entries is not applicable to said lands. (See section 18 of the act of May 2, 1890, 26 Stat., 90).

Final proof.

14. Proof of five years' residence, cultivation, and improvement, and the payment prescribed by the statute, as hereinbefore mentioned must be made, before a party will be entitled to a patent under the homestead law, and such proof is required to be made within seven years from the date of the entry. Commissions equal to two per cent, upon the Government price for the land, computed at \$1.25 per acre under sections 2357 U. S. R. S., must also be tendered with the final proof. Interest at four per cent. per annum on the purchase price of the land must be paid from the date of the entry to date of final payment of purchase money. (See sections 2238 and 2291 U. S. R. S.; and sections 10 and 13 of the act of March 3, 1893, 27 Stats. 640).

Deductions for Army
or Navy service.

15. The parties named in paragraph six of these regulations are entitled to have the term of service in the Army or Navy, under which the claim is made, not exceeding four years, deducted from the period of five years' residence or cultivation required as stated in the preceding paragraph, or if the party was discharged from service on account of wounds or disabilities incurred in the line of duty, the whole term of enlistment not exceeding four years, may be deducted. (See section 2305, U. S. R. S.).

Provisions on death
of settler.

16. Where a homestead settler dies before the consummation of his claim, the widow, or, in case of her death, the heirs or devisee may continue settlement or cultivation, and obtain title upon requisite proof at the proper time. If the widow proves up, title will pass to her; if she dies before proving up and the heirs or devisee make the proof, the title will vest in them respectively. (See section 2291 U. S. R. S.).

17. Where both parents die, leaving infant children, the homestead may be sold for cash for the benefit of such children, and the purchaser will receive title from the United States. (See section 2292, U. S. R. S.).

18. In case of the death of a person after having entered a homestead, the failure of the widow, children, or devisee of the deceased to fulfill the demands of the letter of the law as to residence on the lands will not necessarily subject the entry to forfeiture on the ground of abandonment. If the land is cultivated in good faith the law will be considered as having been substantially complied with.

Town sites

19. Town site claims may be initiated upon said lands, under the statutes, by two methods, which are separate and distinct in character—the regulations under the first method are hereinafter set forth in paragraphs twenty, twenty-one and twenty-two, and under the second method in paragraphs twenty-three to twenty-eight, inclusive. Provision is further made for town-site entries in cases where lands entered under the homestead law are required for town-site purposes as set forth in paragraph thirty.

20. Parties having founded or who desire to found a city or town on the public lands, must file with the recorder of the county in which land is situate a plat thereof, describing the exterior boundaries of the land according to the lines of public surveys. Such plat must state the name of the city or town, exhibit the streets, squares, blocks, lots and alleys, and specify the size of the same, with measurements and area of each municipal subdivision, the lots in which shall not exceed 4,200 square feet, with a statement of the extent and general character of the improvements. The plat and statement must be verified by the oath of the party acting for and in behalf of the occupants and inhabitants of the town or city. Within one month after filing the plat with the recorder of the county a verified copy of said plat and statement must be sent to the General Land Office, accompanied by the testimony of two witnesses that such town or city has been established in good faith, and a similar map and statement must be filed with the Register and receiver of the proper district office. Thereafter the President may cause the lots embraced within the limits of such city or town to be offered at public sale to the highest bidder subject to a minimum of ten dollars for each lot; and such lots as may not be disposed of at public sale shall thereafter be liable to private entry at such minimum, or at such reasonable increase or diminution thereafter as the Secretary of the Interior may order from time to time, after at least three months' notice, in view of the increase or decrease in the value of the municipal property. Any actual settler upon any lot and upon any additional lot upon which he may have substantial improvements, shall be entitled to prove up and purchase the same as a pre-emption, at such minimum, at any time before the day fixed for the public sale. (See section 2282 U. S. R. S.)

Filing plat.

21. In case the parties interested shall fail or refuse, within twelve months after founding a city or town, to file in the General Land Office a transcript map, with the statement and testimony, as required in paragraph twenty, the Secretary of the Interior may cause a survey and plat to be made of said city or town, and thereafter the lots will be sold at an increase of fifty per cent, on the minimum price of \$10 per lot. (See section 2384 U. S. R. S.)

Sale of lots on failure to file plat.

22. When lots vary in size from the limitation of 4200 square feet, and the lots, buildings, and improvements cover an area greater than 640 acres, such variance as to size of lots or excess in area will prove no bar to entry, but the price of the lots may be increased to such reasonable amount as the Secretary of the Interior may by rule establish. (See section 2385 U. S. R. S.)

23. Under the second method lands actually settled upon and occupied as a townsite, and therefore not subject to entry under the homestead laws, may be entered as a townsite, at the proper district land office. (See section 2387 U. S. R. S.)

Entries.

24. If the town is incorporated, the entry may be made by the corporate authorities thereof through the mayor or other principal officer duly authorized so to do. If the town is not incorporated, the entry may be made by the judge of the county court for the county in which said town is situated. In either case the entry must be made in trust for the use and benefit of the occupants thereof, according to their respective interests. The execution of such trust as to the disposal of lots and the proceeds of sales is to be conducted under regulations prescribed by the territorial laws. Acts of trustees not in accordance with such regulations are void. (See sections 2387 and 2391 U. S. R. S.)

25. The officer authorized to enter a town-site may make entry at once, or he may initiate an entry by filing a declaratory statement of the purpose of the inhabitants to make a town-site entry of the land described. The entry or declaratory statement shall include only such

and as is actually occupied by the town, and the title to which is in the United States, and its exterior limits must conform to the legal subdivisions of the public lands. (See sections 2388 and 2389 U. S. R. S.)

Limitation.

26. The amount of land that may be entered under this method is proportionate to the number of inhabitants. One hundred and less than two hundred inhabitants may enter not to exceed 320 acres; two hundred and less than one thousand inhabitants may enter not to exceed 640 acres; and where the inhabitants number one thousand and over, an amount not to exceed 1280 acres may be entered; and for each additional one thousand inhabitants, not to exceed five thousand in all, a further amount of 320 acres may be allowed. When the number of inhabitants of a town is less than one hundred, the town-site shall be restricted to the land actually occupied for town purposes by legal subdivisions. (See section 2389 U. S. R. S.)

27. Where an entry is made of less than the maximum quantity of land allowed for town-site purposes, additional entries may be made of contiguous tracts occupied for town purposes, which, when added to the previous entry or entries, will not exceed 2,560 acres; but no additional entry can be allowed which will make the total area exceed the area to which the town may be entitled by virtue of its population at date of additional entry. (See sec. 4 of the act of March 3, 1877, 19 Stat., 392.)

Payment and proof.

28. The land must be paid for at the Government price per acre, and proof must be furnished relating—1st. To municipal occupation of the land; 2d, Number of inhabitants; 3d, Extent and value of town improvements; 4th, Date when land was first used for town-site purposes; 5th, Official character and authority of officer making entry; 6th, If an incorporated town, proof of incorporation, which should be a certified copy of the act of incorporation; and 7th, That a majority of the occupants or owners of the lots within the town desire that such action be taken. Thirty days' publication of notice of intention to make proof must be made and proof of publication furnished. (See section 2387 U. S. R. S.)

Surveys.

29. All surveys for town-sites on said lands shall contain reservations for parks (of substantially equal area if more than one park) and for schools and other public purposes embracing in the aggregate not less than ten nor more than twenty acres, and patents for such reservations, to be maintained for such purposes, will be issued to the towns respectively when organized as municipalities. (See section 22, act of May 2, 1890, 26 Stat., 92.)

Conflict between town-site and homestead entries.

30. In case any of said lands which may be entered under the homestead laws by a person who is entitled to perfect his title thereto under such laws, are required for town-site purposes, the entryman may apply to the Secretary of the Interior to purchase the lands embraced in said homestead, or any part thereof not less than a legal subdivision for town-site purposes. The party must file, in the district office with his application, a plat of the proposed town-site, and evidence of his qualifications to perfect title under the homestead law, and of his compliance with all the requirements of the law and the instructions thereunder, and must deposit with the Secretary of the Interior the sum of ten dollars per acre for all the lands embraced in such town-site, except the lands to be donated and maintained for public purposes as mentioned in the preceding paragraph. (See section 22, act of May 2, 1890, 26 Stat., 92.)

Entry to be only in manner prescribed.

Notice, moreover, is hereby given that it is by law enacted that no person shall be permitted to occupy or enter upon any of the lands herein referred to, except in the manner prescribed by this proclamation; and any person otherwise occupying or entering upon any of said lands shall forfeit all right to acquire any of said lands, and

that the officers of the United States will be required to enforce this provision.

A PROCLAMATION.

Southern Ute Indian Reservation, Colorado.
Preamble.
Ante, p. 556.

Whereas, by the provisions of an act approved February 20, 1895, entitled "An act to disapprove the treaty heretofore made with the Southern Ute Indians to be removed to the Territory of Utah, and providing for settling them down in severalty where they may so elect and are qualified and to settle all those not electing to take lands in severalty, on the west forty miles of present reservation and in portions of New Mexico, and for other purposes, and to carry out the provisions of the treaty with said Indians June fifteenth, eighteen hundred and eighty," the agreement made by the commissioners on the part of the United States with the Southern Ute Indians of Colorado bearing date November thirteenth, eighteen hundred and eighty-eight, was annulled and the treaty made with said Indians June fifteenth, eighteen hundred and eighty, was directed to be carried out as therein provided and as further provided by general law for settling Indians in severalty; and

Whereas, it was further provided by said act that within six months after the passage thereof, the Secretary of the Interior should cause allotment of land, in severalty, to be made to such of the Southern Ute Indians in Colorado, as might elect and be considered by him qualified to take the same out of the agricultural lands embraced in their present reservation in Colorado such allotments to be made in accordance with the provisions of the act of Congress approved June

fifteenth, eighteen hundred and eighty, entitled "An act to accept and ratify the agreement submitted by the confederated bands of Ute Indians in Colorado for the sale of their reservation in said State and for other purposes, and to make the necessary appropriations for carrying out the same," and the amendments thereto, as far as applicable, and the treaties theretofore made with said Indians; and

Ante, p. 180.

Whereas, it was further provided that for the sole and exclusive use of such of said Indians as might not elect or be deemed qualified to take allotments in severalty as provided, there should be set apart and reserved all that portion of their reservation lying west of the range line between ranges thirteen and fourteen west of the New Mexico Principal Meridian, and also all of townships thirty-one and thirty-two of ranges fourteen, fifteen, and sixteen west of the New Mexico Principal Meridian and lying in the Territory of New Mexico, subject to the right of the Government to erect and maintain agency buildings thereon, and to grant rights of way through the same for railroads, irrigation ditches, highways and other necessary purposes; and

Whereas, under the provisions of section four of said act it was made the duty of the President of the United States to issue his proclamation declaring the lands within the reservation of said Indians except such portions as might have been allotted or reserved under the provisions of the preceding sections of said act, open to occupancy and settlement, said unallotted and unreserved lands to be and become a part of the public domain of the United States and to become subject to entry, under the desert, homestead, and townsite laws and the laws governing the disposal of coal, mineral, stone and timber lands, but providing that no homestead settler should receive a title to any portion of such lands at less than one dollar and twenty-five cents per acre, and such settlers should be required to make a cash payment of fifty cents per acre at the time filing is made upon any of said lands; and providing that before said lands should be open to public settlement the Secretary of the Interior should cause the improvements belonging to the Indians on the lands then occupied by them to be appraised and sold at public sale to the highest bidder, except improvements on lands allotted to the Indians in accordance with this act; and providing that no sale of such improvements should be made for less than the appraised value and that the several purchasers of said improvements should, for thirty days after the issuance of the President's proclamation have the preference right of entry of the lands upon which the improvements purchased by them should be situated, but that the said purchase should not exceed one hundred and sixty acres and that the proceeds of such improvements should be paid to the Indians owning the same; and

Ante, p. 185.

Whereas, it is further provided that the provisions of said act should take effect only upon the acceptance thereof and consent thereto by a majority of all the male adult Indians then located or residing upon the reservation, which acceptance should be at once obtained under such regulations as the Secretary of the Interior might prescribe; and

Whereas, allotments have been made as provided for in said act, and all the other terms and considerations as required therein have been complied with, precedent to opening the unallotted and unreserved lands in said reservation to settlement and entry, except the sale of improvements on the NE $\frac{1}{4}$ NW $\frac{1}{4}$, S $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 1. T. 33 N., R. 9 W., belonging to Ignacio, an Indian, but said sale will be immediately ordered and the rights of the purchaser thereof will be protected for thirty days from date of this proclamation, as provided by the act, by instructions to the register and receiver of the local land office having jurisdiction over the same, and as this exception is not considered a bar to the opening of the unallotted and unreserved lands to settlement; and

Whereas, I issued a proclamation on the 29th day of March, last, intended to open the lands to settlement and entry as authorized in

said act, but as some question has arisen as to the boundaries proclaimed being sufficiently definite to cover the lands intended to be opened,

Lands opened for settlement.

Now, Therefore, I, William McKinley, President of the United States, for the purpose of removing any doubt and making the boundaries of said lands more definite, by virtue of the power in me vested by said act, do hereby issue this, my second proclamation, and do hereby declare and make known that all of the lands embraced in said reservation, saving and excepting the lands reserved for and allotted to said Indians, and the lands reserved for other purposes in pursuance of the provisions of said act, will, at and after the hour of twelve o'clock noon (mountain standard time) on the 4th day of May A. D., eighteen hundred and ninety-nine, and not before, be open to settlement and entry under the terms of and subject to all the conditions, limitations, reservations, and restrictions contained in said act, and the laws of the United States applicable thereto.

Boundaries, etc.

The lands to be opened to settlement and entry are described as lying within the following boundaries: Beginning at the point established by S. S. Gannett, Special Indian Agent, in June, 1897, at the intersection of the 107th meridian and the 37th parallel of latitude; thence north 15 miles along the eastern boundary of the reservation; thence westerly along the north boundary of the Southern Ute Indian Reservation to its intersection with the range line between ranges thirteen and fourteen west of the New Mexico Principal Meridian; thence south fifteen miles on said range line to the south boundary of the State of Colorado; thence easterly along the south boundary of the State of Colorado to the place of beginning.

The survey of the east boundary of the above tract through townships 32, 33, and 34 N., R. 1 W., and of that part of the north boundary in Tps. 34 N., Rs. 1 and 2 W., being in process of correction owing to errors found in said survey, notice is hereby given to all parties who may elect to make entries of lands adjoining the boundary lines subject to correction, that their entries will be at their own risk, and subject to such changes as to the boundaries of the several tracts so entered as may be found necessary in the progress of the correction of the erroneous survey, and that without recourse to the United States for any damage that may arise as the result of the correction survey.

The lands allotted to the Indians are for greater convenience particularly described in the accompanying schedule entitled "Schedule of lands within the Southern Ute Indian Reservation allotted to the Indians and withheld from settlement and entry by proclamation of the President dated April 13, 1899," and which schedule is made a part thereof.

An error having been made in 1873 in the survey and location of the eastern boundary of the reservation hereby open to settlement and entry whereby certain lands constituting a part of the reservation were erroneously identified as being outside of the reservation, by reason of which several persons in good faith settled upon said lands under the belief that the same were unappropriated public lands open to settlement, and have since improved and cultivated, and are now residing upon the same with a view to the entry thereof under the public land laws, notice is hereby given that in so far as said persons possess the qualifications required by law, and maintain their said settlement and residence up to the time of the opening herein provided for, they will be considered and treated as having initiated and established a lawful settlement at the very instant at which the lands become open, and as having the superior right and claim to enter said lands, which right must be exercised within three months from the time of said opening.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, this 13th day of April in the year of our Lord one thousand, eight hundred and ninety-nine, and of the Independence of the United States the one hundred and twenty-third.

31 Stat., 1963.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.
Ante, p. 441.

Whereas, by section one of the act of July 1, 1892 (27 Stat., 62), entitled "An act to provide for the opening of a part of the Colville Reservation, in the State of Washington, and for other purposes" it is provided:

That subject to the reservations and allotment of lands in severalty to the individual members of the Indians of the Colville Reservation in the State of Washington herein provided for, all the following described tract or portion of said Colville Reservation, namely: Beginning at a point on the eastern boundary line of the Colville Indian Reservation where the township line between townships thirty-four and thirty-five north, of range thirty-seven east, of the Willamette meridian, if extended west, would intersect the same, said point being in the middle of the channel of the Columbia River, and running thence west parallel with the forty-ninth parallel of latitude to the western boundary line of the said Colville Indian Reservation in the Okanagon River, thence north following the said western boundary line to the said forty-ninth parallel of latitude, thence east along the said forty-ninth parallel of latitude to the northeast corner of the said Colville Indian Reservation, thence south following the eastern boundary of said reservation to the place of beginning, containing by estimation one million five hundred thousand acres, the same being a portion of the Colville Indian Reservation, created by executive order dated July second, eighteen hundred and seventy-two, be, and is hereby, vacated and restored to the public domain, notwithstanding any executive order or other proceeding whereby the same was set apart as a reservation for any Indians or bands of Indians, and the same shall be open to settlement and entry by the proclamation of the President of the United States and shall be disposed of under the general laws applicable to the disposition of public lands in the State of Washington,

and

Whereas it is provided by section three of said act,

That each entryman under the homestead laws shall, within five years from the date of his original entry and before receiving a final certificate for the land covered by his entry, pay to the United States for the land so taken by him in addition to fees provided by law the sum of one dollar and fifty cents per acre, one third of which shall be paid within two years after the date of the original entry; but the

rights of honorably discharged Union soldiers and sailors, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes of the United States, shall not be abridged, except as to the sum to be paid as aforesaid,

R. S., 2304, 2305.

and

Whereas by section six of said act it is provided:

That the land used and occupied for school purposes at what is known as Tonasket school, on Bonaparte Creek, and the site of the sawmill, gristmill, and other mill property on said reservation, is hereby reserved from the operation of this act, unless other lands are selected in lieu thereof: *Provided*, That such reserve lands shall not exceed in the aggregate two sections, and must be selected in legal subdivisions conformably to the public surveys, such selection to be made by the Indian Agent of the Colville Agency, under the direction of the Secretary of the Interior and subject to his approval: *Provided, however*, That said Indians may, in lieu of said sites or either of them, select other lands of equal quantity, for such purposes, either on the vacated or unvacated portions of said reservation, the same to be designated in legal subdivisions by said Indian Agent, under the direction of and subject to the approval of the Secretary of the Interior, in which case said first-designated tracts shall not be exempt from the operation of this act; such selection to be made and approved within six months after the survey of said lands and the proclamation of the President.

and

Whereas, in a clause in the Indian Appropriation Act of July 1, 1898 (30 Stat., 571), it is provided:

Ante, p. 667.

That the mineral lands only in the Colville Indian Reservation, in the State of Washington, shall be subjected to entry under the laws of the United States in relation to the entry of mineral lands: *Provided*, That lands allotted to the Indians or used by the Government for any purpose or by any school shall not be subject to entry under this provision,

and in another clause that,

The Indian allotments in severalty provided for in said act shall be selected and completed at the earliest practicable time and not later than six months after the proclamation of the President opening the vacated portion of said reservation to settlement and entry, which proclamation may be issued without awaiting the survey of the unsurveyed lands therein. Said allotments shall be made from lands which shall at the time of the selection thereof be surveyed, excepting that any Indian entitled to allotment under said act who has improvements upon unsurveyed land may select the same for his allotment, whereupon the Secretary of the Interior shall cause the same to be surveyed and allotted to him. At the expiration of six months from the date of the proclamation by the President, and not before, the non-mineral lands within the vacated portion of said reservation which shall not have been allotted to Indians as aforesaid, shall be subject to settlement, entry and disposition under said act of July first, eighteen hundred and ninety-two: *Provided*, That the land used and occupied for school purposes at what is known as Tonasket School, on Bonaparte Creek, and the site of the sawmill, gristmill and other mill property on said reservation, are hereby reserved from the operation of this act, unless other lands are selected in lieu thereof as provided in section six of the aforesaid act of July first, eighteen hundred and ninety-two.

and

Whereas, all the terms, conditions and considerations required by said Acts of July 1, 1892, and July 1, 1898, precedent to the issuance of the Proclamation provided for therein, have been, as I hereby declare, complied with:

Colville Reservation, Wash.

Certain lands opened to settlement.

School lands.

Sections sixteen and thirty-six in each township will be subject to such right of the State of Washington thereto as may be ascertained and determined by the land department in the administration of the grant of lands in place to that State for the support of common schools.

Indian allotments.

The lands which have been allotted to the Indians are for greater convenience particularly described in the accompanying schedule, entitled "Schedule of lands allotted to the Indians in restored portion of Colville Reservation, Washington, and withheld from settlement and entry by proclamation of the President, dated April 10, 1900," and which schedule is made a part hereof.

Notice, moreover, is hereby given that it is by law enacted that at the expiration of six months from the date of the proclamation by the President, and not before, the non-mineral lands within the vacated portion of said reservation which shall not have been allotted to or reserved or selected for the Indians, or for other purposes, shall be subject to settlement, entry and disposition under said Act of July 1, 1892; and all persons are hereby warned from attempting to make settlement on any of said lands prior to the date fixed for the opening thereof.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, this tenth day of April, in the year of our Lord nineteen hundred, and of the Independence of the United States the one hundred and twenty-fourth.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

Whereas by Executive order dated December 27, 1875, sections 8 and 9, township 15 south, range 2 east, San Bernardino meridian, California, were with certain other tracts of land withdrawn from the public domain and reserved for the use of the Capitan Grande band or village of Mission Indians; and

Mission
California.

Indians.

Whereas the Commission appointed under the provisions of the act of Congress approved January 12, 1891, entitled "An act for the relief of the Mission Indians in the State of California" (U. S. Stat. L., vol. 26, p. 712), selected for the said Capitan Grande band or village of Indians certain tracts of land and intentionally omitted and excluded from said selection the said sections 8 and 9, township 15 south, range 2 east, and reported that the tracts thus omitted included the lands upon which were found the claims of Arthur F. Head and others; and

Whereas the report and recommendations of the said Commission were approved by Executive order dated December 29, 1891, which order also directed that "all of the lands mentioned in said report are hereby withdrawn from settlement and entry until patents shall have issued for said selected reservations, and until the recommendations of said Commission shall be fully executed, and, by the proclamation of the President of the United States, the lands or any part thereof shall be restored to the public domain;" and

Whereas a patent was issued March 10, 1894, to the said Indians for the lands selected by the Commission as aforesaid, and which patent also excluded the said sections 8 and 9, township 15 south, range 2 east; and

Whereas it appears that the said Arthur F. Head can not make the requisite filings on the land occupied by him until it shall have been formally restored to the public domain, and that no good reason appears to exist for the further reservation of the said sections for the said band of Indians:

Executive orders,
ante p. 820, modified.

Now, therefore, I, William McKinley, President of the United States, by virtue of the power in me vested, do hereby declare and make known that the Executive orders dated December 27, 1875, and December 29, 1891, are so far modified as to except from their provisions sections 8 and 9 of township 15 south, range 2 east, San Bernardino meridian, and the said sections are hereby restored to the public domain.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 16th day of April, in the year of our Lord one thousand nine hundred and one, and of the independence of the United States the one hundred and twenty-fifth.

WILLIAM MCKINLEY.

By the President:

JOHN HAY, *Secretary of State*.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

June 25, 1901.

A PROCLAMATION.

Whereas the act of Congress entitled "An act to ratify and confirm an agreement with the Muscogee or Creek tribe of Indians and for other purposes," approved on the first day of March, nineteen hundred and one, contains a provision as follows:

Preamble.
Ante, p. 729.

That the agreement negotiated between the Commission to the Five Civilized Tribes and the Muscogee or Creek tribe of Indians, at the City of Washington on the eighth day of March, nineteen hundred, as herein amended, is hereby accepted, ratified, and confirmed, and the same shall be of full force and effect when ratified by the Creek national council. The principal chief, as soon as practicable after the ratification of this agreement by Congress, shall call an extra session of the Creek national council and lay before it this agreement and the Act of Congress ratifying it, and if the agreement be ratified by said council, as provided in the constitution of said nation, he shall transmit to the President of the United States the act of council ratifying the agreement, and the President of the United States shall thereupon issue his proclamation declaring the same duly ratified, and that all the provisions of this agreement have become law according to the terms thereof: *Provided*, That such ratification by the Creek national council shall be made within ninety days from the approval of this act by the President of the United States,

And whereas the principal chief of the said tribe has transmitted to me an act of the Creek national council entitled "An act to ratify and confirm an agreement between the United States and the Muscogee Nation of Indians of the Indian Territory," approved the twenty-fifth day of May, nineteen hundred and one, which contains a provision as follows:

That said Agreement, amended, ratified and confirmed by the Congress of the United States, as set forth in said Act of Congress approved March 1, 1901, is hereby accepted, ratified and confirmed on the part of the Muscogee Nation and on the part of the Muscogee or Creek tribe of Indians constituting said Nation, as provided in said Act of Congress and as provided in the Constitution of said Nation, and the Principal Chief is hereby authorized to transmit this Act of the National Council ratifying said Agreement to the President of the United States as provided in said Act of Congress.

And whereas paragraph thirty-six of said agreement contains a provision as follows:

This provision shall not take effect until after it shall have been separately and specifically approved by the Creek national council and by the Seminole general council; and if not approved by either, it shall fail altogether, and be eliminated from this agreement without impairing any other of its provisions.

And whereas there has been presented to me an act of the Creek national council entitled "An Act to disapprove certain provisions, relating to Seminole citizens, in the agreement between the Muscogee Nation and the United States, ratified by Congress March 1, 1901," approved the twenty-fifth day of May, nineteen hundred and one, by which the provisions of said paragraph thirty-six are specifically disapproved:

Now, therefore, I, William McKinley, President of the United States, do hereby declare said agreement, except paragraph thirty-six thereof, duly ratified and that all the provisions thereof, except said paragraph thirty-six which failed of ratification by the Creek national

Agreement with
Creek Indians ratified.

council, became law according to the terms thereof upon the twenty-fifth day of May, nineteen hundred and one.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this twenty-fifth day of June, in the year of our Lord one thousand nine hundred and one and
[SEAL.] of the Independence of the United States the one hundred and twenty-fifth.

DAVID J. HILL,
Acting Secretary of State.

July 4, 1901.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.
Ante, p. 560.

Whereas, by an agreement between the Wichita and affiliated bands of Indians on the one part, and certain commissioners of the United States on the other part, ratified by act of Congress approved March 2, 1895 (28 Stat., 876, 894), the said Indians ceded, conveyed, transferred and relinquished, forever and absolutely, without any reservation whatever, unto the United States of America, all their claim, title and interest of every kind and character in and to the lands embraced in the following described tract of country now in the Territory of Oklahoma, to wit:

Lands ceded by
Wichita, etc., Indians.

Commencing at a point in the middle of the main channel of the Washita River where the ninety-eighth meridian of west longitude crosses the same, thence up the middle of the main channel of said river to the line of 98° 40' west longitude, thence on said line of 98° 40' due north to the middle of the channel of the main Canadian River, thence down the middle of the said main Canadian River to where it crosses the ninety-eighth meridian, thence due south to the place of beginning.

And whereas, in pursuance of said act of Congress ratifying said agreement, allotments of land in severalty have been regularly made to each and every member of said Wichita and affiliated bands of Indians, native and adopted, and the lands occupied by religious societies or other organizations for religious or educational work among the Indians have been regularly allotted and confirmed to such societies and organizations, respectively;

Ante, p. 708.

And whereas, by an agreement between the Comanche, Kiowa and Apache tribes of Indians on the one part, and certain commissioners of the United States on the other part, amended and ratified by act of Congress, approved June 6, 1900 (31 Stat., 672, 676), the said Indian tribes, subject to certain conditions which have been duly performed, ceded, conveyed, transferred, relinquished and surrendered forever and absolutely, without any reservation whatsoever, expressed or implied, unto the United States of America, all their claim, title and interest of every kind and character in and to the lands embraced in the following described tract of country now in the Territory of Oklahoma, to wit:

Lands ceded by
Comanche, Kiowa,
and Apache Indians.

Commencing at a point where the Washita River crosses the ninety-eighth meridian west from Greenwich; thence up the Washita River, in the middle of the main channel thereof, to a point thirty miles, by river, west of Fort Cobb, as now established; thence due west to the north fork of Red River, provided said line strikes said river east of the one-hundredth meridian of west longitude; if not, then only to said meridian line, and thence due south, on said meridian line, to the said north fork of Red River; thence down said north fork, in the middle of the main chan-

thereof, from the point where it may be first intersected by the lines above described, to the main Red River; thence down said Red River, in the middle of the main channel thereof, to its intersection with the ninety-eighth meridian of longitude west from Greenwich; thence north, on said meridian line, to the place of beginning.

And whereas, in pursuance of said act of Congress ratifying the agreement last named, allotments of land in severalty have been regularly made to each member of said Comanche, Kiowa and Apache tribes of Indians; the lands occupied by religious societies or other organizations for religious or educational work among the Indians have been regularly allotted and confirmed to such societies and organizations, respectively; and the Secretary of the Interior, out of the lands ceded by the agreement last named, has regularly selected and set aside for the use in common for said Comanche, Kiowa and Apache tribes of Indians, four hundred and eighty thousand acres of grazing lands;

And whereas, in the act of Congress ratifying the said Wichita agreement, it is provided—

Ante, p. 560.

That whenever any of the lands acquired by this agreement shall, by operation of law or proclamation of the President of the United States, be open to settlement, they shall be disposed of under the general provisions of the homestead and townsite laws of the United States: *Provided*, that in addition to the land office fees prescribed by statute for such entries the entry man shall pay one dollar and twenty-five cents per acre for the land entered at the time of submitting his final proof: *And provided further*, That in all homestead entries where the entry man has resided upon and improved the land entered in good faith for the period of fourteen months he may commute his entry to cash upon the payment of one dollar and twenty-five cents per acre: *And provided further*, That the rights of honorably discharged Union soldiers and sailors of the late civil war, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes, shall not be abridged: *And provided further*, That any qualified entry man having lands adjoining the lands herein ceded, whose original entry embraced less than one hundred and sixty acres, may take sufficient land from said reservation to make his homestead entry not to exceed one hundred and sixty acres in all, said land to be taken upon the same conditions as are required of other entry men: *Provided*, That said lands shall be opened to settlement within one year after said allotments are made to the Indians.

* * * * *

That the laws relating to the mineral lands of the United States are hereby extended over the lands ceded by the foregoing agreement.

And whereas in the act of Congress ratifying the said Comanche, Kiowa and Apache agreement, it is provided—

Ante, p. 708.

That the lands acquired by this agreement shall be opened to settlement by proclamation of the President within six months after allotments are made and be disposed of under the general provisions of the homestead and town-site laws of the United States: *Provided*, That in addition to the land-office fees prescribed by statute for such entries the entryman shall pay one dollar and twenty-five cents per acre for the land entered at the time of submitting his final proof: *And provided further*, That in all homestead entries where the entryman has resided upon and improved the land entered in good faith for the period of fourteen months he may commute his entry to cash upon the payment of one dollar and twenty-five cents per acre: *And provided further*, That the rights of honorably discharged Union soldiers and sailors of the late civil war, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes shall not be abridged: *And provided further*, That any person who, having attempted to but for any cause failed to secure a title in fee to a homestead under existing laws, or who made entry under what is known as the commuted provision of the homestead law, shall be qualified to make a homestead entry upon said lands: *And provided further*, That any qualified entryman having lands adjoining the lands herein ceded, whose original entry embraces less than one hundred and sixty acres in all, shall have the right to enter so much of the lands by this agreement ceded lying contiguous to his said entry as shall, with the land already entered, make in the aggregate one hundred and sixty acres, said land to be taken upon the same conditions as are required of other entrymen: *And provided further*, That the settlers who located on that part of said lands called and known as the 'neutral strip' shall have preference right for thirty days on the lands upon which they have located and improved.

* * * * *

That should any of said lands allotted to said Indians, or opened to settlement under this Act, contain valuable mineral deposits, such mineral deposits shall be open to location and entry, under the existing mining laws of the United States, upon the passage of this Act, and the mineral laws of the United States are hereby extended over said lands.

31 Stat., 727.

And whereas, by the act of Congress approved January 4, 1901 (31 Stat., 727), the Secretary of the Interior was authorized to extend, for a period not exceeding eight months from December 6, 1900, the time for making allotments to the Comanche, Kiowa, and Apache Indians and opening to settlement the lands so ceded by them;

31 Stat., 1093.

And whereas, in pursuance of the act of Congress approved March 3, 1901 (31 Stat., 1093), the Secretary of the Interior has regularly subdivided the lands so as aforesaid respectively ceded to the United States by the Wichita and affiliated bands of Indians and the Comanche, Kiowa, and Apache tribes of Indians into counties, attaching portions thereof to adjoining counties in the Territory of Oklahoma, has regularly designated the place for the county seat of each new county, has regularly set aside and reserved at such county seat land for a townsite to be disposed of in the manner provided by the act of Congress last named, and has regularly caused to be surveyed, subdivided, and platted the lands so set aside and reserved for disposition as such townsites;

And whereas, by the act of Congress last named, it is provided—

The lands to be opened to settlement and entry under the Acts of Congress ratifying said agreements respectively shall be so opened by proclamation of the President, and to avoid the contests and conflicting claims which have heretofore resulted from opening similar public lands to settlement and entry, the President's proclamation shall prescribe the manner in which these lands may be settled upon, occupied and entered by persons entitled thereto under the Acts ratifying said agreements, respectively; and no person shall be permitted to settle upon, occupy or enter any of said lands except as prescribed in such proclamation until after the expiration of sixty days from the time when the same are opened to settlement and entry.

And whereas, by the act of Congress last named the President was authorized to establish two additional United States land districts and land offices in the Territory of Oklahoma to include the lands so ceded as aforesaid, which land districts and land offices have been established by an order of even date herewith;

And whereas all of the conditions required by law to be performed prior to the opening of said tracts of land to settlement and entry have been, as I hereby declare, duly performed;

Lands ceded by
Wichita, Comanche,
Kiowa, and Apache
Indians open to entry
Aug. 6, 1901.

Now therefore, I, William McKinley, President of the United States of America, by virtue of the power vested in me by law, do hereby declare and make known that all of the lands so as aforesaid ceded by the Wichita and affiliated bands of Indians, and the Comanche, Kiowa, and Apache tribes of Indians, respectively, saving and excepting sections sixteen, thirty-six, thirteen and thirty-three in each township, and all lands located or selected by the Territory of Oklahoma as indemnity school or educational lands, and saving and excepting all lands allotted in severalty to individual Indians, and saving and excepting all lands allotted and confirmed to religious societies and other organizations, and saving and excepting the lands selected and set aside as grazing lands for the use in common for said Comanche, Kiowa, and Apache tribes of Indians, and saving and excepting the lands set aside and reserved at each of said county seats for disposition as townsites, and saving and excepting the lands now used, occupied, or set apart for military, agency, school, school farm, religious, Indian cemetery, wood reserve, forest reserve, or other public uses, will, on the 6th day of August, 1901, at 9 o'clock a. m., in the manner herein prescribed and not otherwise, be opened to entry and settlement and to disposition under the general provisions of the homestead and townsite laws of the United States.

Registration of ap-
plicants.

Commencing at 9 o'clock a. m., Wednesday, July 10, 1901, and ending at 6 o'clock p. m., Friday, July 26, 1901, a registration will be had at the United States land offices at El Reno and Lawton, in the Territory of Oklahoma (the office at Lawton to occupy provisional quarters

in the immediate vicinity of Fort Sill, Oklahoma Territory, until suitable quarters can be provided at Lawton), for the purpose of ascertaining what persons desire to enter, settle upon, and acquire title to any of said lands under the homestead law and of ascertaining their qualifications so to do. The registration at each office will be for both land districts, but at the time of registration each applicant will be required to elect and state in which district he desires to make entry. To obtain registration each applicant will be required to show himself duly qualified to make homestead entry of these lands under existing laws and to give the registering officer such appropriate matters of description and identity as will protect the applicant and the government against any attempted impersonation. Registration can not be effected through the use of the mails or the employment of an agent, excepting that honorably discharged soldiers and sailors entitled to the benefits of section 2304 of the Revised Statutes of the United States, as amended by the act of Congress approved March 1, 1901 (31 Stat., 847), may present their applications for registration and due proofs of their qualifications through an agent of their own selection, but no person will be permitted to act as agent for more than one such soldier or sailor. No person will be permitted to register more than once or in any other than his true name. Each applicant who shows himself duly qualified will be registered and given a non-transferable certificate to that effect, which will entitle him to go upon and examine the lands to be opened hereunder in the land district in which he elects to make his entry; but the only purpose for which he may go upon and examine said lands is that of enabling him later on, as herein provided, to understandingly select the lands for which he will make entry. No one will be permitted to make settlement upon any of said lands in advance of the opening herein provided for, and during the first sixty days following said opening no one but registered applicants will be permitted to make homestead settlement upon any of said lands, and then only in pursuance of a homestead entry duly allowed by the local land officers, or of a soldier's declaratory statement duly accepted by such officers.

R. S., 2304.
31 Stat., 847

The order in which, during the first sixty days following the opening, the registered applicants will be permitted to make homestead entry of the lands opened hereunder, will be determined by drawings for both the El Reno and Lawton districts publicly held at the United States land office at El Reno, Oklahoma, commencing at 9 o'clock a. m., Monday, July 29, 1901, and continuing for such period as may be necessary to complete the same. The drawings will be had under the supervision and immediate observation of a committee of three persons whose integrity is such as to make their control of the drawing a guaranty of its fairness. The members of this committee will be appointed by the Secretary of the Interior, who will prescribe suitable compensation for their services. Preparatory to these drawings the registration officers will, at the time of registering each applicant who shows himself duly qualified, make out a card, which must be signed by the applicant, stating the land district in which he desires to make homestead entry, and giving such a description of the applicant as will enable the local land officers to thereafter identify him. This card will be at once sealed in a separate envelope, which will bear no other distinguishing label or mark than such as may be necessary to show that it is to go into the drawing for the land district in which the applicant desires to make entry. These envelopes will be separated according to land districts and will be carefully preserved and remained sealed until opened in the course of the drawing as herein provided. When the registration is completed all of these sealed envelopes will be brought together at the place of drawing and turned over to the committee in charge of the drawing, who, in such manner as in their judgment will be attended with entire fairness and equality of oppor-

tunity, shall proceed to draw out and open the separate envelopes and to give to each enclosed card a number in the order in which the envelope containing the same is drawn. While the drawings for the two districts will be separately conducted they will occur as nearly at the same time as is practicable. The result of the drawing for each district will be certified by the committee to the officers of the district and will determine the order in which the applicants may make homestead entry of said lands and settlement thereon.

Notice of drawings.

Notice of the drawings stating the name of each applicant and number assigned to him by the drawing will be posted each day at the place of drawing, and each applicant will be notified of his number by a postal-card mailed to him at the address, if any, given by him at the time of registration. Each applicant should, however, in his own behalf employ such measures as will insure his obtaining prompt and accurate information of the order in which his application for homestead entry can be presented as fixed by the drawing. Applications for homestead entry of said lands during the first sixty days following the opening can be made only by registered applicants and in the order established by the drawing. At each land office, commencing

Presentation of application numbers.

Tuesday, August 6, 1901, at 9 o'clock a. m., the applications of those drawing numbers 1 to 125, inclusive, for that district must be presented and will be considered in their numerical order during the first day, and the applications of those drawing numbers 126 to 250, inclusive, must be presented and will be considered in their numerical order during the second day, and so on at that rate until all of said lands subject to entry under the homestead law, and desired thereunder, have been entered. If any applicant fails to appear and present his application for entry when the number assigned to him by the drawing is reached, his right to enter will be passed until after the other applications assigned for that day have been disposed of, when he will be given another opportunity to make entry, failing in which he will be deemed to have abandoned his right to make entry under such drawing. To obtain the allowance of a homestead entry each applicant must personally present the certificate of registration theretofore issued to him, together with a regular homestead application and the necessary accompanying proofs, and with the regular land office fees, but an honorably discharged soldier or sailor may file his declaratory statement through the agent representing him at the registration. The production of the certificate of registration will be dispensed with only upon satisfactory proof of its loss or destruction. If at the time of considering his regular application for entry it appears that any applicant is disqualified from making homestead entry of these lands his application will be rejected, notwithstanding his prior registration. If any applicant shall register more than once hereunder, or in any other than his true name, or shall transfer his registration certificate he will thereby lose all the benefits of the registration and drawing herein provided for, and will be precluded from entering or settling upon any of said lands during the first sixty days following said opening.

Preference right of settlers on "neutral strip."
Ante, p. 703.

Because of the provision in the said act of Congress approved June 6, 1900: "That the settlers who located on that part of said lands called and known as the 'neutral strip' shall have preference right for thirty days on the lands upon which they have located and improved," the said lands in the "neutral strip" shall for the period of thirty days after said opening be subject to homestead entry and townsite entry only by those who have heretofore located upon and improved the same, and who are accorded a preference right of entry for thirty days as aforesaid. Persons entitled to make entry under this preference right will be permitted to do so at any time during said period of thirty days following the opening without previous

registration, and without regard to the drawing herein provided for, and at the expiration of that period the lands in said "neutral strip" for which no entry shall have been made will come under the general provisions of this proclamation.

The intended beneficiaries of the provision in the said acts of Congress, approved, respectively, March 2, 1895, and June 6, 1900, which authorizes a qualified entryman having lands adjoining the ceded lands, whose original entry embraced less than 160 acres, to enter so much of the ceded lands as will make his homestead entry contain in the aggregate not exceeding 160 acres, may obtain such an extension of his existing entry, without previous registration and without regard to the drawing herein provided for, only by making appropriate application, accompanied by the necessary proofs, at the proper new land office at some time prior to the opening herein provided for.

Adjoining lands.
Ante, pp. 563, 704.

Any person or persons desiring to found, or to suggest establishing a townsite upon any of said ceded lands at any point not in the near vicinity of either of the county seats therein heretofore selected and designated as aforesaid, may, at any time before the opening herein provided for, file in the proper local land office a written application to that effect describing by legal subdivisions the lands intended to be affected, and stating fully and under oath the necessity or propriety of founding or establishing a town at that place. The local officers will forthwith transmit said petition to the Commissioner of the General Land Office with their recommendation in the premises. Such Commissioner, if he believes the public interests will be subserved thereby, will, if the Secretary of the Interior approve thereof, issue an order withdrawing the lands described in such petition, or any portion thereof, from homestead entry and settlement and directing that the same be held for the time being for townsite settlement, entry, and disposition only. In such event the lands so withheld from homestead entry and settlement will, at the time of said opening and not before, become subject to settlement, entry, and disposition under the general townsite laws of the United States. None of said ceded lands will be subject to settlement, entry, or disposition under such general townsite laws except in the manner herein prescribed until after the expiration of sixty days from the time of said opening.

Town-site entries

Attention is hereby especially called to the fact that under the special provisions of the said act of Congress approved March 3, 1901, the townsites selected and designated at the county seats of the new counties into which said lands have been formed can not be disposed of under the general townsite laws of the United States, and can only be disposed of in the special manner provided in said act of Congress, which declares:

County seats.

The lands so set apart and designated shall, in advance of the opening, be surveyed, subdivided, and platted, under the direction of the Secretary of the Interior, into appropriate lots, blocks, streets, alleys, and sites for parks of public buildings, so as to make a town site thereof: *Provided*, That no person shall purchase more than one business and one residence lot. Such town lots shall be offered and sold at public auction to the highest bidder, under the direction of the Secretary of the Interior, at sales to be had at the opening and subsequent thereto.

All persons are especially admonished that under the said act of Congress approved March 3, 1901, it is provided that no person shall be permitted to settle upon, occupy, or enter any of said ceded lands except in the manner prescribed in this proclamation until after the expiration of sixty days from the time when the same are opened to settlement and entry. After the expiration of the said period of sixty days, but not before, any of said lands remaining undisposed of may be settled upon, occupied and entered under the general provisions of the homestead and townsite laws of the United States in like manner as if the manner of effecting such settlement, occupancy and entry had not been prescribed herein in obedience to law.

Warning against
premature entry.

Settlement of undis-
posed lands.

Wire fences not to be destroyed, etc.

It appearing that there are fences around the pastures into which, for convenience, portions of the ceded lands have heretofore been divided, and that these fences are of considerable value and are still the property of the Indian tribes ceding said lands to the United States, all persons going upon, examining, entering, or settling upon any of said lands are cautioned to respect such fences as the property of the Indians and not to destroy, appropriate, or carry away the same, but to leave them undisturbed so that they may be seasonably removed and preserved for the benefit of the Indians.

Regulations.

The Secretary of the Interior shall prescribe all needful rules and regulations necessary to carry into full effect the opening herein provided for.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this fourth day of July, in the year of our Lord one thousand nine hundred and one, and of [SEAL.] the Independence of the United States the one hundred and twenty-sixth.

By the President:

DAVID J. HILL,
Acting Secretary of State.

May 7, 1902.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

Whereas, by an agreement between the Shoshone and Bannock Indians of the Fort Hall Reservation in Idaho, on the one part and certain commissioners of the United States on the other part, ratified by act of Congress approved June 6, 1900 (31 Stat., 672), the said Indians ceded, granted, and relinquished to the United States all right, title, and interest which they had to the following described land, the same being a part of the land obtained through the treaty of Fort Bridger on the third day of July, eighteen hundred and sixty-eight, and ratified by the United States Senate on the sixteenth day of February, eighteen hundred and sixty-nine:

Ante, p. 704.

Lands ceded by the Shoshoni and Bannock Indians.

All that portion of the said reservation embraced within and lying east and south of the following described lines:

Commencing at a point in the south boundary of the Fort Hall Indian Reservation, being the southwest corner of township nine (9) south, range thirty-four (34) east of the Boise meridian, thence running due north on the range line between townships 33 and 34 east to a point two (2) miles north of the township line between townships five (5) and six (6) south, thence due east to the range line between ranges 35 and 36 east, thence south on said range line four (4) miles, thence due east to the east boundary line of the reservation; from this point the east and south boundaries of the said reservation as it now exists to the point of beginning, namely, the southwest corner of township nine (9) south, range thirty-four east, being the remainder of the description and metes and bounds of the said tract of land herein proposed to be ceded.

Ante, p. 704.

And whereas, in pursuance of said act of Congress ratifying said agreement, allotments of land have been regularly made to each Indian occupant who desired it, and a schedule has been made of the lands to be abandoned and the improvements thereon appraised, and such improvements will be offered for sale to the highest bidder at not less than the appraised price prior to the date fixed for the opening of the ceded lands to settlement, and the classification as to agricultural and grazing lands has been made;

And whereas, in the act of Congress ratifying said agreement it is provided:

That on the completion of the allotments and the preparation of the schedule provided for in the preceding section, and the classification of the lands as provided for herein, the residue of said ceded lands shall be opened to settlement by the proclamation of the President, and shall be subject to disposal under the homestead, townsite, stone and timber, and mining laws of the United States only, excepting as to price and excepting the sixteenth and thirty-sixth sections in each Congressional township, which shall be reserved for common school purposes and be subject to the laws of Idaho: *Provided*, That all purchasers of lands lying under the canal of the Idaho Canal Company, and which are susceptible of irrigation from the water from said canal, shall pay for the same at the rate of ten dollars per acre; all agricultural lands not under said canal shall be paid for at the rate of two dollars and fifty cents per acre, and grazing lands at the rate of one dollar and twenty-five cents per acre, one-fifth of the respective sums to be paid at time of original entry, and four-fifths thereof at the time of making final proof; but no purchaser shall be permitted in any manner to purchase more than one hundred and sixty acres of the land hereinbefore referred to; but the rights of honorably discharged Union soldiers and sailors, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes of the United States, shall not be abridged, except as to the sum to be paid as aforesaid.

Lands opened to settlement.
Ante, p. 708.

* * * * *
No lands in sections sixteen and thirty-six now occupied, as set forth in article three of the agreement herein ratified shall be reserved for school purposes, but the State of Idaho shall be entitled to indemnity for any lands so occupied: *Provided*, That none of said lands shall be disposed of under the townsite laws for less than ten dollars per acre: *And provided further*, That all of said lands within five miles of the boundary line of the town of Pocatello shall be sold at public auction, payable as aforesaid, under the direction of the Secretary of the Interior for not less than ten dollars per acre: *And provided further*, That any mineral lands within said five mile limit shall be disposed of under the mineral land laws of the United States, excepting that the price of such mineral lands shall be fixed at ten dollars per acre, instead of the price fixed by the said mineral land laws.

And whereas, all the conditions required by law to be performed prior to the opening of said lands to settlement and entry have been, as I hereby declare, duly performed, except the sale of the improvements mentioned above, but as this is not considered a bar to the opening of the unallotted and unreserved lands to settlement and entry,

Now, therefore, I, THEODORE ROOSEVELT, President of the United States of America, by virtue of the power vested in me by law, do hereby declare and make known that all of the lands so as aforesaid ceded by the Shoshone and Bannock Indians, saving and excepting all lands allotted to the Indians, and saving and excepting the lands on which the Indian improvements have been appraised, and saving and excepting the sixteenth and thirty-sixth sections in each Congressional township, and saving and excepting Lots 7 and 8, section 21, NW $\frac{1}{4}$ SW $\frac{1}{4}$ and Lots 9 and 10, section 22, T. 9 S., R. 38 E., B. M., known as "Lava Hot Springs" and saving and excepting all of the lands within five miles of the boundary line of the town of Pocatello, Idaho, and saving and excepting the lands ceded under the Act of September 1, 1888 (25 Stat., 452), for the purposes of a townsite, will on the 17th day of June, 1902, at and after the hour of 12 o'clock, noon, (Mountain Standard time), be opened to settlement and entry under the terms of and subject to all the conditions, limitations, reservations, and restrictions contained in the statutes above specified, and the laws of the United States applicable thereto.

Lands ceded by Shoshoni and Bannock Indians open to entry June 17, 1902.

Exceptions.

Ante, p. 293.

In view of the provision in said act "That all of said lands within five miles of the boundary line of the town of Pocatello shall be sold at public auction, payable as aforesaid, under the direction of the Secretary of the Interior for not less than ten dollars per acre," the lands, "within five miles of the boundary line of the town of Pocatello," saving and excepting all lands allotted to the Indians, and saving and excepting the sixteenth and thirty-sixth sections in each Congressional township, and saving and excepting the lands ceded under the Act of September 1, 1888 (25 Stat., 452), for the purposes of a townsite, will on the 17th day of July, 1902, at and after the hour of 12 o'clock, noon (Mountain Standard time), be offered at public auction at not less than

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.
Ante, p. 560.

Whereas, by an agreement between the Wichita and affiliated bands of Indians on the one part, and certain commissioners of the United States on the other part, ratified by act of Congress approved March 2, 1895 (28 Stat., 876, 894), the said Indians ceded, conveyed, transferred and relinquished, forever and absolutely, without any reservation whatever, unto the United States of America, all their claim, title and interest of every kind and character in and to the lands embraced in the following described tract of country now in the Territory of Oklahoma, to wit:

Lands ceded by
Wichita, etc., Indians.

Commencing at a point in the middle of the main channel of the Washita River where the ninety-eighth meridian of west longitude crosses the same, thence up the middle of the main channel of said river to the line of 98° 40' west longitude, thence on said line of 98° 40' due north to the middle of the channel of the main Canadian River, thence down the middle of the said main Canadian River to where it crosses the ninety-eighth meridian, thence due south to the place of beginning.

And whereas, by an agreement between the Comanche, Kiowa and Apache tribes of Indians on the one part, and certain commissioners of the United States on the other part, amended and ratified by act of Congress, approved June 6, 1900 (31 Stat., 672, 676), the said Indian tribes, subject to certain conditions which have been duly performed, ceded, conveyed, transferred, relinquished and surrendered forever and absolutely, without any reservation whatsoever, expressed or implied, unto the United States of America, all their claim, title and interest of every kind and character in and to the lands embraced in the following described tract of country now in the Territory of Oklahoma, to wit:

Lands ceded by
Comanche, Kiowa,
and Apache Indians.

Commencing at a point where the Washita River crosses the ninety-eighth meridian west from Greenwich; thence up the Washita River, in the middle of the main channel thereof, to a point thirty miles, by river, west of Fort Cobb, as now established; thence due west to the north fork of Red River, provided said line strikes said river east of the one-hundredth meridian of west longitude; if not, then only to said meridian line, and thence due south, on said meridian line, to the said north fork of Red River; thence down said north fork, in the middle of the main channel

thereof, from the point where it may be first intersected by the lines above described, to the main Red River; thence down said Red River, in the middle of the main channel thereof, to its intersection with the ninety-eighth meridian of longitude west from Greenwich; thence north, on said meridian line, to the place of beginning.

And whereas, in pursuance of said act of Congress ratifying the agreement last named, allotments of land in severalty have been regularly made to each member of said Comanche, Kiowa and Apache tribes of Indians; the lands occupied by religious societies or other organizations for religious or educational work among the Indians have been regularly allotted and confirmed to such societies and organizations, respectively; and the Secretary of the Interior, out of the lands ceded by the agreement last named, has regularly selected and set aside for the use in common for said Comanche, Kiowa and Apache tribes of Indians, four hundred and eighty thousand acres of grazing lands;

And whereas, in the act of Congress ratifying the said Wichita agreement, it is provided—

Ante, p. 560.

That whenever any of the lands acquired by this agreement shall, by operation of law or proclamation of the President of the United States, be open to settlement, they shall be disposed of under the general provisions of the homestead and townsite laws of the United States: *Provided*, that in addition to the land office fees prescribed by statute for such entries the entry man shall pay one dollar and twenty-five cents per acre for the land entered at the time of submitting his final proof: *And provided further*, That in all homestead entries where the entry man has resided upon and improved the land entered in good faith for the period of fourteen months he may commute his entry to cash upon the payment of one dollar and twenty-five cents per acre: *And provided further*, That the rights of honorably discharged Union soldiers and sailors of the late civil war, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes, shall not be abridged: *And provided further*, That any qualified entry man having lands adjoining the lands herein ceded, whose original entry embraced less than one hundred and sixty acres, may take sufficient land from said reservation to make his homestead entry not to exceed one hundred and sixty acres in all, said land to be taken upon the same conditions as are required of other entry men: *Provided*, That said lands shall be opened to settlement within one year after said allotments are made to the Indians.

* * * * *

That the laws relating to the mineral lands of the United States are hereby extended over the lands ceded by the foregoing agreement.

And whereas in the act of Congress ratifying the said Comanche, Kiowa and Apache agreement, it is provided—

Ante, p. 708.

That the lands acquired by this agreement shall be opened to settlement by proclamation of the President within six months after allotments are made and be disposed of under the general provisions of the homestead and town-site laws of the United States: *Provided*, That in addition to the land-office fees prescribed by statute for such entries the entryman shall pay one dollar and twenty-five cents per acre for the land entered at the time of submitting his final proof: *And provided further*, That in all homestead entries where the entryman has resided upon and improved the land entered in good faith for the period of fourteen months he may commute his entry to cash upon the payment of one dollar and twenty-five cents per acre: *And provided further*, That the rights of honorably discharged Union soldiers and sailors of the late civil war, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes shall not be abridged: *And provided further*, That any person who, having attempted to but for any cause failed to secure a title in fee to a homestead under existing laws, or who made entry under what is known as the commuted provision of the homestead law, shall be qualified to make a homestead entry upon said lands: *And provided further*, That any qualified entryman having lands adjoining the lands herein ceded, whose original entry embraces less than one hundred and sixty acres in all, shall have the right to enter so much of the lands by this agreement ceded lying contiguous to his said entry as shall, with the land already entered, make in the aggregate one hundred and sixty acres, said land to be taken upon the same conditions as are required of other entrymen: *And provided further*, That the settlers who located on that part of said lands called and known as the 'neutral strip' shall have preference right for thirty days on the lands upon which they have located and improved.

* * * * *

That should any of said lands allotted to said Indians, or opened to settlement under this Act, contain valuable mineral deposits, such mineral deposits shall be open to location and entry, under the existing mining laws of the United States, upon the passage of this Act, and the mineral laws of the United States are hereby extended over said lands.

31 Stat., 727.

And whereas, by the act of Congress approved January 4, 1901 (31 Stat., 727), the Secretary of the Interior was authorized to extend, for a period not exceeding eight months from December 6, 1900, the time for making allotments to the Comanche, Kiowa, and Apache Indians and opening to settlement the lands so ceded by them;

31 Stat., 1093.

And whereas, in pursuance of the act of Congress approved March 3, 1901 (31 Stat., 1093), the Secretary of the Interior has regularly subdivided the lands so as aforesaid respectively ceded to the United States by the Wichita and affiliated bands of Indians and the Comanche, Kiowa, and Apache tribes of Indians into counties, attaching portions thereof to adjoining counties in the Territory of Oklahoma, has regularly designated the place for the county seat of each new county, has regularly set aside and reserved at such county seat land for a townsite to be disposed of in the manner provided by the act of Congress last named, and has regularly caused to be surveyed, subdivided, and platted the lands so set aside and reserved for disposition as such townsites;

And whereas, by the act of Congress last named, it is provided—

The lands to be opened to settlement and entry under the Acts of Congress ratifying said agreements respectively shall be so opened by proclamation of the President, and to avoid the contests and conflicting claims which have heretofore resulted from opening similar public lands to settlement and entry, the President's proclamation shall prescribe the manner in which these lands may be settled upon, occupied and entered by persons entitled thereto under the Acts ratifying said agreements, respectively; and no person shall be permitted to settle upon, occupy or enter any of said lands except as prescribed in such proclamation until after the expiration of sixty days from the time when the same are opened to settlement and entry.

And whereas, by the act of Congress last named the President was authorized to establish two additional United States land districts and land offices in the Territory of Oklahoma to include the lands so ceded as aforesaid, which land districts and land offices have been established by an order of even date herewith;

And whereas all of the conditions required by law to be performed prior to the opening of said tracts of land to settlement and entry have been, as I hereby declare, duly performed;

Lands ceded by
Wichita, Comanche,
Kiowa, and Apache
Indians open to entry
Aug. 6, 1901.

Now therefore, I, William McKinley, President of the United States of America, by virtue of the power vested in me by law, do hereby declare and make known that all of the lands so as aforesaid ceded by the Wichita and affiliated bands of Indians, and the Comanche, Kiowa, and Apache tribes of Indians, respectively, saving and excepting sections sixteen, thirty-six, thirteen and thirty-three in each township, and all lands located or selected by the Territory of Oklahoma as indemnity school or educational lands, and saving and excepting all lands allotted in severalty to individual Indians, and saving and excepting all lands allotted and confirmed to religious societies and other organizations, and saving and excepting the lands selected and set aside as grazing lands for the use in common for said Comanche, Kiowa, and Apache tribes of Indians, and saving and excepting the lands set aside and reserved at each of said county seats for disposition as townsites, and saving and excepting the lands now used, occupied, or set apart for military, agency, school, school farm, religious, Indian cemetery, wood reserve, forest reserve, or other public uses, will, on the 6th day of August, 1901, at 9 o'clock a. m., in the manner herein prescribed and not otherwise, be opened to entry and settlement and to disposition under the general provisions of the homestead and townsite laws of the United States.

Registration of ap-
plicants.

Commencing at 9 o'clock a. m., Wednesday, July 10, 1901, and ending at 6 o'clock p. m., Friday, July 26, 1901, a registration will be had at the United States land offices at El Reno and Lawton, in the Territory of Oklahoma (the office at Lawton to occupy provisional quarters

in the immediate vicinity of Fort Sill, Oklahoma Territory, until suitable quarters can be provided at Lawton), for the purpose of ascertaining what persons desire to enter, settle upon, and acquire title to any of said lands under the homestead law and of ascertaining their qualifications so to do. The registration at each office will be for both land districts, but at the time of registration each applicant will be required to elect and state in which district he desires to make entry. To obtain registration each applicant will be required to show himself duly qualified to make homestead entry of these lands under existing laws and to give the registering officer such appropriate matters of description and identity as will protect the applicant and the government against any attempted impersonation. Registration can not be effected through the use of the mails or the employment of an agent, excepting that honorably discharged soldiers and sailors entitled to the benefits of section 2304 of the Revised Statutes of the United States, as amended by the act of Congress approved March 1, 1901 (31 Stat., 847), may present their applications for registration and due proofs of their qualifications through an agent of their own selection, but no person will be permitted to act as agent for more than one such soldier or sailor. No person will be permitted to register more than once or in any other than his true name. Each applicant who shows himself duly qualified will be registered and given a non-transferable certificate to that effect, which will entitle him to go upon and examine the lands to be opened hereunder in the land district in which he elects to make his entry; but the only purpose for which he may go upon and examine said lands is that of enabling him later on, as herein provided, to understandingly select the lands for which he will make entry. No one will be permitted to make settlement upon any of said lands in advance of the opening herein provided for, and during the first sixty days following said opening no one but registered applicants will be permitted to make homestead settlement upon any of said lands, and then only in pursuance of a homestead entry duly allowed by the local land officers, or of a soldier's declaratory statement duly accepted by such officers.

The order in which, during the first sixty days following the opening, the registered applicants will be permitted to make homestead entry of the lands opened hereunder, will be determined by drawings for both the El Reno and Lawton districts publicly held at the United States land office at El Reno, Oklahoma, commencing at 9 o'clock a. m., Monday, July 29, 1901, and continuing for such period as may be necessary to complete the same. The drawings will be had under the supervision and immediate observation of a committee of three persons whose integrity is such as to make their control of the drawing a guaranty of its fairness. The members of this committee will be appointed by the Secretary of the Interior, who will prescribe suitable compensation for their services. Preparatory to these drawings the registration officers will, at the time of registering each applicant who shows himself duly qualified, make out a card, which must be signed by the applicant, stating the land district in which he desires to make homestead entry, and giving such a description of the applicant as will enable the local land officers to thereafter identify him. This card will be at once sealed in a separate envelope, which will bear no other distinguishing label or mark than such as may be necessary to show that it is to go into the drawing for the land district in which the applicant desires to make entry. These envelopes will be separated according to land districts and will be carefully preserved and remained sealed until opened in the course of the drawing as herein provided. When the registration is completed all of these sealed envelopes will be brought together at the place of drawing and turned over to the committee in charge of the drawing, who, in such manner as in their judgment will be attended with entire fairness and equality of oppor-

tunity, shall proceed to draw out and open the separate envelopes and to give to each enclosed card a number in the order in which the envelope containing the same is drawn. While the drawings for the two districts will be separately conducted they will occur as nearly at the same time as is practicable. The result of the drawing for each district will be certified by the committee to the officers of the district and will determine the order in which the applicants may make homestead entry of said lands and settlement thereon.

Notice of drawings.

Notice of the drawings stating the name of each applicant and number assigned to him by the drawing will be posted each day at the place of drawing, and each applicant will be notified of his number by a postal-card mailed to him at the address, if any, given by him at the time of registration. Each applicant should, however, in his own behalf employ such measures as will insure his obtaining prompt and accurate information of the order in which his application for homestead entry can be presented as fixed by the drawing. Applications for homestead entry of said lands during the first sixty days following the opening can be made only by registered applicants and in the order established by the drawing. At each land office, commencing

Presentation of application numbers.

Tuesday, August 6, 1901, at 9 o'clock a. m., the applications of those drawing numbers 1 to 125, inclusive, for that district must be presented and will be considered in their numerical order during the first day, and the applications of those drawing numbers 126 to 250, inclusive, must be presented and will be considered in their numerical order during the second day, and so on at that rate until all of said lands subject to entry under the homestead law, and desired thereunder, have been entered. If any applicant fails to appear and present his application for entry when the number assigned to him by the drawing is reached, his right to enter will be passed until after the other applications assigned for that day have been disposed of, when he will be given another opportunity to make entry, failing in which he will be deemed to have abandoned his right to make entry under such drawing. To obtain the allowance of a homestead entry each applicant must personally present the certificate of registration theretofore issued to him, together with a regular homestead application and the necessary accompanying proofs, and with the regular land office fees, but an honorably discharged soldier or sailor may file his declaratory statement through the agent representing him at the registration. The production of the certificate of registration will be dispensed with only upon satisfactory proof of its loss or destruction. If at the time of considering his regular application for entry it appears that any applicant is disqualified from making homestead entry of these lands his application will be rejected, notwithstanding his prior registration. If any applicant shall register more than once hereunder, or in any other than his true name, or shall transfer his registration certificate he will thereby lose all the benefits of the registration and drawing herein provided for, and will be precluded from entering or settling upon any of said lands during the first sixty days following said opening.

Preference right of settlers on "neutral strip."
Ante, p. 703.

Because of the provision in the said act of Congress approved June 6, 1900: "That the settlers who located on that part of said lands called and known as the 'neutral strip' shall have preference right for thirty days on the lands upon which they have located and improved," the said lands in the "neutral strip" shall for the period of thirty days after said opening be subject to homestead entry and townsite entry only by those who have heretofore located upon and improved the same, and who are accorded a preference right of entry for thirty days as aforesaid. Persons entitled to make entry under this preference right will be permitted to do so at any time during said period of thirty days following the opening without previous

registration, and without regard to the drawing herein provided for, and at the expiration of that period the lands in said "neutral strip" for which no entry shall have been made will come under the general provisions of this proclamation.

The intended beneficiaries of the provision in the said acts of Congress, approved, respectively, March 2, 1895, and June 6, 1900, which authorizes a qualified entryman having lands adjoining the ceded lands, whose original entry embraced less than 160 acres, to enter so much of the ceded lands as will make his homestead entry contain in the aggregate not exceeding 160 acres, may obtain such an extension of his existing entry, without previous registration and without regard to the drawing herein provided for, only by making appropriate application, accompanied by the necessary proofs, at the proper new land office at some time prior to the opening herein provided for.

Adjoining lands.
Ante, pp. 663, 704.

Any person or persons desiring to found, or to suggest establishing a townsite upon any of said ceded lands at any point not in the near vicinity of either of the county seats therein heretofore selected and designated as aforesaid, may, at any time before the opening herein provided for, file in the proper local land office a written application to that effect describing by legal subdivisions the lands intended to be affected, and stating fully and under oath the necessity or propriety of founding or establishing a town at that place. The local officers will forthwith transmit said petition to the Commissioner of the General Land Office with their recommendation in the premises. Such Commissioner, if he believes the public interests will be subserved thereby, will, if the Secretary of the Interior approve thereof, issue an order withdrawing the lands described in such petition, or any portion thereof, from homestead entry and settlement and directing that the same be held for the time being for townsite settlement, entry, and disposition only. In such event the lands so withheld from homestead entry and settlement will, at the time of said opening and not before, become subject to settlement, entry, and disposition under the general townsite laws of the United States. None of said ceded lands will be subject to settlement, entry, or disposition under such general townsite laws except in the manner herein prescribed until after the expiration of sixty days from the time of said opening.

Town-site entries

Attention is hereby especially called to the fact that under the special provisions of the said act of Congress approved March 3, 1901, the townsites selected and designated at the county seats of the new counties into which said lands have been formed can not be disposed of under the general townsite laws of the United States, and can only be disposed of in the special manner provided in said act of Congress, which declares:

County seats.

The lands so set apart and designated shall, in advance of the opening, be surveyed, subdivided, and platted, under the direction of the Secretary of the Interior, into appropriate lots, blocks, streets, alleys, and sites for parks of public buildings, so as to make a town site thereof: *Provided*, That no person shall purchase more than one business and one residence lot. Such town lots shall be offered and sold at public auction to the highest bidder, under the direction of the Secretary of the Interior, at sales to be had at the opening and subsequent thereto.

All persons are especially admonished that under the said act of Congress approved March 3, 1901, it is provided that no person shall be permitted to settle upon, occupy, or enter any of said ceded lands except in the manner prescribed in this proclamation until after the expiration of sixty days from the time when the same are opened to settlement and entry. After the expiration of the said period of sixty days, but not before, any of said lands remaining undisposed of may be settled upon, occupied and entered under the general provisions of the homestead and townsite laws of the United States in like manner as if the manner of effecting such settlement, occupancy and entry had not been prescribed herein in obedience to law.

Warning against
premature entry.

Settlement of undis-
posed lands.

Wire fences not to
be destroyed, etc.

It appearing that there are fences around the pastures into which, for convenience, portions of the ceded lands have heretofore been divided, and that these fences are of considerable value and are still the property of the Indian tribes ceding said lands to the United States, all persons going upon, examining, entering, or settling upon any of said lands are cautioned to respect such fences as the property of the Indians and not to destroy, appropriate, or carry away the same, but to leave them undisturbed so that they may be seasonably removed and preserved for the benefit of the Indians.

Regulations.

The Secretary of the Interior shall prescribe all needful rules and regulations necessary to carry into full effect the opening herein provided for.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this fourth day of July, in the year of our Lord one thousand nine hundred and one, and of [SEAL.] the Independence of the United States the one hundred and twenty-sixth.

WILLIAM MCKINLEY

By the President:

DAVID J. HILL,
Acting Secretary of State.

May 7, 1902.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

Whereas, by an agreement between the Shoshone and Bannock Indians of the Fort Hall Reservation in Idaho, on the one part and certain commissioners of the United States on the other part, ratified by act of Congress approved June 6, 1900 (31 Stat., 672), the said Indians ceded, granted, and relinquished to the United States all right, title, and interest which they had to the following described land, the same being a part of the land obtained through the treaty of Fort Bridger on the third day of July, eighteen hundred and sixty-eight, and ratified by the United States Senate on the sixteenth day of February, eighteen hundred and sixty-nine:

Ante, p. 704.

All that portion of the said reservation embraced within and lying east and south of the following described lines:

Lands ceded by the
Shoshoni and Ban-
nock Indians.

Commencing at a point in the south boundary of the Fort Hall Indian Reservation, being the southwest corner of township nine (9) south, range thirty-four (34) east of the Boise meridian, thence running due north on the range line between townships 33 and 34 east to a point two (2) miles north of the township line between townships five (5) and six (6) south, thence due east to the range line between ranges 35 and 36 east, thence south on said range line four (4) miles, thence due east to the east boundary line of the reservation; from this point the east and south boundaries of the said reservation as it now exists to the point of beginning, namely, the southwest corner of township nine (9) south, range thirty-four east, being the remainder of the description and metes and bounds of the said tract of land herein proposed to be ceded.

Ante, p. 704.

And whereas, in pursuance of said act of Congress ratifying said agreement, allotments of land have been regularly made to each Indian occupant who desired it, and a schedule has been made of the lands to be abandoned and the improvements thereon appraised, and such improvements will be offered for sale to the highest bidder at not less than the appraised price prior to the date fixed for the opening of the ceded lands to settlement, and the classification as to agricultural and grazing lands has been made;

And whereas, in the act of Congress ratifying said agreement it is provided:

That on the completion of the allotments and the preparation of the schedule provided for in the preceding section, and the classification of the lands as provided for herein, the residue of said ceded lands shall be opened to settlement by the proclamation of the President, and shall be subject to disposal under the homestead, townsite, stone and timber, and mining laws of the United States only, excepting as to price and excepting the sixteenth and thirty-sixth sections in each Congressional township, which shall be reserved for common school purposes and be subject to the laws of Idaho: *Provided*, That all purchasers of lands lying under the canal of the Idaho Canal Company, and which are susceptible of irrigation from the water from said canal, shall pay for the same at the rate of ten dollars per acre; all agricultural lands not under said canal shall be paid for at the rate of two dollars and fifty cents per acre, and grazing lands at the rate of one dollar and twenty-five cents per acre, one-fifth of the respective sums to be paid at time of original entry, and four-fifths thereof at the time of making final proof; but no purchaser shall be permitted in any manner to purchase more than one hundred and sixty acres of the land hereinbefore referred to; but the rights of honorably discharged Union soldiers and sailors, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes of the United States, shall not be abridged, except as to the sum to be paid as aforesaid.

Lands opened to settlement.
Ante, p. 708.

* * * * *
No lands in sections sixteen and thirty-six now occupied, as set forth in article three of the agreement herein ratified shall be reserved for school purposes, but the State of Idaho shall be entitled to indemnity for any lands so occupied: *Provided*, That none of said lands shall be disposed of under the townsite laws for less than ten dollars per acre: *And provided further*, That all of said lands within five miles of the boundary line of the town of Pocatello shall be sold at public auction, payable as aforesaid, under the direction of the Secretary of the Interior for not less than ten dollars per acre: *And provided further*, That any mineral lands within said five mile limit shall be disposed of under the mineral land laws of the United States, excepting that the price of such mineral lands shall be fixed at ten dollars per acre, instead of the price fixed by the said mineral land laws.

And whereas, all the conditions required by law to be performed prior to the opening of said lands to settlement and entry have been, as I hereby declare, duly performed, except the sale of the improvements mentioned above, but as this is not considered a bar to the opening of the unallotted and unreserved lands to settlement and entry,

Now, therefore, I, THEODORE ROOSEVELT, President of the United States of America, by virtue of the power vested in me by law, do hereby declare and make known that all of the lands so as aforesaid ceded by the Shoshone and Bannock Indians, saving and excepting all lands allotted to the Indians, and saving and excepting the lands on which the Indian improvements have been appraised, and saving and excepting the sixteenth and thirty-sixth sections in each Congressional township, and saving and excepting Lots 7 and 8, section 21, NW $\frac{1}{4}$ SW $\frac{1}{4}$ and Lots 9 and 10, section 22, T. 9 S., R. 38 E., B. M., known as "Lava Hot Springs" and saving and excepting all of the lands within five miles of the boundary line of the town of Pocatello, Idaho, and saving and excepting the lands ceded under the Act of September 1, 1888 (25 Stat., 452), for the purposes of a townsite, will on the 17th day of June, 1902, at and after the hour of 12 o'clock, noon, (Mountain Standard time), be opened to settlement and entry under the terms of and subject to all the conditions, limitations, reservations, and restrictions contained in the statutes above specified, and the laws of the United States applicable thereto.

Lands ceded by Shoshoni and Bannock Indians open to entry June 17, 1902.

Exceptions.

Ante, p. 293.

In view of the provision in said act "That all of said lands within five miles of the boundary line of the town of Pocatello shall be sold at public auction, payable as aforesaid, under the direction of the Secretary of the Interior for not less than ten dollars per acre," the lands, "within five miles of the boundary line of the town of Pocatello," saving and excepting all lands allotted to the Indians, and saving and excepting the sixteenth and thirty-sixth sections in each Congressional township, and saving and excepting the lands ceded under the Act of September 1, 1888 (25 Stat., 452), for the purposes of a townsite, will on the 17th day of July, 1902, at and after the hour of 12 o'clock, noon (Mountain Standard time), be offered at public auction at not less than

strip."
Ante, p. 708.

ten dollars per acre, under the terms and subject to all the conditions, limitations, reservations and restrictions, contained in the statutes above specified, and the laws of the United States applicable thereto.

Because of the provision in the act ratifying said agreement that "The purchaser of said improvements shall have thirty days after such purchase for preference right of entry, under the provisions of this Act, of the lands upon which the improvements purchased by him are situated, not to exceed one hundred and sixty acres," the said lands upon which such Indian improvements purchased are situated outside of the lands within five miles of the town of Pocatello, shall for the period of thirty days after said opening be subject to homestead entry, townsite entry, stone and timber entry, and entry under the mineral laws only by those who may have purchased the improvements thereon, and who are accorded a preference right of entry for thirty days as aforesaid, such entries to be made in accordance with the terms and conditions of this Act. Persons entitled to make entry under this preference right will be permitted to do so at any time during the said period of thirty days following the opening, and at the expiration of that period any of said lands not so entered will come under the general provisions of this proclamation.

Ante, p. 708.

The purchaser of the improvements on lands situated within five miles of the town of Pocatello will have no preference right of entry of the tract on which such improvements are situated, as the law provides that "all of said lands within five miles of the boundary line of the town of Pocatello shall be sold at public auction."

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

Whereas by Executive order dated December 27, 1875, section 7, township 15 south, range 2 east, San Bernardino meridian, California, was with certain other tracts of land withdrawn from the public domain and reserved for the use of the Capitan Grande band or village of Mission Indians; and

Mission Indian reserves, California.

Whereas the Commission appointed under the provisions of the act of Congress approved January 12, 1891, entitled "An act for the relief of the Mission Indians in the State of California" (U. S. Stat. L., vol. 26, p. 712), selected for the said Capitan Grande band or village of Indians certain tracts of land and intentionally omitted and excluded from such selection the said section 7, township 15 south, range 2 east, and reported that the tracts thus omitted included the lands upon which were found the claims of Jacob Kuhner and others; and

Whereas the report and recommendations of the said Commission were approved by Executive order dated December 29, 1891, which order also directed that "All of the lands mentioned in said report are hereby withdrawn from settlement and entry until patents shall have issued for said selected reservations, and until the recommendations of said Commission shall be fully executed, and, by the proclamation of the President of the United States, the lands or any part thereof shall be restored to the public domain;" and

Whereas a patent was issued March 10, 1894, to the said Indians for the lands selected by the Commission as aforesaid, and which patent also excluded the said section 7, township 15 south, range 2 east; and

Whereas it appears that the said Jacob Kuhner can not make the requisite filings on the land occupied by him until it shall have been formally restored to the public domain, and that no good reason appears to exist for the further reservation of the said section for the said band of Indians:

Now, therefore I, Theodore Roosevelt, President of the United States, by virtue of the power in me vested, do hereby declare and make known that the Executive orders dated December 27, 1875, and December 29, 1891, are so far modified as to except from their provisions section 7 of township 15 south, range 2 east, San Bernardino meridian, and the said section is hereby restored to the public domain. Executive orders, ante, p. 820, modified.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

A PROCLAMATION.

Whereas, in the opening of the Kiowa, Comanche, Apache, and Wichita Indian lands in the Territory of Oklahoma, by proclamation dated July 4, 1901, pursuant to section six of the Act of Congress approved June 6, 1900 (31 Stat., 672, 676), the west half of the southeast quarter of the southeast quarter and lot fourteen, of section sixteen in township seven north, of range ten west of the Indian principal meridian, containing thirty eight acres and sixty hundredths of an acre, were reserved for the use of the Kiowa and Comanche Indian Agency;

Preamble.

Ante, p. 708.

And whereas, it appears that said land is no longer used or required for use by said Indian agency, and that it adjoins the City of Anadarko, Oklahoma Territory, and is needed by said city for park purposes, the mayor of which city has applied to make entry thereof for said purposes under the act of Congress approved September 30, 1890 (26 Stat., 502).

26 Stat., 502.

Now, therefore, I, THEODORE ROOSEVELT, President of the United States, by virtue of the power in me vested by section six of said act of Congress of June 6, 1900, do hereby declare and make known that said land is hereby restored to the public domain, to be disposed of to said city for park purposes under said act of Congress approved September 30, 1890.

APPENDIX II.

Miscellaneous letters and documents pertaining to Executive orders establishing Indian reserves.

INDIAN TERRITORY—FORT SUPPLY MILITARY RESERVE.

[See ante, page 843.]

WAR DEPARTMENT,
Washington City, April 17, 1882.

SIR: I have the honor, upon recommendation of the commanding general, Department of the Missouri, concurred in by the Lieutenant-General and the General of the Army, to request that a military reservation may be duly declared and set apart by the Executive for the post of Fort Supply, Indian Territory, and with the assent of the Interior Department, that it embrace the following described tract of land, viz:

Township 24 north, range 22 west, in the Indian Territory. Area, 36 square miles, or 23,040 acres.

I have the honor to be, sir, with great respect, your obedient servant,

ROBERT T. LINCOLN, *Secretary of War.*

The PRESIDENT.

[Indorsement.]

EXECUTIVE MANSION,
Washington, April 18, 1882.

The within request is approved and the reservation is made and proclaimed accordingly. The Secretary of the Interior will cause the same to be noted in the General Land Office.

CHESTER A. ARTHUR.

MICHIGAN—OTTAWA AND CHIPPEWA RESERVE.

[See ante, page 849.]

GENERAL LAND OFFICE, August 8, 1855.

SIR: I have the honor to return herewith the letter of the Acting Commissioner of Indian Affairs and its inclosure of the 4th instant, referred by the acting chief clerk of the Department to this office, same day, for report, requesting the withdrawal from sale of certain lands therein described, in the State of Michigan, in order that selections may be made therefrom for the Ottawas and Chippewas of Michigan, under a treaty concluded on the 31st July, 1855.

In reply, I herewith inclose a printed diagram, showing by the red shades the relative positions (as near as can be shown on a small scale) of the tracts requested to be reserved, and have to state that portions of the lands, it appears from an examination of the tract books, have been sold to individuals and selected by the State for swamp lands, and that the small tracts reserved for light-house purposes are embraced thereby. With these exceptions there appears to be no objection to withdrawing the lands temporarily until the contemplated selections are made.

I am, very respectfully, your obedient servant,

JNO. HOOD, *Acting Commissioner.*

HON. ROBT. McCLELLAND,
Secretary of Interior.

DEPARTMENT OF THE INTERIOR,
Washington, August 8, 1855.

SIR: I have the honor to submit herewith for your approval the application from the Indian Office of the 4th instant, for the withdrawal from sale certain tracts of land in the State of Michigan for the purpose of making selections therefrom for the Ottawas and Chippewas of Michigan under a treaty concluded the 31st ultimo.

The matter having been submitted to the General Land Office with a view of ascertaining whether any objection was known there to the proposed withdrawal, the Acting Commissioner replies on this day that no objection was known, with certain exceptions to special tracts previously appropriated.

It is therefore recommended that, with the exception mentioned, the lands referred to be temporarily withdrawn from sale for the purposes desired.

With much respect, your obedient servant,

R. McCLELLAND, *Secretary.*

The PRESIDENT OF THE UNITED STATES.

MINNESOTA—FOND DU LAC RESERVE.

[See ante, p. 851.]

DEPARTMENT OF THE INTERIOR, OFFICE OF INDIAN AFFAIRS,
November 16, 1858.

Sir: I have received a letter from the Commissioner of the General Land Office of the 10th instant, inclosing a copy of the plat and field notes of the survey of the exterior boundary of the Fond du Lac Reservation, made in conformity with the provisions of the fourth clause of the second article of the Chippewa treaty of September 30, 1854, together with a copy of a communication from Peter E. Bradshaw, deputy surveyor, addressed to the surveyor-general of Minnesota.

Mr. Bradshaw represents that the boundary of said reserve does not include the principal settlement of the Indians, which with their improvements are located at "Perch Lake" and its vicinity, which lake is some 3 or 4 miles south of the southern boundary of the reservation as established by said survey. The deputy surveyor states that the Indians are very much dissatisfied with the location of said boundary line, and they claim that the treaty secured to them Perch Lake.

I am fully satisfied that it was the understanding of the respective parties who negotiated the treaty that the southern boundary line, as therein described, should have embraced the Indian settlements at Perch Lake, and in consideration of the fact that an error has occurred in the description of the line in question, which, if not corrected, would compel the Indians to abandon the only settlement, perhaps, where they can acquire a subsistence, I would respectfully recommend that, with your concurrence, the subject be laid before the President, with a view to such action as may be necessary to withdraw from preemption and sale so much of the public lands in the vicinity of Perch Lake as may be required to protect the interests of the Indians and secure to them their improved settlements in order that appropriate steps may be taken with the approbation of the Executive to settle existing difficulties pertaining to said boundary by subsequent negotiations looking to a change of the lines of the present reserve.

The estimated area of the reservation embraces 125,294 acres, being about 25,000 acres more than was contemplated by the stipulations of the treaty, and therefore I would suggest that the Government as well as the Indians would be benefited by extending the southern boundary so as to include the Indian settlements, and by reducing the aggregate area in order that the reserve may embrace as nearly as possible 100,000 acres.

Very respectfully, your obedient servant,

J. W. DENVER, *Commissioner.*

Hon. J. THOMPSON, *Secretary of the Interior.*

WASHINGTON—COLUMBIA RESERVE.

[See Ante, p. 904.]

DEPARTMENT OF THE INTERIOR, OFFICE OF INDIAN AFFAIRS,
Washington, D. C., January 25, 1894.

Sir: On August 1, 1893, I received, by reference from the General Land Office, a letter dated July 17, 1893, from the register of the local land office at Waterville, Wash., stating that an Indian named Alfred appeared at his office on the date of the said letter with copy of an allotment, numbered 20, in the name of Charles Iswald, an Indian, for lands near the Methow River in Okanogan County, said State; that Indian Alfred stated that Iswald had gone to the Colville Indian Reservation in Washington, abandoning his wife and three children, and had not returned, having been absent for the period of six months; that his wife desired to hold the land embraced within the said allotment, and asked to know if she could do so; that said Iswald remarried after going to the Colville Reservation.

The register adds in his said letter that some action should be taken in the premises to protect the interests of the abandoned wife and her children.

In connection with this matter I have the honor to state that on November 25, 1893, I directed Capt. J. W. Bubb, U. S. A., acting Indian agent of the Colville Agency, said State, to ascertain whether the said Indian Iswald had removed to his reservation and married a second time, and, if there, whether he intended to remain upon the reservation or return to his allotment referred to and care for his first wife and children.

The opinion was expressed in said office letter that it would be well for the agent to correspond with Mrs. Charles Iswald, then in occupancy of the said allotment, and ascertain from her all the facts in her possession in relation to the allotment, its abandonment by the allottee, and her desire to remain thereon and cultivate the same for the use and benefit of herself and children.

The agent was advised that the allotment referred to contained 640 acres and was made to Charles Iswald under the provisions of the Moses agreement, entered into July 7, 1883, and ratified by act of Congress approved July 4, 1884 (23 Stats., 79 and 80), and that the same, with other allotments surveyed for and made to Sar sap kin and other Indians, was approved by the Acting Secretary of the Interior April 12, 1886.

It was suggested that if the said Charles Iswald intended to remain upon the Colville Reservation and make it his home in the future he should relinquish to the United States his allotment under the said agreement, and the agent was instructed, in the event that the said Indian had so determined, to obtain from him his voluntary relinquishment of his said allotment in order that steps might be taken to allot the lands embraced therein to his wife and children.

The agent was further instructed to make a full report of his action in this matter and forward to this office for its consideration the relinquishment of the allotment mentioned should the Indian execute same.

I am now in receipt of a communication dated January 7, 1894, from the said acting Indian agent, stating that he recently visited the vicinity of Lake Chelan, Washington, and made an effort to see Mrs. Charles Iswald, but that for some reason she failed to be at the place appointed for the meeting (Antoine's house); that he had previously informed her that he desired to confer with her about her husband's claim to the allotment above referred to; that she sent him word by Antoine, a relative, that she would be glad to have the claim for herself and child (only one child now living); that she had not lived on the land for some time and that there were no improvements of any kind on the same.

The said agent further states that he experienced considerable difficulty in finding Charles Iswald under that name; that he claims his correct name is Kis wal a kin; that at Lake Chelan, among Wapato John's people, Iswald is known by the name of Il le acke; that he judges that name would be the best to give his wife in assigning her the allotment, her church name being Rose Marie; that Charles Iswald, now known as Kis wal a kin, lives at present on the Colville Indian Reservation, near Moses Crossing of the Columbia River, with another woman, by whom he has three children; that he states that he does not want his allotment on the old Columbia Reservation, above referred to, and has no intention of ever going back there to live with his former wife, for reasons which the Indian deemed satisfactory to himself.

The agent inclosed the relinquishment of the said Charles Iswald of his allotment, No. 20, containing 640 acres, on the Columbia River, in the vicinity of Lake Chelan, State of Washington, granted to him under the provisions of the Moses treaty and act of Congress above referred to, executing same on January 2, 1894, in the presence of John W. Bubb, acting Indian agent of the Colville Agency, and C. R. Bubb, and transferring thereby to the United States all his right, title, and interest in and to the lands embraced therein.

There is given on the sheet embracing the relinquishment a certificate executed by Robert Flett, interpreter, dated January 2, 1894, to the effect that he was present and witnessed the signing of the relinquishment by the said Charles Iswald, and that he clearly explained its nature to him, and is satisfied that he fully understood the same.

The said Moses agreement entered into July 7, 1883, copy of which may be found by reference to page 70 of the Report of the Commissioner of Indian Affairs for the year ending 1883, provided that all Indians belonging to the band of Chief Moses then living on the Columbia Reservation, in the State of Washington, not removing to the Colville Reservation within two years from the date of said agreement, should be entitled to 640 acres, or 1 square mile, of land to each head of a family or male adult, in the possession and ownership of which they should be guaranteed and protected.

On May 1, 1886, the President issued an Executive order, which may be found on page 75 of Executive Orders relating to Indian Reserves, issued prior to April 1, 1890 (copy herewith), to the effect that the tracts of land in then Washington Territory (now State) surveyed for and allotted to Sar sap kin and other Indians, in accordance with the provisions of the said act of July 4, 1884 (23 Stats., pp. 79 and 80), which allotments were approved by the Acting Secretary of the Interior April 12, 1886, be set apart for the exclusive use and occupation of said Indians.

The allotment referred to and relinquished by the said Charles Iswald is No. 20, which may also be found on page 79 of said Executive Order pamphlet.

The right and title which the said Indian allottee had in the lands described in said allotment No. 20 was that of possession, use, and occupation; and as he has relinquished whatever right and title he had in and to the land referred to, it would seem that the entire title thereto is vested now in the United States; and as he has abandoned his first wife and ceased to provide for her comfort and welfare, and as she desires to retain possession of and use and occupy the said allotment, it would seem that the same should be reserved to her and her child for that purpose.

As the lands embraced within said allotment are reserved by Executive order of date May 1, 1886, above mentioned, it would appear that proper action in the case would be to present the matter to the President for his approval of the reservation for the purpose indicated. This matter, however, is submitted to you for your determination.

I have prepared and inclose herewith a draft of an order reserving the lands referred to for the purpose indicated, which, if you deem Executive action necessary, may be forwarded to the President for his approval.

The papers in the case and copy of this report are herewith inclosed.

Very respectfully, your obedient servant,

D. M. BROWNING, *Commissioner*.

The SECRETARY OF THE INTERIOR.

[Inclosure.]

I, Charles Iswald (correct name Kis-wal-a-kin), do hereby relinquish to the United States all my right, title, and interest in and to the land contained under allotment No. 20 (containing 640 acres), on the Columbia River, in the vicinity of Lake Chelan, in the State of Washington, granted to me under the provisions of the "Moses Treaty," entered into July 7, 1883, and ratified by act of Congress approved July 4, 1884.

Done at Colville Indian Agency, Wash., this 2d day of January, A. D. 1894.

CHARLES ISWALD (his x mark).

In the presence of—

JNO. W. BUBB, *Captain, U. S. A., Agent*.

C. R. BUBB.

I, Robert Flett, interpreter, hereby certify on honor that I was present and witnessed the signing of this instrument by the said Charles Iswald; that I fully explained its nature, and am satisfied he fully understands the same.

ROBERT FLETT, *Interpreter*.

COLVILLE AGENCY, WASH., January 2, 1894.

DEPARTMENT OF THE INTERIOR,
Washington, February 19, 1894.

The PRESIDENT:

By Executive order of May 1, 1886, the following lands in the Moses Reservation, Washington Territory, were set apart for the exclusive use and occupation of Charles Iswald, a member of said tribe:

"This claim lies about 2 miles in a northeasterly direction from Antoine's claim. It contains no timber, but is mostly fair grazing land, with about 100 acres susceptible of cultivation. No improvements. From pine tree on right bank of Columbia River, blazed on four sides, where rocky spur 200 feet high comes down to near bank, forming narrow pass, from which a blazed pine 36 inches in diameter bears north 177 links distant, run south 13 degrees west (variation 22 degrees east).

"102.25 chains, made stone monument for corner on hillside in view of main trail. Thence run south $5\frac{1}{2}$ degrees west.

"78.00 chains, made stone monument for corner. Thence south $\frac{1}{2}$ degree west.

"25.65 chains, made stone monument on bank of Columbia River for corner. Thence with said river to a point of beginning, containing 640 acres of land."

The accompanying letter from the Commissioner of Indian Affairs, dated 25th ultimo, and its inclosures, show that Charles Iswald (Kis wal a kin) abandoned his wife and child some six years ago and moved to the Colville Reservation, Washington, and is now living there with another woman, by whom he has three children, and that, on January 2, 1894, he relinquished his said allotment to the United States.

The wife has made application to the register of the land office at Waterville, Wash., to have the lands in question reserved for her and her child, and the Commissioner is of the opinion that the same should be so reserved.

I have therefore the honor to recommend that the lands set apart by Executive order of May 1, 1886, for the exclusive use and occupation of Charles Iswald, and by him relinquished to the United States, be reserved for the exclusive use and occupation of Mrs. Charles Iswald, or Rose Marie, and her child, and that said authority be indorsed hereon.

I have the honor to be, very respectfully, your obedient servant,

HOKE SMITH, *Secretary.*

[Indorsement.]

WISCONSIN—LAC DU FLAMBEAU RESERVE.

[See ante, p. 931.]

OFFICE SUPERINTENDENT OF INDIAN AFFAIRS,
St. Paul, November 14, 1863.

SIR: I inclose herewith Agent L. E. Webb's report from the surveyors of the Lac du Flambeau and Lac Courte Oreille reservations, together with maps, plats, and field notes of the same.

Very respectfully, your obedient servant,

C. G. WYKOFF, *Clerk*.

Hon. WM. P. DOLE,
Commissioner Indian Affairs, Washington, D. C.

The patent referred to in the bill was executed on December 31, 1838. It conveyed to the Cherokee Nation the lands secured and guaranteed by the treaties of 1828, 1833, and 1835. In the patent the 7,000,000-acre tract, together with the perpetual outlet, was described as one tract, aggregating 13,574,135.14 acres. In addition, the patent specified the boundaries of a tract of 800,000 acres ceded by the treaty of 1835. The description of the two tracts was succeeded by the following habendum clause:

Therefore, in execution of the agreements and stipulations contained in the said several treaties, the United States have given and granted, and by these presents do give and grant unto the said Cherokee Nation the two tracts of land so surveyed and hereinbefore described, containing in the whole fourteen millions three hundred and seventy-four thousand one hundred and thirty-five acres and fourteen-hundredths of an acre, to have and to hold the same, together with all the rights, privileges, and appurtenances thereto belonging to the said Cherokee Nation forever; subject, however, to the right of the United States to permit other tribes of red men to get salt on the salt plain on the western prairie referred to in the second article of the treaty of the twenty-ninth of December, one thousand eight hundred and thirty-five, which salt plain has been ascertained to be within the limits prescribed for the outlet agreed to be granted by said article, and subject also to all the other rights reserved to the United States, in and by the articles hereinbefore recited, to the extent and in the manner in which the said rights are so reserved; and subject also to the condition provided by the act of Congress of the twenty-eighth of May, one thousand eight hundred and thirty, referred to in the above-recited third article, and which condition is, that the lands hereby granted shall revert to the United States if the said Cherokee Nation becomes extinct or abandons the same.

Averring that the Cherokee Nation and its citizens possessed the exclusive right to the use, control, and occupancy of its tribal lands, it was alleged that the Secretary of the Interior, without having lawful authority so to do, was assuming the power to and was about to pass favorably upon applications for leases, and was about to grant leases of lands belonging to said nation for the purpose of mining for oil, gas, coal, and other minerals, one such successful applicant being stated to be the Cherokee Oil and Gas Company, an Arkansas corporation. Based upon general allegations of the absence of an adequate remedy at law, the necessity of relief to avoid a multiplicity of suits and to prevent the casting of a cloud upon the title of the nation to its said lands, and the claim that irreparable injury would be caused and wrong and oppression result, and that there would be a deprivation of property rights of the complainants and of other citizens of the Cherokee Nation, an injunction was prayed against further action by the Secretary of the Interior in the premises. A demurrer was filed to the bill upon the grounds following:

1. Said bill is bad in substance and for want of equity, and does not state facts sufficient to entitle complainants to the relief prayed for or to any relief.
2. The court has no jurisdiction over the subject-matter of the suit.
3. There is a defect of parties defendant.

grant to be made and executed to them for the same: *Provided always*, That such lands shall revert to the United States, if the Indians become extinct or abandon the same."

The article of the treaty of 1835 upon which is based the claim that an exclusive right is vested in the Cherokee Nation to the use, control, and occupancy of its tribal lands is the following (7 Stat., 481):

"ARTICLE 5. The United States hereby covenant and agree that the lands ceded to the Cherokee Nation in the foregoing article shall, in no future time without their consent, be included within the territorial limits or jurisdiction of any State or Territory. But they shall secure to the Cherokee Nation the right by their national councils to make and carry into effect all such laws as they may deem necessary for the government and protection of the persons and property within their own country belonging to their people or such persons as have connected themselves with them: *Provided always*, That they shall not be inconsistent with the Constitution of the United States and such acts of Congress as have been or may be passed regulating trade and intercourse with the Indians; and also, that they shall not be considered as extending to such citizens and army of the United States as may travel or reside in the Indian country by permission according to the laws and regulations established by the government of the same."

By the treaty of August 6, 1846 (9 Stat., 871), providing for an adjustment of the differences theretofore existing between different portions of the people constituting and recognized as the Cherokee Nation of Indians, it was provided in article 1 as follows:

"That the lands now occupied by the Cherokee Nation shall be secured to the whole Cherokee people for their common use and benefit; and a patent shall be issued for the same, including the eight hundred thousand acres purchased, together with the outlet west, promised by the United States, in conformity with the provisions relating thereto, contained in the third article of the treaty of 1835, and in the third section of the act of Congress, approved May twenty-eighth, 1830, which authorizes the President of the United States, in making exchanges of lands with the Indian tribes, 'to assure the tribe or nation with which the exchange is made, that the United States will forever secure and guarantee to them, and their heirs or successors, the country so exchanged with them; and, if they prefer it, that the United States will cause a patent or grant to be made and executed to them for the same: *Provided always*, That such lands shall revert to the United States, if the Indians become extinct or abandon the same.'"

The treaty of July 19, 1866 (14 Stat., 799), does not require particular notice.

Without considering or passing upon the objection of a defect of parties defendant, the trial court sustained the demurrer and entered a decree dismissing the bill of complaint. This decree was affirmed, on appeal, by the court of appeals of the District. (20 App., D. C.)

An appeal was thereupon taken to this court.

Mr. Justice WHITE, after making the foregoing statement, delivered the opinion of the court:

The grounds of demurrer to the bill of complaint were summarized in the following reasons embodied in a statement filed with the demurrer:

1. The matters named in the bill are matters of administration, which can not be taken away from an executive department and carried into the courts.
2. That the Cherokee Oil and Gas Company named in the bill is a necessary party to the suit, as shown by the bill.
3. That the defendant is proceeding in conformity with the act of Congress approved June 28, 1898 (30 Stat., 495), which is a valid exercise of the power of Congress over the property of an Indian tribe.

Preliminary to considering the fundamental question raised by the demurrer, it is necessary to notice two subjects not expressly referred to in the opinion below. They are, first, the objection to the formal sufficiency of certain of the averments in the bill; and, second, the claim that the Cherokee Oil and Gas Company was an indispensable party defendant. With respect to the first-mentioned ground of objection, without going into detail, we think the statements in the bill were sufficient to show that the jurisdiction of a court of equity was properly invoked. So far as the second ground of objection is concerned, we presume that the courts below omitted to pass expressly thereon, because it was deemed that the company named was properly omitted from the bill. As the bill assailed generally the want of power in the Secretary of the Interior to execute leases affecting lands owned by the tribe, and referred to the application pending for a lease made by the Cherokee Oil and Gas Company as manifesting but a particular instance in which it was charged that the Secretary of the Interior might exercise the power conferred by the statute, the corporation named was not an indispensable party to the bill. Clearly every person with whom the Secretary might contract, if he exercised the discretion vested in him by the statute were not indispensable parties to the determination of the question whether the statute had lawfully conferred such discretionary power upon the official in question. This brings us to consider the fundamental question which the case involves, that is, the contention on behalf of the Government that the decree below should be sustained because the act of June 28, 1898, is a valid exercise of power vested in Congress, and fully authorized the Secretary of the Interior to do and perform the things which the complainants seek to have him enjoined from doing.

Before noticing the pertinent provisions of the act of June 28, 1898, reference will be made to antecedent legislation by Congress which led up to the enactment of the statute in question. In the statement preceding the opinion, delivered through Mr. Chief Justice Fuller, in *Stephens v. Cherokee Nation* (174 U. S., 445), it was said:

By the sixteenth section of the Indian appropriation act of March 30, 1893 (27 Stat. L., 612, 645, chap. 209), the President was authorized to appoint, by and with the advice and consent of the Senate, three commissioners "to enter into negotiations with the Cherokee Nation, Choctaw Nation, Chickasaw Nation, the Muscogee (or Creek) Nation, the Seminole Nation, for the purpose of the extinguishment of the national or tribal title to any lands within that territory now held by any and all such nations or tribes, either by cession of the same or some part thereof to the United States, or by the allotment and division of the same in severalty among the Indians of such nations or tribes, respectively, as may be entitled to the same, or by such other method as may be agreed upon between the several nations and tribes aforesaid, or each of them, with the United States, with a view to such an adjustment, upon the basis of justice and equity, as may, with the consent of such nations or tribes of Indians, so far as may be necessary, be requisite and suitable to enable the ultimate creation of a State or States of the Union which shall embrace the lands within said Indian Territory."

The Commission was appointed and entered on the discharge of its duties, and under the sundry civil appropriation act of March 2, 1895 (28 Stat. L., 939, chap. 189), two additional members were appointed. It is commonly styled the "Dawes Commission."

On November 20, 1894, and November 18, 1895, the Dawes Commission made reports of the condition of affairs in the Indian Territory. These reports, as also a report of the Senate Committee on the Five Civilized Tribes, of date May 7, 1894, were referred to and were quoted from in the statement of facts made by the court in the *Stephens* case. The reports asserted the existence of a state of affairs in the

Indian Territory "abhorrent to the spirit of our institutions," and declared the necessity of assumption by the United States of "responsibility for future conditions in the Territory" and the need of independent legislation by Congress in that behalf. Thus the Senate Committee on the Five Civilized Tribes of Indians in a report on May 7, 1894 (Senate Rep. No. 377, 53d Cong., 2d sess.), said in part:

As we have said, the title to these lands is held by the tribe in trust for the people. We have shown that this trust is not being properly executed, nor will it be if left to the Indians, and the question arises, What is the duty of the Government of the United States with reference to this trust? While we have recognized these tribes as dependent nations, the Government has likewise recognized its guardianship over the Indians and its obligations to protect them in their property and personal rights.

In the treaty with the Cherokees, made in 1846, we stipulated that they should pass laws for equal protection and for the security of life, liberty, and property. If the tribe fails to administer its trust properly by securing to all the people of the tribe equitable participation in the common property of the tribe, there appears to be no redress for the Indian so deprived of his rights unless the Government does interfere to administer such trust.

By a provision in the act of June 10, 1896 (29 Stat., 321, 339), said Commission was directed to continue the exercise of the authority already conferred upon it, and was invested with further powers in respect of hearing and determining applications for citizenship in said tribes and making rolls of the members thereof.

A provision in the act of June 7, 1897 (30 Stat., 62, 84), directed said Commission to continue to exercise all authority theretofore conferred upon it to negotiate with said Five Tribes, and gave further direction respecting the making of rolls and citizenship.

The act of June 28, 1898 (30 Stat., 495), entitled "An act for the protection of the people of the Indian Territory, and for other purposes," contains provisions for the completion of the rolls of citizenship of said tribes, for the reservation of town sites and the sale of lots therein, and for the allotment of the exclusive use and occupancy of the surface of all lands susceptible of allotment among the citizens of the respective tribes, with a provision as follows (sec. 11):

But all oil, coal, asphalt, and mineral deposits in the lands of any tribe are reserved to such tribe, and no allotment of such land shall carry the title to such oil, coal, asphalt, or mineral deposits.

Section 13 of said act contains provisions for leasing the oil, coal, asphalt, and mineral deposits, as follows:

That the Secretary of the Interior is hereby authorized and directed from time to time to provide rules and regulations in regard to the leasing of oil, coal, asphalt, and other minerals in said Territory, and all such leases shall be made by the Secretary of the Interior; and any lease for any such minerals otherwise made shall be absolutely void. No lease shall be made or renewed for a longer period than fifteen years, nor cover the mineral in more than six hundred and forty acres of land, which shall conform as nearly as possible to the surveys. Lessees shall pay on each oil, coal, asphalt, or other mineral claim at the rate of one hundred dollars per annum, in advance, for the first and second years; two hundred dollars per annum, in advance, for the third and fourth years, and five hundred dollars, in advance, for each succeeding year thereafter, as advanced royalty on the mine or claim on which they are made. All such payments shall be a credit on royalty when each said mine is developed and operated and its production is in excess of such guaranteed annual advanced payments; and all lessees must pay said annual advanced payments on each claim, whether developed or undeveloped; and should any lessee neglect or refuse to pay such advanced annual royalty for the period of sixty days after the same becomes due and payable on any lease, the lease on which default is made shall become null and void, and the royalties paid in advance shall then become and be the money and property of the tribe. Where any oil, coal, asphalt, or other mineral is hereafter opened on land allotted, sold, or reserved, the value of the use of the necessary surface for prospecting or mining, and the damage done to the other land and improvements, shall be ascertained under the direction of the Secretary of the Interior and paid to the allottee or owner of the land by the lessee or party operating the same, before operations begin: *Provided*, That nothing herein contained shall impair the rights of any holder or owner of a leasehold interest in any oil, coal rights, asphalt, or mineral, which have been assented to by act of Congress, but all such interest shall continue unimpaired hereby, and shall be assured to such holders or owners by leases from the Secretary of the Interior for the term not exceeding fifteen years, but subject to payment of advance royalties as herein provided, when such leases are not operated, to the rate of royalty on coal mined, and the rules and regulations to be prescribed by the Secretary of the Interior, and preference shall be given to such parties in renewals of such leases: *And provided further*, That when, under the customs and laws heretofore existing and prevailing in the Indian Territory, leases have been made of different groups or parcels of oil, coal, asphalt, or other mineral deposits, and possession has been taken thereunder and improvements made for the development of such oil, coal, asphalt, or other mineral deposits by lessees or their assigns, which have resulted in the production of oil, coal, asphalt, or other mineral in commercial quantities by such lessees or their assigns, then such parties in possession shall be given preference in the making of new leases, in compliance with the directions of the Secretary of the Interior; and in making new leases due consid-

eration shall be made for the improvements of such lessees; and in all cases of the leasing or renewal of leases of oil, coal, asphalt, and other mineral deposits preference shall be given to parties in possession who have made improvements. The rate of royalty to be paid by all lessees shall be fixed by the Secretary of the Interior.

Section 16 contains a provision as to the payment and distribution of rents and royalties due said tribes, as follows:

That it shall be unlawful for any person, after the passage of this act, except as hereinafter provided, to claim, demand, or receive, for his own use or for the use of anyone else, any royalty on oil, coal, asphalt, or other mineral, or on any timber or lumber, or any other kind of property whatsoever, or any rents on any lands or property belonging to any one of said tribes or nations in said Territory, or for anyone to pay to any individual any such royalty or rents or any consideration therefor whatsoever; and all royalties and rents hereafter payable to the tribe shall be paid, under such rules and regulations as may be prescribed by the Secretary of the Interior, into the Treasury of the United States to the credit of the tribe to which they belong.

As the acts done and contemplated to be done by the appellee and assailed by the bill of complaint are presumably not the subject of criticism, in the event that the act of June 28, 1898, was a constitutional and valid exercise of power by Congress, we will now address ourselves to a consideration of that statute.

Prior to the act of March 3, 1871 (16 Stat., 544, 566, now sec. 2079, Rev. Stat.), which statute, in effect, voiced the intention of Congress thereafter to make the Indian tribes amenable directly to the power and authority of the laws of the United States by the immediate exercise of its legislative power over them, the customary mode of dealing with the Indian tribes was by treaty. As, however, held in *Cherokee Nation v. Southern Kansas Railway Co.* (135 U. S., 641, 653), reaffirmed in *Stephens v. Cherokee Nation* (174 U. S., 445, 484), while the Cherokee Nation and other Indian tribes domiciled within the United States had been recognized by the United States as separate communities, and engagements entered into with them by means of formal treaties, they were yet regarded as in a condition of pupillage or dependency, and subject to the paramount authority of the United States.

Reviewing decisions of this court rendered prior to the act of 1871, and particularly considering the status of the very tribe of Indians affected by the present litigation, the court commented upon a declaration made in a previous decision that this Government had "admitted, by the most solemn sanction, the existence of the Indians as a separate and distinct people, and as being invested with rights which constitute them a state, or separate community." It was observed of this declaration that it fell "far short of saying that they are a sovereign State, with no superior within the limits of its territory." Considering the treaty of 1835 with the Cherokee Nation, under which it is now claimed, on behalf of the appellants, that the Cherokees became vested with the sole control over the lands ceded to them, the court observed (p. 485):

By the treaty of New Echota, 1835, the United States covenanted and agreed that the lands ceded to the Cherokee Nation should at no future time, without their consent, be included within the territorial limits or jurisdiction of any State or Territory, and that the Government would secure to that nation "the right by their national councils to make and carry into effect all such laws as they may deem necessary for the government of the persons and property within their own country, belonging to their people or such persons as have connected themselves with them;" and, by the treaties of Washington, 1846 and 1866, the United States guaranteed to the Cherokees the title and possession of their lands and jurisdiction over their country. (Revision of Indian Treaties, pp. 65, 79, 85.) But neither these nor any previous treaties evinced any intention upon the part of the Government to discharge them from their condition of pupillage or dependency, and constitute them a separate, independent, sovereign people, with no superior within its limits.

It results, then, from the doctrine of the decisions of this court that the demurrer was properly sustained, because of the fact that the matters named in the bill were matters of administration, to which the act of June 28 was applicable, and they were solely cognizable by the executive department of the Government. The decision in *Stephens v. Cherokee Nation* (174 U. S., 445) is particularly in point, as that case involved the validity of the very act under consideration, and the precedent correlative legislation, wherein the United States practically assumed the full control over the Cherokees, as well as the other nations constituting the Five Civilized Tribes, and took upon itself the determination of membership in the tribes for the purpose of adjusting their rights in the tribal property. The plenary power of control by Congress over the Indian tribes and its undoubted power to legislate, as it had done through the act of 1898, directly for the protection of the tribal property, was in that case reaffirmed.

Thus, in the course of its opinion, after alluding to the legislation concerning the Dawes Commission, the court said:

It may be remarked that the legislation seems to recognize, especially the act of June 28, 1898, a distinction between admission to citizenship merely and the distribution of property to be subsequently made, as if there might be circumstances under which the right to a share in the latter would not necessarily follow from the concession of the former. But in any aspect, we are of opinion that the constitutionality of the acts in respect of the determination of citizenship can not be successfully assailed on the ground of the impairment or destruction of vested rights. The lands and moneys of these tribes are public lands and public moneys, and are not held in individual ownership, and the assertion by any particular applicant that his right therein is so vested as to preclude inquiry into his status involves a contradiction in terms.

The holding that Congress had power to provide a method for determining membership in the Five Civilized Tribes, and for ascertaining the citizenship thereof preliminary to a division of the property of the tribe among its members, necessarily involved the further holding that Congress was vested with authority to adopt measures to make the tribal property productive and secure therefrom an income for the benefit of the tribe.

Whatever title the Indians have is in the tribe and not in the individuals, although held by the tribe for the common use and equal benefit of all the members. (The Cherokee Trust Funds, 117 U. S., 288, 308.) The manner in which this land is held is described in *Cherokee Nation v. Journeycake* (155 U. S., 196, 207), where this court, referring to the treaties and the patent mentioned in the bill of complaint herein, said:

Under these treaties, and in December, 1838, a patent was issued to the Cherokees for these lands. By that patent whatever of title was conveyed was conveyed to the Cherokees as a nation, and no title was vested in severalty in the Cherokees, or any of them.

There is no question involved in this case as to the taking of property; the authority which it is proposed to exercise, by virtue of the act of 1898, has relation merely to the control and development of the tribal property, which still remains subject to the administrative control of the Government, even though the members of the tribe have been invested with the status of citizenship under recent legislation.

We are not concerned in this case with the question whether the act of June 28, 1898, and the proposed action thereunder, which is complained of, is or is not wise, and calculated to operate beneficially to the interests of the Cherokees. The power existing in Congress to administer upon and guard the tribal property, and the power being political and administrative in its nature, the manner of its exercise is a question within the province of the legislative branch to determine, and is not one for the courts.

Affirmed.

DECISION IN THE CASE OF LONE WOLF.

SUPREME COURT OF THE UNITED STATES.

No. 275.—October term, 1902.

Lone Wolf, principal chief of the Kiowas, et al., appellants, v. Ethan A. Hitchcock, Secretary of the Interior, et al.

Appeal from the court of appeals of the District of Columbia.

[January 5, 1903.—187 U. S., 553.]

In 1867 a treaty was concluded with the Kiowa and Comanche tribes of Indians, and such other friendly tribes as might be united with them, setting apart a reservation for the use of such Indians. By a separate treaty the Apache tribe of Indians was incorporated with the two former named and became entitled to share in the benefits of the reservation. (15 Stat., 581, 589.)

The first-named treaty is usually called the Medicine Lodge treaty. By the sixth article thereof it was provided that heads of families might select a tract of land within the reservation, not exceeding 320 acres in extent, which should thereafter cease to be

held in common, and should be for the exclusive possession of the Indian making the selection, so long as he or his family might continue to cultivate the land. The twelfth article of the treaty was as follows:

ART. 12. No treaty for the cession of any portion or part of the reservation herein described, which may be held in common, shall be of any validity or force as against the said Indians, unless executed and signed by at least three-fourths of all the adult male Indians occupying the same, and no cession by the tribe shall be understood or construed in such manner as to deprive, without his consent, any individual member of the tribe of his rights to any tract of land selected by him as provided in Article III (VI) of this treaty.

The three tribes settled under the treaties upon the described land. On October 6, 1892, 456 male adult members of the confederated tribes signed, with three commissioners representing the United States, an agreement concerning the reservation. The Indian agent, in a certificate appended to the agreement, represented that there were then 562 male adults in the three tribes. (Senate Ex. Doc. No. 27, Fifty-second Congress, second session, p. 17.) Four hundred and fifty-six male adults therefore constituted more than three-fourths of the certified number of total male adults in the three tribes. In form the agreement was a proposed treaty, the terms of which, in substance, provided for a surrender to the United States of the rights of the tribes in the reservation, for allotments out of such lands to the Indians in severalty, the fee-simple title to be conveyed to the allottees or their heirs after the expiration of twenty-five years, and the payment or setting apart for the benefit of the tribes of \$2,000,000 as the consideration for the surplus of land over and above the allotments which might be made to the Indians. It was provided that sundry named friends of the Indians (among such persons being the Indian agent and an army officer) "should each be entitled to all the benefits, in land only, conferred under this agreement, the same as if members of said tribes." Eliminating 350,000 acres of mountainous land, the quantity of surplus lands suitable for farming and grazing purposes was estimated at 2,150,000 acres. Concerning the payment to be made for these surplus lands, the Commission, in their report to the President announcing the termination of the negotiations, said (Senate Ex. Doc. No. 17, Fifty-second Congress, second session):

In this connection it is proper to add that the Commission agreed with the Indians to incorporate the following in their report, which is now done:

The Indians upon this reservation seem to believe (but whether from an exercise of their own judgment or from the advice of others the Commission can not determine) that their surplus land is worth \$2,500,000, and Congress may be induced to give them that much for it. Therefore, in compliance with their request, we report that they desire to be heard through an attorney and a delegation to Washington upon that question, the agreement signed, however, to be effective upon ratification, no matter what Congress may do with their appeal for the extra half million dollars.

In transmitting the agreement to the Secretary of the Interior the Commissioner of Indian Affairs said:

The price paid, while considerably in excess of that paid to the Cheyennes and Arapahoes, seems to be fair and reasonable both to the Government and the Indians, the land being, doubtless, of better quality than that in the Cheyenne and Arapahoe reservation.

Attention was directed to the provision in the agreement in favor of the Indian agent and an army officer, and it was suggested that to permit them to avail thereof would establish a bad precedent.

Soon after the signing of the foregoing agreement it was claimed by the Indians that their assent had been obtained by fraudulent misrepresentations of its terms by the interpreters, and it was asserted that the agreement should not be held binding upon the tribes because three-fourths of the adult male members had not assented thereto, as was required by the twelfth article of the Medicine Lodge treaty.

Obviously, in consequence of the policy embodied in section 2079 of the Revised Statutes, departing from the former custom of dealing with Indian affairs by treaty and providing for legislative action on such subjects, various bills were introduced in both Houses of Congress designed to give legal effect to the agreement made by the Indians in 1892. These bills were referred to the proper committee, and before such committees the Indians presented their objections to the propriety of giving effect to the agreement. (House Doc. No. 431, Fifty-fifth Congress, second session.) In 1898 the Committee on Indian Affairs of the House of Representatives unanimously reported a bill for the execution of the agreement made with the Indians. The report of the committee recited that a favorable conclusion had been reached by the com-

mittee "after the fullest hearings from delegations of the Indian tribes and all parties at interest." (House Doc. No. 419, Fifty-sixth Congress, first session, p. 5.)

The bill thus reported did not exactly conform to the agreement as signed by the Indians. It modified the agreement by changing the time for making the allotments, and it also provided that the proceeds of the surplus lands remaining after allotments to the Indians should be held to await the judicial decision of a claim asserted by the Choctaw and Chickasaw tribes of Indians to the surplus lands. This claim was based upon a treaty made in 1866, by which the two tribes ceded the reservation in question, it being contended that the lands were impressed with a trust in favor of the ceding tribes, and that whenever the reservation was abandoned so much of it as was not allotted to the confederated Indians of the Comanche, Kiowa, and Apache tribes reverted to the Choctaws and Chickasaws.

The bill just referred to passed the House of Representatives on May 16, 1898. (Thirty-first Congress, Rec., p. 4947.) When the bill reached the Senate, that body, on January 25, 1899, adopted a resolution calling upon the Secretary of the Interior for information as to whether the signatures attached to the agreement comprised three-fourths of the male adults of the tribes. In response the Secretary of the Interior informed the Senate, under date of January 28, 1899, that the records of the Department "failed to show a census of these Indians for the year 1892," but that "from a roll used in making a payment to them in January and February, 1893, it appeared that there were 725 males over 18 years of age, of whom 639 were 21 years and over." The Secretary further called attention to the fact that by the agreement of 1892 a right of selection was conferred upon each member of the tribes over 18 years of age, and observed:

If 18 years and over be held to be the legal age of those who were authorized to sign the agreement, the number of persons who actually signed was 87 less than three-fourths of the adult male membership of the tribes; and if 21 years be held to be the minimum age, then 23 less than three-fourths signed the agreement. In either event less than three-fourths of the male adults appear to have so signed.

With this information before it, the bill was favorably reported by the Committee on Indian Affairs of the Senate, but did not pass that body.

At the first session of the following Congress (the Fifty-sixth) bills were introduced in both the Senate and House of Representatives substantially like that which has just been noticed. (S. 1352; H. R. 905.)

In the meanwhile, about October, 1899, the Indians had, at a general council, at which 571 male adults of the tribes purported to be present, protested against the execution of the provisions of the agreement of 1892, and adopted a memorial to Congress, praying that that body should not give effect to the agreement. This memorial was forwarded to the Secretary of the Interior by the Commissioner of Indian Affairs with lengthy comments, pointing out the fact that the Indians claimed that their signatures to the agreement had been procured by fraud and that the legal number of Indians had not signed the agreement, and that the previous bills and bills then pending contemplated modification of the agreement in important particulars without the consent of the Indians. This communication from the Commissioner of Indian Affairs, together with the memorial of the Indians, were transmitted by the Secretary of the Interior to Congress. (Senate Doc. No. 76, House Doc. No. 333. Fifty-sixth Congress, first session.) Attention was called to the fact that, although by the agreement of October 6, 1892, one-half of each allotment was contemplated to be agricultural land, there was only sufficient agricultural land in the entire reservation to average 30 acres per Indian. After setting out the charges of fraud and complaints respecting the proposed amendments designed to be made to the agreement, as above stated, particular complaint was made of the provision in the agreement of 1892 as to allotments in severalty among the Indians of lands for agricultural purposes. After reciting that the tribal lands were not adapted to such purposes, but were suitable for grazing, the memorial proceeded as follows:

We submit that the provision for lands to be allotted to us under this treaty are insufficient, because it is evident we can not, on account of the climate of our section, which renders the maturity of crops uncertain, become a successful farming community; that we, or whoever else occupies these lands, will have to depend upon the cattle industry for revenue and support. And we therefore pray, if we can not be granted the privilege of keeping our reservation under the treaty made with us in 1868, and known as the Medicine Lodge treaty, that authority be granted for the consideration of a new treaty that will make the allowance of land to be allotted to us sufficient for us to graze upon it enough stock cattle, the increase from which we can market for support of ourselves and families.

With the papers just referred to before it, the House Committee on Indian Affairs, in February, 1900, favorably reported a bill to give effect to the agreement of 1892.

On January 19, 1900, an act was passed by the Senate, entitled "An act to ratify an agreement made with the Indians of the Fort Hall Indian Reservation in Idaho, and making an appropriation to carry the same into effect." In February, 1900, the House Committee on Indian Affairs, having before it the memorial of the Indians transmitted by the Secretary of the Interior, and also having for consideration the Senate bill just alluded to, reported that bill back to the House favorably, with certain amendments. (House Doc. No. 419, Fifty-sixth Congress, first session.) One of such amendments consisted in adding to the bill in question, as section 6, a provision to execute the agreement made with the Kiowa, Comanche, and Apache Indians in 1892. Although the bill thus reported embodied the execution of the agreement last referred to, the title of the bill was not changed, and consequently referred only to the execution of the agreement made with the Indians of the Fort Hall Reservation in Idaho. The provisions thus embodied in section 6 of the bill in question substantially conformed to those contained in the bill which had previously passed the House, except that the previous enactment on this subject was changed so as to do away with the necessity for making to each Indian one-half of his allotment in agricultural land and the other half in grazing land. In addition a clause was inserted in the bill providing for the setting apart of a large amount of grazing land to be used in common by the Indians. The provision in question was as follows:

That in addition to the allotment of lands to said Indians as provided for in this agreement, the Secretary of the Interior shall set aside for the use in common for said Indian tribes 480,000 acres of grazing lands, to be selected by the Secretary of the Interior, either in one or more tracts as will best subserve the interest of said Indians.

The provision of the agreement in favor of the Indian agent and army officer was also eliminated.

The bill, moreover, exempted the money consideration for the surplus lands from all claims for Indian depredations, and expressly provided that in the event the claim of the Choctaws and Chickasaws was ultimately sustained, the consideration referred to should be subject to the further action of Congress. In this bill, as in previous ones, provision was made for allotments to the Indians, the opening of the surplus land for settlement, etc. The bill became a law by concurrence of the Senate in the amendments adopted by the House as just stated.

Thereafter, by acts approved on January 4, 1901 (chap. 8, 31 Stat., 727), March 3, 1901 (chap. 832, 31 Stat., 1078), and March 3, 1901 (chap. 846, 31 Stat., 1093), authority was given to extend the time for making allotments and opening of the surplus land for settlement for a period not exceeding eight months from December 6, 1900; appropriations were made for surveys in connection with allotments and setting apart of grazing lands; and authority was conferred to establish counties and county seats, town sites, etc., and proclaim the surplus lands open for settlement by white people.

On June 6, 1901, a bill was filed on the equity side of the supreme court of the District of Columbia, wherein Lone Wolf (one of the appellants herein) was named as complainant, suing for himself as well as for all other members of the confederated tribes of the Kiowa, Comanche, and Apache Indians, residing in the Territory of Oklahoma. The present appellees (the Secretary of the Interior, the Commissioner of Indian Affairs, and the Commissioner of the General Land Office) were made respondents to the bill. Subsequently, by an amendment to the bill, members of the Kiowa, Comanche, and Apache tribes were joined with Lone Wolf as parties complainant.

The bill recited the establishing and occupancy of the reservation in Oklahoma by the confederated tribes of Kiowa, Comanche, and Apaches, the signing of the agreement of October 6, 1892, and the subsequent proceedings which have been detailed, culminating in the passage of the act of June 6, 1900, and the acts of Congress supplementary to said act. In substance it was further charged in the bill that the agreement had not been signed as required by the Medicine Lodge treaty—that is, by three-fourths of the male adult members of the tribe, and that the signatures thereto had been obtained by fraudulent misrepresentations and concealment, similar to those recited in the memorial signed at the 1899 council.

In addition to the grievance previously stated in the memorial, the charge was made that the interpreters falsely represented, when the said treaty was being considered by the Indians, that the treaty provided "for the sale of their surplus lands at some time in the future at the price of \$2.50 per acre;" whereas, in truth and in fact, "by the terms of said treaty, only \$1 an acre is allowed for said surplus lands," which sum, it was charged, was an amount far below the real value of said lands. It was also averred that portions of the signed agreement had been changed by Congress without submitting such changes to the Indians for their consideration. Based upon the foregoing allegations, it was alleged that so much of said act of Congress of June 6, 1900, and so much of said acts supplementary thereto and amendatory thereof as provided for the taking effect of said agreement, the allotment of certain lands mentioned therein to members of said Indian tribes, the surveying, laying out, and platting town sites and locating county seats on said lands, and the ceding to the United States and the opening to settlement by white men of 2,000,000 acres of said lands, were enacted in violation of the property rights of the said Kiowa, Comanche, and Apache Indians, and if carried into effect would deprive said Indians of their lands without due process of law, and that said parts of said acts were contrary to the Constitution of the United States, and were void, and conferred no right, power, or duty upon the respondents to do or perform any of the acts or things enjoined or required by the acts of Congress in question. Alleviating the intention of the respondents to carry into effect the aforesaid claimed unconstitutional and void acts, and asking discovery by answers to interrogatories propounded to the respondents, the allowance of a temporary restraining order and a final decree awarding a perpetual injunction was prayed, to restrain the commission by the respondents of the alleged unlawful acts by them threatened to be done. General relief was also prayed.

On January 6, 1901, a rule to show cause why a temporary injunction should not be granted was issued. In response to this rule an affidavit of the Secretary of the Interior was filed, in which, in substance, it was averred that the complainant (Lone Wolf) and his wife and daughter had selected allotments under the act of June 6, 1900, and the same had been approved by the Secretary of the Interior, and that all other members of the tribes, excepting twelve, had also accepted and retained allotments in severalty, and that the greater part thereof had been approved before the bringing of this suit. It was also averred that the 480,000 acres of grazing land provided to be set apart in the act of June 6, 1900, for the use by the Indians in common, had been so set apart prior to the institution of the suit, "with the approval of a council composed of chiefs and headmen of said Indians." Thereupon an affidavit verified by Lone Wolf was filed, in which, in effect, he denied that he had accepted an allotment of lands under the act of June 6, 1900, and the acts supplementary to and amendatory thereof. Thereafter, on June 17, 1901, leave was given to amend the bill, and the same was amended, as heretofore stated, by adding additional parties complainant and by providing a substituted first paragraph of the bill, in which was set forth, among other things, that the three tribes, at a general council held on June 7, 1901, had voted to institute all legal and other proceedings necessary to be taken to prevent the carrying into effect of the legislation complained of.

The supreme court of the District, on June 21, 1901, denied the application for a temporary injunction. The cause was thereafter submitted to the court on a demurrer to the bill as amended. The demurrer was sustained, and the complainants electing not to plead further, on June 26, 1901, a decree was entered in favor of the respondents. An appeal was thereupon taken to the court of appeals of the District. While this appeal was pending the President issued a proclamation, dated July 4, 1901 (32 Stat., Appx. Proclamations, 11), in which it was ordered that the surplus lands ceded by the Comanche, Kiowa, and Apache, and other tribes of Indians, should be opened to entry and settlement on August 6, 1901. Among other things it was recited in the proclamation that all the conditions required by law to be performed prior to the opening of the lands to settlement and entry had been performed. It was also therein recited that, in pursuance of the act of Congress ratifying the agreement, allotments of land in severalty had been regularly made to each member of the Comanche, Kiowa, and Apache tribes of Indians; the lands occupied by religious societies or other organizations for religious or educational work among the Indians had been regularly allotted and confirmed to such societies and organizations, respectively; and the Secretary of the Interior, out of the lands ceded by the agreement, and regularly selected and set

aside for the use in common for said Comanche, Kiowa, and Apache tribes of Indians 480,000 acres of grazing lands.

The court of appeals (without passing on a motion which had been made to dismiss the appeal) affirmed the decree of the court below, and overruled a motion for reargument. (19 App. D. C., 315.) An appeal was allowed, and the decree of affirmance is now here for review.

Mr. Justice WHITE, after making the foregoing statement, delivered the opinion of the court.

By the sixth article of the first of the two treaties referred to in the preceding statement, proclaimed on August 25, 1868 (15 Stat., 581), it was provided that heads of families of the tribes affected by the treaty might select, within the reservation, a tract of land of not exceeding 320 acres in extent, which should thereafter cease to be held in common, and should be for the exclusive possession of the Indian making the selection, so long as he or his family might continue to cultivate the land. The twelfth article reads as follows:

ARTICLE 12. No treaty for the cession of any portion or part of the reservation herein described which may be held in common shall be of any validity or force as against the said Indians, unless executed and signed by at least three-fourths of all the adult male Indians occupying the same, and no cession by the tribe shall be understood or construed in such manner as to deprive, without his consent, any individual member of the tribe of his rights to any tract of land selected by him as provided in Article III (VI) of this treaty.

The appellants base their right to relief on the proposition that by the effect of the article just quoted the confederated tribes of Kiowa, Comanche, and Apache were vested with an interest in the lands held in common within the reservation, which interest could not be divested by Congress in any other mode than that specified in the said twelfth article, and that as a result of the said stipulation the interest of the Indians in the common lands fell within the protection of the fifth amendment to the Constitution of the United States, and such interest—indirectly at least—came under the control of the judicial branch of the Government. We are unable to yield our assent to this view.

The contention, in effect, ignores the status of the contracting Indians and the relation of dependency they bore and continue to bear toward the Government of the United States. To uphold the claim would be to adjudge that the indirect operation of the treaty was to materially limit and qualify the controlling authority of Congress in respect to the care and protection of the Indians, and to deprive Congress, in a possible emergency, when the necessity might be urgent for a partition and disposal of the tribal lands, of all power to act if the assent of the Indians could not be obtained.

Now, it is true that in decisions of this court the Indian right of occupancy of tribal lands, whether declared in a treaty or otherwise created, has been stated to be sacred, or, as sometimes expressed, as sacred as the fee of the United States in the same lands. (*Johnson v. McIntosh* (1823), 8 Wheat., 543, 574; *Cherokee Nation v. Georgia* (1831), 5 Pet., 1, 48; *Worcester v. Georgia* (1832), 6 Pet., 515, 581; *United States v. Cook* (1873), 19 Wall., 591, 592; *Leavenworth, etc., Railroad Company v. United States* (1875), 92 U. S., 733, 755; *Beecher v. Wetherby* (1877), 95 U. S., 525.) But in none of these cases was there involved a controversy between Indians and the Government respecting the power of Congress to administer the property of the Indians. The questions considered in the cases referred to, which either directly or indirectly had relation to the nature of the property rights of the Indians, concerned the character and extent of such rights as respected States or individuals. In one of the cited cases it was clearly pointed out that Congress possessed a paramount power over the property of the Indians by reason of its exercise of guardianship over their interests, and that such authority might be implied, even though opposed to the strict letter of a treaty with the Indians. Thus, in *Beecher v. Wetherby* (95 U. S., 525), discussing the claim that there had been a prior reservation of land by treaty to the use of a certain tribe of Indians, the court said (p. 525):

But the right which the Indians held was only that of occupancy. The fee was in the United States, subject to that right, and could be transferred by them whenever they chose. The grantee, it is true, would take only the naked fee, and could not disturb the occupancy of the Indians; that occupancy could only be interfered with or determined by the United States. It is to be presumed that in this

matter the United States would be governed by such considerations of justice as would control a Christian people in their treatment of an ignorant and dependent race. Be that as it may, the propriety or justice of their action toward the Indians with respect to their lands is a question of governmental policy, and is not a matter open to discussion in a controversy between third parties, neither of whom derives title from the Indians.

Plenary authority over the tribal relations of the Indians has been exercised by Congress from the beginning, and the power has always been deemed a political one, not subject to be controlled by the judicial department of the Government. Until the year 1871 the policy was pursued of dealing with the Indian tribes by means of treaties, and of course a moral obligation rested upon Congress to act in good faith in performing the stipulations entered into on its behalf. But, as with treaties made with foreign nations (Chinese Exclusion Cases, 130 U. S., 581, 600), the legislative power might pass laws in conflict with treaties made with the Indians. (Thomas v. Gay, 169 U. S., 264, 270; Ward v. Race Horse, 163 U. S., 504, 511; Spalding v. Chandler, 160 U. S., 394, 405; Missouri, Kansas and Texas Ry. Co. v. Roberts, 152 U. S., 114, 117; The Cherokee Tobacco, 11 Wall., 616.)

The power exists to abrogate the provisions of an Indian treaty, though presumably such power will be exercised only when circumstances arise which will not only justify the Government in disregarding the stipulations of the treaty, but may demand, in the interest of the country and the Indians themselves, that it should do so. When, therefore, treaties were entered into between the United States and a tribe of Indians it was never doubted that the power to abrogate existed in Congress, and that in a contingency such power might be availed of from considerations of governmental policy, particularly if consistent with perfect good faith toward the Indians. In *United States v. Kagama* (1885), 118 U. S., 375, speaking of the Indians, the court said (p. 382):

After an experience of a hundred years of the treaty-making system of government Congress has determined upon a new departure,—to govern them by acts of Congress. This is seen in the act of March 3, 1871, embodied in section 2079 of the Revised Statutes: "No Indian nation or tribe within the territory of the United States shall be acknowledged or recognized as an independent nation, tribe, or power with whom the United States may contract by treaty; but no obligation of any treaty lawfully made and ratified with any such Indian nation or tribe prior to March third, eighteen hundred and seventy-one, shall be hereby invalidated or impaired."

In upholding the validity of an act of Congress which conferred jurisdiction upon the courts of the United States for certain crimes committed on an Indian reservation within a State, the court said (p. 383):

It seems to us that this is within the competency of Congress. These Indian tribes are the wards of the nation. They are communities dependent on the United States; dependent largely for their daily food; dependent for their political rights. They owe no allegiance to the States, and receive from them no protection. Because of the local ill feeling the people of the States where they are found are often their deadliest enemies. From their very weakness and helplessness, so largely due to the course of dealing of the Federal Government with them and the treaties in which it has been promised, there arises the duty of protection, and with it the power. This has always been recognized by the Executive and by Congress, and by this court, whenever the question has arisen.

* * * * *

The power of the General Government over these remnants of a race once powerful, now weak and diminished in numbers, is necessary to their protection, as well as to the safety of those among whom they dwell. It must exist in that Government, because it never has existed anywhere else; because the theater of its exercise is within the geographical limits of the United States; because it has never been denied, and because it alone can enforce its laws on all the tribes.

That Indians who had not been fully emancipated from the control and protection of the United States are subject, at least so far as the tribal lands were concerned, to be controlled by direct legislation of Congress is also declared in *Choctaw Nation v. United States* (119 U. S., 1, 27) and *Stephens v. Choctaw Nation* (174 U. S., 445, 483).

In view of the legislative power possessed by Congress over treaties with the Indians and Indian tribal property we may not specially consider the contentions pressed upon our notice that the signing by the Indians of the agreement of October 6, 1892, was obtained by fraudulent misrepresentations and concealment; that the requisite three-fourths of adult male Indians had not signed, as required by the twelfth article of the treaty of 1867, and that the treaty as signed had been amended by Congress without submitting such amendments to the action of the Indians, since all these matters, in any event, were solely within the domain of the legislative authority, and its action is conclusive upon the courts.

The act of June 6, 1900, which is complained of in the bill, was enacted at a time when the tribal relations between the confederated tribes of Kiowas, Comanches, and Apaches still existed, and that statute and the statutes supplementary thereto dealt with the disposition of tribal property and purported to give an adequate consideration for the surplus lands not allotted among the Indians or reserved for their benefit. Indeed, the controversy which this case presents is concluded by the decision in *Cherokee Nation v. Hitchcock* (187 U. S., 294), decided at this term, where it was held that full administrative power was possessed by Congress over Indian tribal property. In effect, the action of Congress now complained of was but an exercise of such power, a mere change in the form of investment of Indian tribal property, the property of those who, as we have held, were in substantial effect the wards of the Government. We must presume that Congress acted in perfect good faith in the dealings with the Indians of which complaint is made, and that the legislative branch of the Government exercised its best judgment in the premises. In any event, as Congress possessed full power in the matter, the judiciary can not question or inquire into the motives which prompted the enactment of this legislation. If injury was occasioned, which we do not wish to be understood as implying, by the use made by Congress of its power, relief must be sought by an appeal to that body for redress and not to the courts. The legislation in question was constitutional, and the demurrer to the bill was therefore rightly sustained.

The motion to dismiss does not challenge jurisdiction over the subject-matter. Without expressly referring to the propositions of fact upon which it proceeds, suffice it to say that we think it need not be further adverted to, since, for the reasons previously given and the nature of the controversy, we think the decree below should be affirmed.

And it is so ordered.

Mr. Justice Harlan concurs in the result.
